Red Tape Rosamund Johnston,2024-03-26 In socialist Eastern Europe, radio simultaneously produced state power and created the conditions for it to be challenged. As the dominant form of media in Czechoslovakia from 1945 until 1969, radio constituted a site of negotiation between Communist officials, broadcast journalists, and audiences. Listeners' feedback, captured in thousands of pieces of fan mail, shows how a non-democratic society established, stabilized, and reproduced itself. In *Red Tape*, historian Rosamund Johnston explores the dynamic between radio reporters and the listeners who liked and trusted them while recognizing that they produced both propaganda and entertainment. *Red Tape* rethinks Stalinism in Czechoslovakia—one of the states in which it was at its staunchest for longest—by showing how, even then, meaningful, multi-directional communication occurred between audiences and state-controlled media. It finds de-Stalinization's first traces not in secret speeches never intended for the ears of ordinary listeners, but instead in earlier, changing forms of radio address. And it traces the origins of the Prague Spring's discursive climate to the censored and monitored environment of the newsroom, long before the seismic year of

1968. Bringing together European history, media studies, cultural history, and sound studies, Red Tape shows how Czechs and Slovaks used radio technologies and institutions to negotiate questions of citizenship and rights.

**A Brighter TOMORROW** Lori Schneider, MD,2022-01-20 No one could have truly predicted the mass devastation of the pandemic of 2020. Everyone in the world has been affected and forever changed in some way by the pandemic. Hopefully, most people will emerge as better human beings, with a greater level of understanding and support for their fellow man. During this tumultuous time, I was overwhelmed with emotions regarding COVID-19, politics, racial injustice, love, and courage. I turned to pen and paper to express my feelings and discovered poetry as an extremely cathartic form of writing. Through poetry, I found great insight and solace during a very dark time in history. I believe poetry is the window to the soul that can help illuminate the darkness. I hope the reader

finds great comfort and hope for the future through the poetry and beautiful artwork contained in this book. Together we can have a brighter tomorrow!

*Warquest* John D. Belcastro, 2021-10-15 1 Not for the faint of heart! Jump on for a wild and nonstop ride with Angel and his team of warriors as they grapple with the impossibility of survival on a ravaged planet. The result of a bionuclear Armageddon, the earth is forever ruined. A world where the weak long for death, the mighty dispense it. A world where the earth itself rebels to exterminate the parasite that is humanity. A world where those unfortunate enough to survive find themselves in a barren, toxic nightmare where death comes in grotesque form and living has lost all appeal. Angel Martin, the herculean warrior known as the Angel of Death for his exceptional body count during WWII, invites you to become a spectator in a ringside seat where you will delight in all the action up close and personal. Watch out because when this madman goes on a rampage, blood, brains, and body parts explode! Together with his team of commandos, they must combat massive mutated monsters and demons from another dimension amid the collapse of a decaying civilization. The masses are dying, as well as those of Angel's family, from a mysterious disease brought on by the corrosive fulmination. However, when a beautiful escapee is rescued from an abusive military contingent, she reveals that her captured father is a bionuclear engineer who may hold a cure. In order to find and free the scientist, the team must negotiate with undesirables in barter towns, decimate well-equipped sex traffickers, battle mercenary militias, and clash with heavily armed slave barons. In order to accomplish this mission, Angel leads his teammates through a malicious environment rife with giant monstrosities, ghoulish cities, and nuclear wasteland in order to battle rogue military forces, cutthroats, and sinister organizations. They must infiltrate the ranks of warring factions and survivalist coalitions while constantly seeking arms and bartering for

provisions vital to continuing their quest.

*Taxman* John Ginos, 2022-01-14 For Jordan Duncan, the good life as he knows it comes to an abrupt crossroad when a mysterious client enters his LA office with allegations that the CPA firm Duncan is working for is in bed with the Internal Revenue Service. A former college athlete, Jordan has become a successful taxpayer advocate, representing delinquent taxpayers in negotiations with the IRS, who implement a feed the beast mentality. Tension is at a fever pitch in Los Angeles in 1995. The intensity mounts as hotly contested tax issues of the 1996 presidential election unfold. With the help of his politically connected girlfriend, an honorable former IRS director, and a grizzled Vietnam vet, Jordan gathers evidence to make a case. But to whom? Taking on the US Department of Treasury is no small task. The IRS seems impenetrable. Political and corporate deception is unraveled within the complex tax system. A murder ensues. The stakes are high. What started as a question of right and wrong has become a matter of life and death. Can anyone rein in this ravenous bureaucratic tax monster created by the US Congress? Based on true historical events of tax reform that exposed the abusive nature and uncontrolled power of the Internal Revenue Service, *Taxman* follows Jordan Duncan on a treacherous journey from the beaches of Southern California to the hallowed congressional chambers on Capitol Hill.

*From Capitalism To Socialism Toward Communism a.k.a. Globalism* Maggie Zheng, 2021-10-20 For Helen's family, the 1920s were turbulent but full of hope. A revolution overthrew the Qing Dynasty. China entered the Golden Age of Capitalism. Helen's uncle founded a bank when he and Helen's father were in their thirties. They worked hard and expanded the business. After fifteen years, it became one of China's largest private banks... Helen and her siblings received a Western

education in their teenage years. She met her love, George, while studying in the wartime college. George and his brothers pursued the idea of industry saving China. They studied science and technology in the U.S. and returned to China... After 1949, they suffered abuse in various movements. ... When Mao's Cultural Revolution began in 1966, Helen's children were in high school. They witnessed chaos and violence. The Communists sent them to remote farms... At first, the reforms in China inspired Helen's children. They went overseas in the 1980s and tried to do their part to change China. Yet China remained a country ruled by the Communists... Maggie Zheng is the third-generation member of the family described in this memoir. In 1991, she graduated from the UW-Madison with a PhD in science. Maggie was born in 1949. That was the same year the Communists took over mainland China. When she grew up, Maggie witnessed social changes in China. The Communists sent her to work on farms for nine years after high school. Maggie graduated from college after Mao died. Coming to the U.S. in the 1980s, she studied and worked here. Maggie went to Shanghai to set up a production facility for repairing gas turbine blades in 2004. She came back to the United States in 2019. *Nana Joanna's Wise New Tales* ,UrbanWoods,2022-04-04 In our book, Nana Joanna's Wise Old New Tales, we had tried to recapture a gentler time when parents took advantage of opportunities to read poems and stories with their children. The ten original poems and stories are wrapped around old time proverbs such as Every cloud has a silver lining, Beauty is in the eye of the beholder, and Too many cooks spoil the broth. These timeless sayings are still popular and have important messages even today, for both young and old alike. The poems are in kid speak and contain subjects young readers can identify with. Each poem has a corresponding short story that emphasizes and illustrates the meaning behind the proverb. Each story is set in a different surrounding and with a different plot, which keeps it fresh and interesting. Poetry encourages children to play and learn about language and words. The rhyming verses of these poems highlight the fun and playfulness of

language while at the same time offering an easy-to-understand theme within the wordplay. The short stories that follow each poem provide an additional opportunity for the child and parent to read about and discuss the meanings of two heads are better than one or how the pen is mightier than the sword. Simply put, these are age-old sayings brought into the twenty-first century. We hope you enjoy them. --UrbanWoods
