The Oxford Handbook of Fiduciary Law Evan J. Criddle, Paul B. Miller, Robert H. Sitkoff, 2019-04-29 The Oxford Handbook of Fiduciary Law provides a comprehensive overview of critical topics in fiduciary law and theory through chapters authored by leading scholars. The Handbook opens with surveys of the many fields of law in which fiduciary duties arise, including agency law, trust law, corporate law, pension law, bankruptcy law, family law, employment law, legal representation, health care, and international law. Drawing on these surveys, the Handbook offers a synthetic analysis of fiduciary law's key concepts and principles. Chapters in the Handbook explore the defining features of fiduciary relationships, clarify the distinctive fiduciary duties that arise in these relationships, and identify the remedies available for breach of fiduciary duties. The volume also provides numerous comparative perspectives on fiduciary law from eminent legal historians and from scholars with deep expertise in a diverse array of the world's legal systems. Finally, the Handbook lays the groundwork for future research on fiduciary law and theory by highlighting cross-cutting themes, identifying persistent theoretical and practical challenges, and exploring how the field could be enriched through empirical analysis and interdisciplinary insights from economics, philosophy, and psychology. Unparalleled in its breadth and depth of coverage, The Oxford Handbook of Fiduciary Law represents an invaluable resource for practitioners, policymakers, scholars, and students in this essential field of law.

Budget of the United States Government United States. Office of Management
and Budget, 2010 Contains analyses that are designed to highlight specified
subject areas or provide other significant presentations of budget data that
place the budget in perspective. This volume includes economic and accounting
analyses; information on Federal receipts and collections; analyses of
Federal spending; information on Federal borrowing and debt; baseline or
current services estimates; and other technical presentations. The Analytical
Perspectives volume also contains supplemental material with several detailed
tables, including tables showing the budget by agency and account and by
function, subfunction, and program, that is available on the Internet and as
a CD-ROM in the printed document.
