**Amateur Billiard Championship of America (Class A)** Amateur Athletic Union of the United States,2015-07-22 Excerpt from *Amateur Billiard Championship of America (Class A): Souvenir of the First Tournament Given Under the Auspices of the Amateur Athletic Union of the United States; Held in the Knickerbocker Athletic Club of New York, February 13th, 1899* A History of Amateur billiards must of necessity be merely a sketch to bring it within the scope of a few pages of this Souvenir. The writer would therefore first apologize for any omissions or inaccuracies of statement that may be detected by the reader; because much that is given here is purely from personal recollection of facts that cannot now be easily verified. The first game of billiards that the writer ever played was upon a table six feet wide and twelve feet long, with six pockets, four balls, and a fast cushion. This was the customary outfit up to 1865; although soon after that date the size of the table was reduced to five and one-half by eleven feet and later to five by ten feet (the size used to-day in matches). The pockets were however retained for some time. Carom tables were introduced later. The carom shots were counted in those days, as well as the balls pocketed, according to the color of the balls. A carom on the two red balls counted three; one on a red and white ball counted two; a red ball in pocket counted three; and a white in pocket two. The usual game for amateurs was 34 points, and any one who could run the game out was a very skillful player. *Modern Sports in Asia* Younghan Cho,Charles Leary,2016-04-14 Modern sports were introduced to Asia in the late nineteenth century as an innovation from the West, concurrently with the development of modern society in Asia. This book traces the historical developments of sporting cultures in Asia in specific local contexts – including Singapore, China, Myanmar, Taiwan, the Philippines, and India – and their intersections with larger social developments of colonialism, postcolonialism, nationalism, and the building of modern Asia and its place in a globalized world. The case studies herein present the social history of modern team sports with standardized rules such as basketball and cricket, and less familiar sports such as fives and chinlone, as they vacillate between global and local perspectives. This book also shows that modern sports have had an important influence on the makeup of everyday life in Asia, and the essays here also consider sports' impact on gender, body culture, and celebrity culture, among other concerns. This book painstakingly bridges the gaps between Asian Studies and Sports Studies in a way that reflects the historicity and multiplicity of sports in Asian societies. By adopting multi-disciplinary approaches, this book innovatively offers significant intersection between sociology, cultural studies and Asian studies of sport in Asia. This book was published as a special issue of *Sport in Society*.

**Beer in the Snooker Club** Waguih Ghali,1999-11-02 Waguih Ghali was raised in Cairo but spent much of his adult life studying and working in Europe. In *Beer in the Snooker Club*, Ghali chronicles the lives of Cairo's upper crust who, after the fall of King Farouk, are thoroughly unprepared to change its neo-feudal ways. *Beer in the Snooker Club* was the only book written by Ghali before his suicide in 1968. Poolology - Mastering the Art of Aiming Brian Crist,2017-04-28 \*\*\*\* This is the SOFTCOVER/GLUED BINDING edition, NOT the notebook spiral binding \*\*\*\* Poolology is a breakthrough aiming system for pool players. I was once asked, How do you aim?, and I couldn't answer. I said I didn't know, and I'm sure the player that asked me that thought I was holding out on him, keeping some great secret to myself. But it was true - other than to call it instinct, I had no idea how to aim. I'd never been taught how to aim. I just shoot balls into the pocket. This question, How do you aim?, is what prompted me to write Poolology. After experimenting with various aiming systems, I learned that most aiming systems don't work for most people. That explains why so many pool players struggle to be consistent shot makers. I wanted to fix that. I wanted to find a system that could teach players how to aim any shot on the table, how to develop a feel for pocketing balls. No such system existed, until now. It's called Poolology!
