Don't Hug Doug Carrie Finison, 2021-01-26 Meet Doug, an ordinary kid who doesn't like hugs, in this fun and exuberant story which aims to spark discussions about bodily autonomy and consent--from author Carrie Finison and the #1 New York Times bestselling illustrator of *The World Needs More Purple People*, Daniel Wiseman. Doug doesn't like hugs. He thinks hugs are too squeezezy, too squashy, too squooshy, too smooshy. He doesn't like hello hugs or goodbye hugs, game-winning home run hugs or dropped ice cream cone hugs, and he definitely doesn't like birthday hugs. He'd much rather give a high five--or a low five, a side five, a double five, or a spinny five. Yup, some people love hugs; other people don't. So how can you tell if someone likes hugs or not? There's only one way to find out: Ask! Because everybody gets to decide for themselves whether they want a hug or not.

This Chair Rocks Ashton Applewhite, 2019-03-05
"Wow. This book totally rocks. It arrived on a day when I was in deep confusion and sadness about my age. Everything about it, from my invisibility to my neck. Within four or five wise, passionate pages, I had found insight, illumination, and inspiration. I never use the word empower, but this book has empowered me." —Anne Lamott, New York Times bestselling author Author, activist, and TED speaker Ashton Applewhite has written a rousing manifesto calling for an end to discrimination and prejudice on the basis of age. In our youth obsessed culture, we're bombarded by

media images and messages about the despairs and declines of our later years. Beauty and pharmaceutical companies work overtime to convince people to purchase products that will retain their youthful appearance and vitality. Wrinkles are embarrassing. Gray hair should be colored and bald heads covered with implants. Older minds and bodies are too frail to keep up with the pace of the modern working world and olders should just step aside for the new generation. Ashton Applewhite once held these beliefs too until she realized where this prejudice comes from and the damage it does. Lively, funny, and deeply researched, *This Chair Rocks* traces her journey from apprehensive boomer to pro-aging radical, and in the process debunks myth after myth about late life. Explaining the roots of ageism in history and how it divides and debases, Applewhite examines how ageist stereotypes cripple the way our brains and bodies function, looks at ageism in the workplace and the bedroom, exposes the cost of the all-American myth of independence, critiques the portrayal of elders as burdens to society, describes what an all-age-friendly world would look like, and offers a rousing call to action. It's time to create a world of age equality by making discrimination on the basis of age as unacceptable as any other kind of bias. Whether you're older or hoping to get there, this book will shake you by the shoulders, cheer you up, make you mad, and change the way you see the rest of your life. Age pride!

But Leda has her own reasons for helping: her fiancé Tod was murdered under mysterious circumstances several years ago. Her psychic abilities weren't good then, but now she's been honing them at her favorite bar's open-mic nights, where she draws a crowd klairvoyant karaoke-singing whatever song comes to mind after holding other patrons' personal effects. haunt them may have more in common than they think--

Big Friendship Aminatou Sow, Ann Friedman, 2020-07-14 A close friendship is one of the most influential and important relationships a human life can contain. Anyone will tell you that! But for all the rosy sentiments surrounding friendship, most people don't talk much about what it really takes to stay close for the long haul. Now two friends, Aminatou Sow and Ann Friedman, tell the story of their equally messy and life-affirming Big Friendship in this honest and hilarious book that chronicles their first decade in one another's lives. As the hosts of the hit podcast Call Your Girlfriend, they've become known for frank and intimate conversations. In this book, they bring that energy to their own friendship—its joys and its pitfalls. Aminatou and Ann define Big Friendship as a strong, significant bond that transcends life phases, geographical locations, and emotional shifts. And they should know: the two have had moments of charmed bliss

and deep frustration, of profound connection and gut-wrenching alienation. They have weathered life-threatening health scares, getting fired from their dream jobs, and one unfortunate Thanksgiving dinner eaten in a car in a parking lot in Rancho Cucamonga. Through interviews with friends and experts, they have come to understand that their struggles are not unique. And that the most important part of a Big Friendship is making the decision to invest in one another again and again. An inspiring and entertaining testament to the power of society's most underappreciated relationship, Big Friendship will invite you to think about how your own bonds are formed, challenged, and preserved. It is a call to value your friendships in all of their complexity. Actively choose them. And, sometimes, fight for them.

Rescue Dog Ann Stead, 2014-11-30 Many people believe that rescue dogs are troubled, traumatised, strays with long-lasting problems. While this view may be true in some instances, the majority of dogs in rescue centres are there because their previous owners have simply abandoned them. Every year new homes are found for thousands of these 'rescue' dogs by dedicated charities but in order to make this re-homing a success, the new owners need considerable knowledge, patience and understanding. The Rescue Dog takes the reader through each stage of the re-homing process, from choosing a dog, to preparing the home and garden and settling the dog into its new life. With chapters which examine the elderly dog, puppies, avoiding misunderstandings, training and common concerns, the authors have produced a fully informative and practical guide. Topics covered include: Where to go to find a rescue dog and what to expect; The early days when the dog is settling into its new home; Canine requirements; Common behavioural concerns; Children and dogs. This invaluable book offers new owners a practical guide to responsible ownership, and is illustrated throughout with 143 colour photographs and diagrams.
