Reality Is Broken Jane McGonigal,2011-01-20 "McGonigal is a clear, methodical writer, and her ideas are well argued. Assertions are backed by countless psychological studies." —The Boston Globe "Powerful and provocative . . . McGonigal makes a persuasive case that

games have a lot to teach us about how to make our lives, and the world, better." —San Jose Mercury News "Jane McGonigal's insights have the elegant, compact, deadly simplicity of plutonium, and the same explosive force." —Cory Doctorow, author of Little Brother A visionary game designer reveals how we can harness the power of games to boost global happiness. With 174 million gamers in the United States alone, we now live in a world where every generation will be a gamer generation. But why, Jane McGonigal asks, should games be used for escapist entertainment alone? In this groundbreaking book, she shows how we can leverage the power of games to fix what is wrong with the real world-from social problems like depression and obesity to global issues like poverty and climate change-and introduces us to cutting-edge games that are already changing the business, education, and nonprofit worlds. Written for gamers and non-gamers alike, Reality Is Broken shows that the future will belong to those who can understand, design, and play games. Jane McGonigal is also the author of SuperBetter: A Revolutionary Approach to Getting Stronger, Happier, Braver and More Resilient.

Stein,Indira N Hoch,2020-10-26 This book takes an extensive look at the many different types of users and cultures that comprise the popular social media platform Tumblr. Perfect for those unfamiliar with the platform as well as those who grew up on it, this volume contains essays and artwork that span many different topics: fandom; platform structure and design; race, gender and sexuality, including queer and trans identities; aesthetics; disability and mental health; and social media privacy and ethics. An entire generation of young people that is now beginning to influence mass culture and politics came of age on Tumblr, and this volume is an indispensable guide to the many ways this platform works.

Baby Girl: Better Known as Aaliyah Kathy Iandoli,2022-08-23 By twenty-two years old, Aaliyah had already accomplished a staggering amount: hit records, acclaimed acting roles, and fame that was just about to cross over into superstardom. Like her song, she was already more than a woman but her shocking death in a plane crash prevented her from fully growing into one. Now, two decades later, the full story of Aaliyah's life and cultural impact is finally and lovingly revealed. Baby Girl features never-before-told stories, including studio anecdotes, personal tales, and eyewitness accounts on the events leading up to her untimely passing. Her enduring influence on today's artists--such as Rihanna, Drake, Normani, and many more--is also celebrated, providing Aaliyah's discography a cultural critique that is long overdue. --Provided by publisher.

Does your file management system involve throwing everything on the desktop and then pawing through it laboriously when you need to find something? Do you even have a system? There's a better way. This book helps you organize, search, and clean up the files on your Mac, iPhone, and iPad, providing practical steps and realistic strategies to save time, reduce clutter, and decrease stress.n Apple users have fantastic tools at their disposal for using, creating, and editing files of all kinds, but few of us have any real strategy for naming, organizing, or tagging those files—making them increasingly difficult to find later on.
