Mixing magic and physics, Ted Sanders has created an epic story that has the feel of classic fantasy but twists it into something new and innovative. From the moment Horace F. Andrews sees the sign from the bus—a sign with his own name on it—everything changes. The sighting leads him underground, to the House of Answers, a hidden warehouse full of mysterious objects. But there, he finds only questions. What is this curious place? Who are the strange, secretive people who entrust him with a rare and immensely powerful gift? And what is he to do with it? When Horace finds the Box of Promises in the curio shop, he quickly discovers that ordinary-looking objects can hold extraordinary power. From the enormous, sinister man shadowing him to the gradual mastery of his newfound abilities to his encounters with Chloe—a girl who has an astonishing talent of her own—Horace follows a path that puts the pair in the middle of a centuries-old conflict between two warring factions in which every decision they make could have disastrous consequences.

Wildseed Witch (Book 1) Marti Dumas, 2022-05-10 A fun middle-grade contemporary fantasy with an all-BIPOC cast, about a social-media-loving tween who gets sent to an ultra-private witch camp Hasani's post-seventh-grade summer to-do list is pretty simple: get a bigger following for her makeup YouTube channel and figure out how to get her parents back together.

What she does NOT expect is that an emotional outburst will spark a latent magical ability in her. Or that the magic will be strong enough to attract the attention of witches. Or that before she can say #BlackGirlMagic, she'll be shipped off on a scholarship to a fancy finishing school for talented young ladies. Les Belles Demoiselles is a literal charm school. Here, generations of young ladies from old-money witch families have learned to harness their magic, and alumnae grow to become some of the most powerful women across industries, including politicians, philanthropists, CEOs, entrepreneurs—and yes, even social media influencers. Needless to say, admission to the school is highly coveted, very exclusive . . . and Hasani sticks out like a weed in a rose bouquet. While the other girls have always known they were destined to be witches, Hasani is a Wildseed—a stray witch from a family of non-witches, with no background knowledge, no way to control her magic, and a lot to catch up on. Wildseed may be an insult that the other girls throw at her, but Wildseeds are more powerful than they know. And Hasani will learn that there are ways to use magic and thrive that can never be taught in a classroom.
