PROFESSIONAL SHAREPOINT 2007 DEVELOPMENT John Holliday,John Alexander,Eli Ro,Jeff Julian,2007-07 Market_Desc: · Primary audience: Developers who target the Microsoft platform· Secondary audience: SharePoint IT professionals Special Features: · Wrox!· SharePoint 2007 incorporates a great deal of ASP.NET 2.0 technology for developers, making SharePoint 2007 an attractive platform for ASP.NET 2.0 developers· Written by a key member of the SharePoint 2007 team at Microsoft along with high-profile external MVPs and Microsoft developer community leaders About The Book: The book begins with an introduction to the technologies in Microsoft s application platform. Next, it highlights the technologies in SharePoint 2007 that are new for developers. How SharePoint fits in and complements the underlying platform is discussed throughout the book so that the reader knows how to take existing investments in the MSFT platform and move those to SharePoint. Plus, there is a section on how to get your development environment setup to take advantage of SharePoint in the most optimal way. Next, the book dives into 7 key areas of development on SharePoint: base platform, collaboration, portal and composite application frameworks, enterprise

search, ECM, business process/workflow/electronic forms and finally business intelligence. Throughout each section, we describe the architecture and then the implementation of solutions on that architecture. The book assumes some base knowledge of the Microsoft development technologies and offers intermediate to advanced topics in each development area.

E-Business Essentials Nick Bontis,2004-09-01 This special issue of QJEC marks the final instalment of the journal. The QJEC has had a long-standing history of international scholarship focused on the emerging field of electronic commerce with a broad, interdisciplinary approach. It has established the field's intellectual foundation with state-of-the-art research from business, computer science, engineering, law, psychology, and sociology. This particular issue focuses on an eclectic group of papers that are international in scope with authors from Canada, Australia, France, Germany, South Africa and Italy. The papers range in topics from valuing dot com companies, to mobile health and portals, to supply chain management.

The Secret Millionaire J. J. Childers,John V. Childers, Jr.,1998-05 In The Secret Millionaire, attorney JJ Childers shows readers how to enjoy the benefits of being a millionaire without any of the negatives. Readers learn how to protect their possessions and investments from legal liability and pay fewer taxes, all while living in a nice home, driving a new car, and traveling for free. The state of Nevada makes this all possible through personal Nevada corporations.

Science and Technology in Armenia National Research Council,Policy and Global Affairs,Development, Security, and Cooperation,Office for Central Europe and Eurasia,Committee on Science and Technology in

Armenia,2004-11-23 An NRC ad hoc committee analyzed the current status and future development potential of Armenia's science and technology base, including human and infrastructural resources and research and educational capabilities. The committee identified those fields and institutions offering promising opportunities for contributing to economic and social development, and particularly institutions having unique and important capabilities, worthy of support from international financial institutions, private investment sources, and the Armenian and U.S. governments. The scope of the study included both pure and applied research as well as education in science-related fields. The committee's report addresses the existing capacity of state and private research institutions, higher education capabilities and trends, scientific funding sources, innovative investment models, relevant success stories, factors hindering development of the science sector, potential domestic Armenian customers for scientific results and products, and opportunities for regional scientific collaboration. An Armenian language version of the report is also available.

Elements, but not new to computers. Somebody who doesn't have time for long-winded, mind-numbing explanations - and certainly no time or patience for bad jokes. If that sounds like you, check out this book. Comprised of a series of well-organized, bite-sized, quickly accomplished tasks, the book lets you zero right in on the one particular task you want to accomplish, quickly figure out what to do, do it, and then get back to work.

   Painting on Light Barbara Butts,Lee Hendrix,2001-03-01 The names Albrecht Dürer and Hans Holbein the Younger evoke the dazzling accomplishments of Renaissance panel painting and printmaking, but they may not summon images of stained glass. Nevertheless, Dürer, Holbein, and their southern German and Swiss contemporaries designed some of the most splendid works in the history of the medium. This lavish volume is a comprehensive survey of the contribution to stained glass made by these extraordinarily gifted draftsmen and the equally talented glass painters who rendered their compositions in glass. Included are discussions of both monumental church windows and smaller-scale stained-glass panels made for cloisters, civic buildings, residences, and private chapels. The subjects of these rarely seen drawings and panels range from religious topics to secular themes, including love, planets, hunts, and battles. Focusing on stained glass produced in Germany and Switzerland from about 1495 to 1530, Painting on Light includes drawings by Dürer, Holbein, Albrecht Altdorfer, Hans Baldung Grien, Jörg Breu the Elder, Hans Burgkmair, Urs Graf, Hans von Kulmbach, Hans Leu the Younger, Niklaus Manuel Deutsch, Hans Schäufelein, Hans Weiditz, and others. This informative book is published in conjunction with an exhibition at the Getty Museum from July 11 through September 24, 2000, and from November 7, 2000, to January 4, 2001, at the

Saint Louis Art Museum.

Derrida's Bible Y. Sherwood,E. Castelli,2016-09-27 In the last few years, Derrida has gained a great deal of attention from scholars of biblical studies and theology. The contributors to Derrida's Bible explore the relationships between Derrida, theory, and religious studies. Unlike other books on Derrida, this collection is primarily focused on biblical studies, where others are concerned with Derrida and religion in general.
