Philippians Bible Study Guide plus Streaming Video Lori Wilhite, 2023-08-08 DISCOVER THE HAPPINESS YOU'VE BEEN CHASING Many of us spend our lives chasing happy through relationships, success, and the next adventure. Yet, we only discover a dryness in our souls. Why? Because we're chasing the wrong kind of happy. We chase temporary happiness instead of the eternal happiness found in Jesus. Sometimes, we wonder if God wants us to be happy. Someone said that God cares more about our holiness than our happiness like the two are disconnected. But what if the pursuit of happiness was adjacent to the pursuit of holiness? The problem isn't that God doesn't want us to be happy. The problem is that we're chasing happy in the wrong things. Happiness is ours when we chase God's joy, His purpose, His unity, His contentment, and His peace. Happy is captured when we chase Him. If you've ever struggled with laying hold of true happiness, this study is for you! Discover the incredible truth that happy isn't found in the circumstances around us, but the power of Jesus in us. This study guide includes: Individual access to six streaming video talks from Lori Group discussion questions and an opening group activity for each session In-depth personal Bible study between sessions Reading plan through the entire book of Philippians Scripture memory cards and coloring pages SESSIONS AND VIDEO RUN TIMES: Chasing Joy (24:00) Chasing Purpose (21:30) Chasing Unity (23:00) Chasing Jesus (21:30) Chasing Peace (21:30) Chasing Contentment (20:00) This study guide has everything you need for a full Bible study experience, including: The study guide itself—with discussion and reflection questions, video notes, and a leader's guide. The Greek and Hebrew Bible Emanuel Tov, 2014-09-03 This volume contains thirty-eight studies devoted to the Septuagint written by an internationally recognised expert on that version and its relation to the Hebrew Bible. The author's experience on these topics is based on more than three decades of work within the Hebrew University Bible Project, the Computer Assisted Tools for Septuagint Studies project, and annual courses on the

Septuagint given at the Hebrew University. These studies, originally published between 1971 and 1997, deal with the following subjects: general topics, lexicography, translation technique and exegesis, the Septuagint and textual and literary criticism of the Hebrew Bible, and the revisions of the Septuagint. All the studies included in this monograph have been revised, expanded, or shortened, in some cases considerably, and they integrate studies which appeared subsequent to the original monographs.

Contextual Frames of Reference in Translation Ernst Wendland,2014-04-08 Bible translation theory and practice rightly tend to focus on the actual text of Scripture. But many diverse, yet interrelated contextual factors also play an important part in the implementation of a successful translation program. The aim of this coursebook is to explore, in varying degrees of detail, a wide range of these crucial situational variables and potential influences, using a multidisciplinary approach to the task. Thus, in order to expand and enrich the field of vision, a progressive study of this complex process of intercultural, interlinguistic communication is carried out according to a set of overlapping sociocultural, organizational and situational cognitive orientations. These contextual factors provide a broader frame of reference for analyzing, interpreting and communicating the original Scriptures in a completely new, contemporary setting of transmission and reception. The three dimensions are then applied in a practical way to explore the dramatic throne-room vision of the Apostle John (Revelation 4-5) with reference to both the original Greek text and also a modern dynamic translation in Chewa, a southeastern Bantu

language of Africa. A variety of exercises and assignments to stimulate critical and creative reflection as well as to illustrate the theoretical development of Contextual Frames of Reference is provided every step of the way. Not only is translation per se discussed, but the teaching and evaluation of translated texts and versions are also considered from several points of view in the final three chapters. An Appendix offers a foundational essay by Professor Lourens de Vries on the subject of primary orality and the influence of this vital factor in the crosscultural communication of the Bible.
