Treasures like these in New York City--where it often seems the best things are reserved for the wealthy--can now be yours, thanks to New York Times House and Home reporter Tracie Rozhon, a bona fide expert on how to live the good life in Gotham. In **The Cheapskate Millionaire's Guide to Bargain Hunting in the Big Apple**, Rozhon shares her most closely held shopping secrets with the reader. She knows New York bargains inside and out, from the Lower East Side to suburban outlet stores, from estate sales to flea markets. Each chapter of her informative book concludes with an extensive listing of sources and services--complete with names, addresses, and phone numbers--and is loaded with great ideas on how you can find deals in clothes and jewelry (dream coats, designer labels, furs, diamonds, pearls) home furnishings (couches, chairs, rugs, draperies, fabrics, antiques, lamps, wallpaper) apartments, co-ops, and condos (buying and renting) home renovation (paint, lumber, hardware, bathroom fixtures, cabinets, appliances) food (gourmet

groceries, caviar, coffee, wine, restaurant meals) nightlife (entertainment, clubs, bars) More than just a bargain hunter's guide, this book is a bargain hunter's dream. The Stardust in My Soulbones Rebekka Kaur,2020-05-11 This book compiles poems written by a person who believes that the sky is not the limit; it never was. It is an expression of the distance traveled by the words between the home built by the human race here and the interstellar forces swarming around the Cosmos. So, the writer has nicely captured the words dipped in stardust and wisdom into beautiful poetries to make you envision beyond the mundane existence of daily life. It will take you to places covered

in the space dust that you have accumulated while traveling to different places in this milky way and beyond. The poems will make you see that you are much more than the bones and blood and tissues and this world is much more than your eyes can see. Just like a spell, the words in the poems might make you see the extraordinary you, living under the human skin and also, might set you in the direction which will take you to places that are left unseen and unnoticed by the analytical mind of yours. These poems are more like chants that the writer happened to capture for you to read; so that you have something to look upon, the next time you look up in the sky. It's for you to look at what is hiding in the upper layers of the atmosphere of this blue gem. Sometimes, you just need the eyes to look at what's up there and if you don't have them, even standing on the surface of the moon won't seem magical to you. I hope these poems will give you that kind of light to your eyes.

Creep Myriam Gurba, 2023-09-05 “Quite simply one of the best books of the decade.” —Los Angeles Review of Books * “The mother of intersectional Latinx identity.” —Cosmopolitan * “Essential reading, a California classic.” —Rachel Kushner, author of *The Flamethrowers* * “Witty, confident, and effortlessly provocative.” —The Philadelphia Inquirer * “The most fearless writer in America.” —Luis Alberto Urrea, Pulitzer Prize finalist and author of *Good Night, Irene* A ruthless and razor-sharp essay collection that tackles the pervasive, creeping oppression and toxicity that has wormed its way into society—in our books, schools, and homes, as well as the systems that perpetuate them—from the acclaimed author of *Mean*, and one of our fiercest, foremost explorers of intersectional Latinx identity. A creep can be a singular figure, a villain who makes things go bump in the night. Yet creep is also what the fog does—it lurks into place to do its dirty work, muffling screams, obscuring the truth, and providing cover for those prowling within it. *Creep* is Myriam Gurba’s informal sociology of creeps, a deep dive into the dark recesses of the toxic traditions that plague the United States and create the abusers who haunt our books, schools, and homes. Through cultural criticism disguised as personal essay, Gurba studies the ways in which oppression is collectively enacted, sustaining ecosystems that unfairly distribute suffering and premature death to our most vulnerable. Yet identifying individual creeps, creepy social groups, and creepy cultures is only half of this book’s project—the other half is examining how we as individuals, communities, and institutions can challenge creeps and rid ourselves of the fog that seeks to blind us. With her ruthless mind, wry humor, and adventurous style, Gurba implicates everyone from Joan Didion to her former abuser, everything from Mexican stereotypes to the carceral state. Braiding her own history and

identity throughout, she argues for a new way of conceptualizing oppression, and she does it with her signature blend of bravado and humility.

In Pursuit of Beauty Metropolitan Museum of Art (New York, N.Y.), 1986 This project is the first comprehensive study of a phenomenon that not only dominated the American arts of the 1870s and 1880s, but also helped set the course of such later developments in the United States as the Arts and Crafts movement, the indigenous interpretation of Art Nouveau, and even the rise of modernism. In fact, the early history of the

Metropolitan--its founding, its sponsorship of a school of industrial design, and its display of decorative works--is inextricably tied to the Aesthetic movement and its educational goals. In Pursuit of Beauty: Americans and the Aesthetic Movement comprised some 175 objects including furniture, metalwork, stained glass, ceramics, textiles, wallpaper, painting, and sculpture. Some of these had rarely been displayed; others, although familiar, were being shown in new and even startling contexts. The exhibition and catalogue are arranged thematically to illustrate both the major styles of a visually rich movement and the ideas that generated its diversity--From publisher's description.
