Maturin Murray Ballou, an American journalist and author, was known for his travel writings and his ability to vividly describe the places he visited. For readers interested in 19th-century travel literature, historical perspectives on Cuba, and the writings of Maturin Murray Ballou, History of Cuba or Notes of a Traveller in the Tropics serves as a valuable window into the Caribbean island during that period.

Bewitching Development James Howard Smith,2009-10-15 These days, development inspires scant trust in the West. For critics who condemn centralized efforts to plan African societies as latter day imperialism, such plans too closely reflect their roots in colonial rule and neoliberal economics. But proponents of this pessimistic view often ignore how significant this concept has become for Africans themselves. In Bewitching Development, James Howard Smith presents a close ethnographic account of how people in the Taita Hills of Kenya have appropriated and made sense of development thought and practice, focusing on the complex ways that development connects with changing understandings of witchcraft. Similar to magic, development's promise of a better world elicits both hope and suspicion from Wataita. Smith shows that the unforeseen changes wrought by development—greater wealth for some, dashed hopes for many more—foster moral debates that Taita people express in occult terms. By carefully chronicling the beliefs and actions of this diverse community—from frustrated youths to nostalgic seniors, duplicitous preachers to thought-provoking witch doctors—BewitchingDevelopment vividly depicts the social life of formerly foreign ideas and practices in postcolonial Africa.

The Woman Who Had Two Navels and Tales of the Tropical Gothic Nick Joaquin,2017-04-18 Celebrating the centennial of his birth, the first-ever U.S. publication of Philippine writer Nick Joaquin's seminal works, with a foreword by PEN/Open Book Award-winner Gina Apostol A New York Times Book Review Editor's Choice Nick Joaquin is widely considered one of the greatest Filipino writers, but he has remained little-known outside his home country despite writing in English. Set amid the ruins of Manila devastated by World War II, his stories are steeped in the post-colonial anguish and hopes of his era and resonate with the ironic perspectives on colonial history of Gabriel García Márquez and Mario Vargas Llosa. His work meditates on the questions and challenges of the Filipino individual's new freedom after a long history of colonialism, exploring folklore, centuries-old Catholic rites, the Spanish colonial past, magical realism, and baroque splendor and excess. This collection features his best-known story, "The Woman Who Had Two Navels," centered on Philippine emigrants living in Hong Kong and later expanded into a novel, the much-anthologized stories "May Day Eve" and "The Summer Solstice" and a canonic play, A Portrait of the Artist as Filipino. As Penguin Classics previously launched his countryman Jose Rizal to a wide audience, now Joaquin will find new readers with the first American collection of his work. Introduction and Suggestions for Further Reading by Vicente L. Rafael For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Tropical Colors Sakul Intakul,Wongvipa Devahastin Na Ayudhya,2012-10-30 In this stunning book, renowned Thai floral artist Sakul Intakul combines colorful tropical flowers, exotic foliage and other unusual design materials in refreshingly original floral displays suitable for any occasion and any setting. Photographed in the spectacular, contemporary homes of Thailand's leading artists, designers and professionals, the simple but imaginative floral displays evoke the essence of a modern Asian style. This refreshingly original book goes beyond the everyday—elevating tropical flowers from mere floral arrangements to meditative floral art installations that serve as dramatic design centerpieces in contemporary tropical homes. Created from a combination of exotic and colorful tropical flowers, plant materials—fibers and leaves from the banana and coconut, twigs from the bamboo—and other less orthodox materials like wire netting, the arrangements harmoniously blend a strong, usually three-dimensional structure with the sweet and subtle elements of flowers. Allow Tropical Colors to inspire you, adding a gorgeous Asian flair to your home!

Love and Redemption in the Tropics, Adriana Bardolino,2023-10-27 Adriana Bardolino's spicy memoir finds her out of her element, and missing her happy place. This new world is nothing like the magical tropical island of Maui she left behind. There, her life was filled with love, beauty, art, and romance. Everything goes topsy-turvy when a dear friend's promise dissolves into the humid Miami air. When her new life in Florida turns out to be less than expected, she misses her island home. Life events send her through dark clouds and tumbling tides. Gauguin (Art) keeps Adriana stable through most storms, but eventually even Gauguin deserts her. She floats through the universe without a spacesuit, searching for creativity to return. She visits new lands in hopes of a renewed spark. Adult life forces her to grow up, to learn to forgive herself and others for past mistakes, but there are deep emotional losses along the way. Will Adriana find Gauguin?

Tropical Forests, International Jungle M. Smouts,2003-05-29 Marie-Claude Smouts looks at the issue of rain forest depletion and global environmental policies. Beginning with how the issue entered the world stage in the 1980s despite alarms over the issue in the 1950s, Tropical Forests, International Jungle explores the complexities of what are tropical forests, what role they play not only in environmentalism but in trade, health care, and

almost every facet of natural and social life for those living there and beyond. Although for most in the developed world tropical forests have gained a status of part of our world heritage, these forests are not really part of the global commons or a global public good. Developing nations maintain control over the forests within their borders and often use the forests as they see fit. The international system for mediating the issue is a fractured group of non-governmental organizations and transnational networks, often with competing views of how to manage tropical forests. Despite this seemingly grim picture, Smouts is optimistic. A changing world view toward forest depletion is influencing countries both North and South. Although forests will be used commercially, it is a dynamic process that should maintain them far into the future.

History of Cuba; Or, Notes of a Traveller in the Tropics Maturin Murray Ballou,2014-10-18 The island of Cuba, one of the earliest discoveries of the great admiral, has been known to Europe since 1492, and has borne, successively, the names of Juana, Fernandina, Santiago and Ave Maria, having found refuge at last in the aboriginal appellation. Soon after its discovery by Columbus, it was colonized by Spaniards from St. Domingo, but was considered mainly in the light of a military depôt, by the home government, in its famous operations at that period in Mexico. The fact that it was destined to prove the richest jewel in the Castilian crown, and a mine of wealth to the Spanish treasury, was not dreamed of at this stage of its history. Even the enthusiastic followers of Cortez, who sought that fabulous El Dorado of the New World, had no golden promise to hold forth for this gem of the Caribbean Sea.

Bewitching the Vampire Brooklyn Ann,2023-07-21 The Lord Vampire of New Orleans meets his match in the leader of the local witch coven. Magic is returning to Earth, and Raina Callahan’s witch coven is growing more powerful. She’s been warned to be wary of catching interest from dangerous people, and sure enough, she discovers that someone is following her. Her stalker turns out to be the owner of a vampire-themed club—who really is a vampire. And although he is dead sexy and charming, Raina is not okay with his surveillance or his intent to claim her as his. She will use every means of magic at her disposal to thwart him. Valentin St. Scarasse, Lord Vampire of New Orleans, has a weakness for voluptuous women with magic in their blood. Just when he has his sights set on what promises to be a delicious meal—and maybe a few passionate nights in bed—the Thirteenth Elder commands him to watch over the witch and her coven and keep them safe. But when Raina catches Valentin spying on her, the witch and the vampire embark on a battle of wills that will only end if they surrender to the heat between them. As the Evil One’s cultists invade the city, Raina and Valentin must learn to trust each other and together, help their communities make an alliance that both sides swore would never happen.
