A Heartbeat Away Janet Porter, 2020-06-16 The Heartbeat Bill ushered in more progress to end abortion in America in the first six months of 2019 than the previous fifty years. After decades of looking for answers, what we needed was to listen for one. The child in the womb is sending a signal. Each beat of their heart is a sign of life, a cry for help—an SOS we can no...

Those for Whom the Lamp Shines Vince L. Bantu, 2023 In *Those for Whom the Lamp Shines*, Vince L. Bantu uses the rich body of anti-Chalcedonian literature to explore how the peoples of Egypt, both inside and outside the Coptic Church, came to understand their identity as Egyptians. Working across a comparative spectrum of traditions and communities in late antiquity, at the intersection of religious and other social forms of identity, Bantu shows

that it was the dissenting doctrines of the Coptic Church that played the crucial role in conceptualizing Egypt and being Egyptian. Based on the study of neglected Coptic and Syriac texts, *Those for Whom the Lamp Shines* offers the only sustained treatment of ethnic and religious self-understanding in Africa's oldest Christian church.

The Presidency of Donald J. Trump Julian E. Zelizer, 2022-04-12 Donald Trump took office in 2017 amid an increasingly polarized political field. He quickly carved out a loyal base among the radical wing of the Republican party, dominated the news cycle with an endless stream of controversies, and, with the support of his voting base and party, presided over one of the most publicized, dramatic, and contentious one-term presidencies in American history. In *The Presidency of Donald J. Trump*, Julian Zelizer gathers leading American historians to put President Trump and his administration into political and historical context. These scholars offer strikingly original assessments of the central issues that shaped the Trump years, including the #MeToo and #BlackLivesMatter movements, Trump's crusade against media he dubbed fake news, the border wall and immigration more broadly, the rapid rise of open white supremacy, the national COVID-19 response, the calls to defund the police, the efforts to contest the outcome of the election, and the January 6th insurrection, among others. Together, these essays argue that the Trump presidency was not unprecedented, but it represented and emerged from the long-term development of the Republican Party and American

polarization more broadly--

That's Not Funny Matt Sienkiewicz, Nick Marx, 2024-03-26 A 2022 Best Comedy Book, Vulture A rousing call for liberals and progressives to pay attention to the emergence of right-wing comedy and the political power of humor. Why do conservatives hate comedy? Why is there no right-wing Jon Stewart? These

sorts of questions launch a million tweets, a thousand op-eds, and more than a few scholarly analyses. That's Not Funny argues that it is both an intellectual and politically strategic mistake to assume that comedy has a liberal bias. Matt Sienkiewicz and Nick Marx take readers--particularly self-described liberals--on a tour of contemporary conservative comedy and the right-wing comedy complex. In That's Not Funny, complex takes on an important double meaning. On the one hand, liberals have developed a social-psychological complex--it feels difficult, even dangerous, to acknowledge that their political opposition can produce comedy. At the same time, the right has been slowly building up a comedy-industrial complex, utilizing the humorous, irony-laden media strategies of liberals such as Jon Stewart, Samantha Bee, and John Oliver to garner audiences and supporters. Right-wing comedy has been hiding in plain sight, finding its way into mainstream conservative media through figures ranging from Fox News's Greg Gutfeld to libertarian podcasters like Joe Rogan. That's Not Funny taps interviews with conservative comedians and observations of them in action to guide readers through media history, text, and technique. You will find many of these comedians utterly appalling, some surprisingly funny, and others just plain weird. They are all, however, culturally and politically relevant--the American right is attempting to seize spaces of comedy and irony previously held firmly by the left. You might not like this brand of humor, but you can't ignore it.

White Supremacy and the American Media Sarah D. Nilsen, Sarah E. Turner, 2021-11-29 This volume examines the ways in which the media, including film, television, social media, and gaming, has constructed and sustained a narrative of white supremacy that has entered mainstream American discourse. With chapters by today's preeminent critical race scholars, the book looks in particular at the ways media institutions have circulated white supremacist ideology across a wide range of platforms and texts that have had significant impact on shaping our current polarized and racialized social and political landscape. Systematically scrutinizing every media platform, this volume provides readers with an understanding of the ways in which media has provided institutional support for white supremacist ideology, and presents them with the means to examine and analyze the persistence of these narratives within our racial discourse, thus offering the necessary knowledge to challenge and transform these racially divisive and destructive narratives. *White Supremacy and the American Media* will be of interest not only to scholars working in critical race studies and popular culture in the

United States, but also to those working in the fields of Film and Television Studies, Sociology, Geography, Art History, Communication and Media Studies, Cultural Studies, American Studies, Popular Culture, and Media Studies.

