How My Blog Got 1 Million Visits in 7 Months Patric Morgan, 2015-07-10 Blogging has never been bigger. For some, blogging is a pastime, a hobby, something to fulfil a creative need. But some take blogging one step further. Many individuals, with no special training, are using their blog/s as a part-time or even a full-time job. You may already have a blog that could do with a few more visitors. Or maybe you're thinking of setting up a blog but are not sure where to start. The question most people ask me is 'How do I get visitors to my blog?' It's like setting up a shop on the High Street and facing the challenge of getting people in the door. The good news is - I have answers that will see your visitor count lift substantially. All you need is a computer, an internet connection and a brain (your own preferably). Here's what you don't need: money. This book answers your blogging guestions in a practical and straightforward way. How My Blog Got 1 Million Visits In 7 Months has been designed to show you how to drive people to your blog and how to keep them coming back, time after time. It's designed for bloggers and for those who have websites that could do with more traffic. I'm a multi-award winning blogger and publisher and have been for over eight years. When I first started blogging, I got very excited to see that one person kept visiting my site. That was until I realised that the analytics was, in fact, counting me as a visitor. I've learned a lot since. My latest blog broke through the 1,000,000 visit mark after just 7 months. As a result, my blog is now a profitable business. I haven't spent a penny on advertising and I spend about 30 minutes a day blogging at most. I've picked up a large-scale book deal as a direct result of my blog. In this book, I'll show you the basics of setting up your blog; how to write content that people will just want to click on and share with their friends; how to create viral posts that will see your visitor statistics balloon; how to write content for your website that will sell your services or products; how to optimise your posts for search engines and how to make money from your blog. My promise to you is this - if you use the tips and tricks that I am about to show you, your site will get more traffic and you can start making money from it. These are proven techniques that you can start implementing on your blog straight away. Run the kind of blog that other bloggers envy. Be the kind of blogger that people marvel at. It'll make you feel pretty good, I guarantee it. Find out how right now. \*\*\* Patric Morgan's How My Blog Got 1 Million Visitors in 7 Months makes me sick! I've got 15,000+ people on my combined social media and I've never gotten even close to a million visits on my site. Screw you, Patric! However - I have read through his book and have found some cool tricks to steal and apply. Shh...don't tell him. Vicki Abelson, Author

of 'Don't Jump', published October '15 from Carl Reiner's Random Content. What an absolutely incredible 'How to Guide'. This book will give you the tools you need to increase your web traffic and create a viral sensation from your blog or website. Follow the common sense approach within these pages and maybe you'll be writing your own success story very soon. A must read for any avid blogger trying to step up into the big leagues. Buy it now! Nigel Shinner, Author of the critically acclaimed novel 'From Within' It's good to read something that actually delivers on the title of the book. *The Secret Power of Blogging* Bruce C. Brown,2008 Blog is short for Weblog. A Weblog is a journal (or type of newsletter) that is updated often and intended for the general public. Blogs generally represent the personality of the author or the website owner. In a recent study by the Pew Internet; American Life Project estimated that the U.S. blog population has grown to about 12 million Americans, some 8% of U.S. Internet users. The number of U.S. blog readers was estimated at 57 million (39% of the U.S. online population). If you have a product, service, brand, or cause that you want to market inexpensively online to the world, you need to look into starting a blog. It is an ideal marketing vehicle. You can use it to share your expertise, grow market share, spread your message, and establish yourself as an expert in your field for virtually no cost. A blog helps your site to rank higher in the search engines because Google and other search engines provide references to blogs and their content. Tiny one-person part-time businesses and mega companies like Microsoft, Apple, Nike, General Motors, Amazon.com, and Yahoo! use blogs as well. Most Fortune 1000 firms are using responsible blog marketing as well as advertising on blogs for one simple reason: it works! It generates profits immediately and consistently! In addition, many blogs earn additional revenue by selling advertising space on their niche-targeted blog. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Blogging Cash Formula Jeff Walker, 2024-01-18 5 steps to make money from blogging When we examine the recent statistics about blogs, we realize just how significant a blog is to attracting visitors and generating sales for either vourself or vour advertisers. The most recent statistics reveal that 57% of marketing professionals have successfully solicited new customers through blogs, and 52% of online consumers say blogs have had an impact on their decision to purchase. In addition, with 42% of Internet consumers looking to blogs for information before making a purchasing decision, everyone in the marketing game is now quite aware of the persuasive power of a popular blog that fits into the right niche for specific services or products. Successful blogging that develops a loyal following comes from sharing your thoughts on a subject in which others will see you as an authority. Nobody wants to listen to somebody ramble on about something they know nothing about, and many of the followers attracted to a specific blog will most likely spot a fraud portraying himself as an expert if it is in their area of interest. So blog what you know, not what you want to know. You will then begin to attract a large group of followers who listen to you because they can recognize that you know what you're chatting about. It is then that you will be in the position to reap the benefits of a perpetual flow of advertising revenue from those marketers who recognize the worth of displaying themselves in your blog. A Successful Authority Blog Generates Revenue We want to teach you the proper strategies for building a successful blog based on your authority in a specific subject matter with our valuable eBook Your Blogging Success Guide. **Blog Marketing for Beginners** Marissa Harper,2013-07-08 Whether you are a new blogger, or one that has been blogging for a while, you are probably wondering how to get more sales, visitors, and readers to your blog on a weekly basis. Marketing your blog the right way will give you the results that you are looking for. You are going to find that you cannot just make a blog, post in it a couple of times, and then expect for the world to find you. That just will not happen no matter how much you wish for it. However, you can market your blog effectively, and get the results that you are looking for. Blog marketing is pretty easy if you have a marketing

mind. You are going to find that many people use blogs as a diary, and many times these blogs that are used for this purpose are not intended to make them money, but simply a way to put their thoughts out there and find others that are going through the same thing. If you have never even had a blog before, the simplest thing that you can do is to start one, and just journal in it for a while. This will allow you to learn just what it takes and what it is all about to keep up a blog. When you are just journaling your thoughts and what is on your mind, you have nothing to lose and nothing to gain. You don't even have to make your blog public if you don't want others to read what you have to say. That is a personal preference. However, doing this will let you see how it works. Then you can move on to trying to market a product or a service.
