Hunting Big Woods Bucks Hal Blood, 2003-10 If learning how to read deer sign more effectively, understanding the nuances of following a big-buck track, or honing your stalking and general deer-hunting skills are important to you, then this book will become a treasured reference in your deer-hunting library.

Mapping Trophy Bucks Brad Herndon, 2003-09-17 Using Topographic Maps to Find Deer Topographic maps and aerial photos can lead you right to the biggest bucks you've ever seen. You just have to know how to use them. Brad Herndon takes the mystery out of finding deer with maps. Through years of dedicated hunting and careful study of maps and photos, Herndon has perfected the use of maps to find the routes deer travel. And once you know where the deer will be headed you can establish the perfect ambush site. Maps are often the forgotten link in scouting prime deer habitat. Yet because they show you all the hills, gullies, rivers and ridges, you can learn the lay of the land without walking mile after unproductive mile. Maps won't eliminate the need to get in the woods, but they will tell the best places to start your search for the buck of your dreams. Herndon also shows hunters how to use the latest Internet and computer technology to personalize any map. Mark your stand locations, the locations of deer sign, even note the best possible wind direction to make your hunt a success. If you hunt deer, let *Mapping Trophy Bucks* lead you right to where the big boys hide. The rest is up to you.

Big Bucks the Benoit Way Bryce M. Towsley, 2016-04-19 See what it takes to track trophy-sized bucks like the legends do. If there is such a thing as hunting royalty, then the Benoit family is it. They have been raking in trophy-sized bucks since Larry Benoit first began to pioneer his unique tracking methods. As the family grew, so did the Benoit hunting repertoire, expanding beyond simple snow tracking to all-season tracking. Author Bryce M. Towsley had a unique opportunity in the late nineties: to deer hunt with the Benois for an extended period in the deep woods of Maine. He spent time with the Benoit family observing and learning their hunting tactics, techniques, and long-protected secrets. The product of Towsley's inclusion in the Benoit family tradition is *Big Bucks the Benoit Way*. Fully illustrated with Towsley's beautiful, full-color photography and written with his trademark prose and with a new introduction by the author, it tracks his experience following in the footsteps of the great Benoit hunters, learning their craft and sharing it with you. *Big Bucks the Benoit Way* is more than an exploration of the fine art of tracking bucks; it's a glimpse at the heart and beauty of American big-game hunting. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts.