Al Qaeda Denise N. Baken, Ioannis Mantzikos, 2015-08-26 What threat does Al Qaeda pose to the United States as it continues to evolve in the wake of the Arab Spring, and what are the group's evolving strategies for growth and survival internationally? This book provides answers. Ideal for both students

of terrorism and general readers wanting to better understand modern terrorism, this book provides an in-depth look at Al Qaeda, including its origins, evolution, doctrines, structure, and terrorist operations. The authors examine Al Qaeda's operational transitions over the last two decades, and consider these changes in terms of the impact of the Internet, the viciousness of the violence employed, the leverage of colonial past, and the subsequent international implications. Particular attention is paid to Al Qaeda's changing strategies for growth and survival across the Middle East and Africa as well as the threats that it poses to the United States as it continues to evolve in the wake of the Arab Spring. The work addresses why Al Qaeda—now both a professional force and a network of so-called lone wolves—must remain a primary focus of the United States and other Western states while also recognizing that the threat of terrorism goes beyond Al Qaeda.

Журнал «Мир ПК» №08/2010 Мир ПК, 2022-05-07 В номере: Нетбуки – молодым везде у нас дорога? Тестирование нетбуков на платформе Intel Pine Trail Несмотря на то что корпорация Intel в свое время достаточно жестко регламентировала характеристики нетбуков, ограничив размер экрана, объем оперативной памяти и жесткого диска, а Microsoft предоставила для использования на нетбуках только одну версию ОС – Windows XP, производители продолжают выпускать все новые и новые версии компактных ноутбуков. Стабильность – залог здоровья. Выбираем недорогой ИБП для дома Несмотря на технический прогресс, все же порой проблемы с электросетью приводят к большим потерям времени, денег, а также лишней нервотрепке, причем особенно в тех областях, которые связаны с вычислительной техникой. В данной

статье будут рассмотрены источники бесперебойного питания ценой 2-3 тыс. руб., предназначенные для дома или небольшого офиса. Навигация для всех. Продолжаем рассматривать автомобильные GPS-навигаторы. Вне всяких сомнений, GPS-навигаторы по-прежнему занимают лидирующие позиции на рынке автомобильных аксессуаров. И это неудивительно, ведь такие приборы, по сути, давно уже стали стандартным оснащением не только дорогих иномарок, но и самой обыкновенной «классики», дополняя привычные автомагнитолы и MP3-проигрыватели. Удобство без проводов. Современные беспроводные комплекты «клавиатура + мышь» позволяют избавиться от кабелей на рабочем столе, переложив функции по передаче информации на радиоволны. Чтобы помочь читателю разобраться в многообразии представленных на рынке моделей, мы исследовали пять беспроводных комплектов. Испытания проводились в условиях, максимально приближенных к «боевым»: полигоном служил обычный офисный стол, заваленный документацией, книгами и различными устройствами, создающими помехи для радиосвязи. Даешь свободное ПО!.. Или не даешь? С тех пор как на «самом верху» заговорили о необходимости внедрения свободного программного обеспечения в российских школах, прошло уже три года. В июле 2007 г. тогдашний министр информационных технологий и связи России Л. Рейман обещал, что уже «в 2009 г. отечественное ПО будет установлено на всех школьных компьютерах». Но... прошел 2009-й, перевалил за середину 2010-й, а воз и ныне там... Из Кирибати в Кимры и обратно. Роуминг и его разумные альтернативы. Еще четверть века назад путешествие со своим телефоном было фантастикой. Теперь услуга «Роуминг»

превратилась в пугало для туристов и головную боль для финансовых департаментов корпораций. Все попытки минимизировать расходы на междугороднюю и международную связь пока ни к чему не приводят. Точнее, связь дешевет, но подозрительно медленно.
