The Cambridge Companion to Blues and Gospel Music Allan Moore,2002 From Robert Johnson to Aretha Franklin, Mahalia Jackson to John Lee Hooker, blues and gospel artists figure heavily in the mythology of twentieth-century culture. The styles in which they sang have proved hugely influential to generations of popular singers, from the wholesale adoptions of singers like Robert Cray or James Brown, to the subtler vocal appropriations of Mariah Carey. Their own music, and how it operates, is not, however, always seen as valid in its own right. This book provides an overview of both these genres, which worked together to provide an expression of twentieth-century black US experience. Their histories are unfolded and questioned; representative songs and lyrical imagery are analysed; perspectives are offered from the standpoint of the voice, the guitar, the piano, and also that of the working musician. The book concludes with a discussion of the impact the genres have had on mainstream musical culture.

Love for Sale David Hajdu,2016-10-18 A personal, idiosyncratic history of popular music that also may well be definitive, from the revered music critic From the age of song sheets in the late nineteenth-century to the contemporary era of digital streaming, pop music has been our most influential laboratory for social and aesthetic experimentation, changing the world three minutes at a time. In Love for Sale, David Hajdu—one of the most respected critics and music historians of our time—draws on a lifetime of listening, playing, and writing about music to show how pop has done much more than peddle fantasies of love and sex to teenagers. From vaudeville singer Eva Tanguay, the “I Don’t Care Girl” who upended Victorian conceptions of feminine propriety to become one of the biggest stars of her day to the scandal of Blondie playing disco at CBGB, Hajdu presents an incisive and idiosyncratic history of a form that has repeatedly upset social and cultural expectations. Exhaustively researched and rich with fresh insights, Love for Sale is unbound by the usual tropes of pop music history. Hajdu, for instance, gives a star turn to Bessie Smith and the “blues queens” of the 1920s, who brought wildly transgressive sexuality to American audience decades before rock and roll. And there is Jimmie Rodgers, a former blackface minstrel performer, who created country music from the songs of rural white and blacks . . . entwined with the sound of the Swiss yodel. And then there are today’s practitioners of Electronic Dance Music, who Hajdu celebrates for carrying the pop revolution to heretofore unimaginable frontiers. At every turn, Hajdu surprises and challenges readers to think about our most familiar art in unexpected ways. Masterly and impassioned, authoritative and at times deeply personal, Love for Sale is a book of critical history informed by its writer's own unique history as a besotted fan and lifelong student of pop.

Sacred Journey of the Peaceful Warrior Millman Dan,2015-01-29 This is the second book in the Peaceful Warrior Saga. Neither a sequel nor prequel, this adventure takes place within the context of the original book, shedding new light on the path he was to travel, and would one day teach. After a period of training with the man he calls Socrates, Dan Millman is sent away by his old mentor to apply what he has learned to everyday life. Struggling with personal failure and growing disillusion, Dan sets out on a worldwide quest to rediscover the sense of clarity, meaning and purpose he found with Socrates. then a long-forgotten memory drives Dan to seek a mysterious woman shaman in Hawaii. She is the gateway to all his hopes and fears — and the only one who can prepare him for what may follow. Deep in a rain forest on the island of Molokai, Dan encounters mortal challenges, vivid characters, and startling revelations as he ascends the peaceful warrior's path toward the light that shines at the heart of creation. In this compelling tale, the author breathes new life into ancient wisdom and reminds us that all our journeys are sacred, and all our lives an adventure.

The Making of a Drum Company William Frederick Ludwig,2001 (Book). The Ludwig Drum Company was the world's largest drum company in the 1920s under founder William F. Ludwig, and again in the 1960s under his son. This fascinating autobiography by William F. Ludwig II begins with his childhood recollections of home life and his father's drum factory. As a teenager, Mr. Ludwig became the national rudimental champion and member of the famous International Marimba Symphony Orchestra. Taking time out for distinguished wartime military service, the author helped his father start a second drum company, W.F.L. Restoration of the family name to the business, Total Percussion, The Beatles, N.A.R.D., selling the company to Selmer, and his active lecture career since all these topics are addressed here in captivating detail, in the words of William F. Ludwig II.

David Finley David A. Doheny,2006 Throughout his long and remarkable lifetime, David E. Finley (1890-1977) made brilliant contributions to the cultural life of this country. Yet less than thirty years after his

death, his name is barely known. In David Finley: Quiet Force for America's Arts, biographer David Doheny revitalizes Finley's legacy, presenting the compelling story of his life and incorporating fascinating excerpts from recently discovered private journals, published here for the first time. As the first director of the National Gallery of Art, founding chairman of the board of the National Trust for Historic Preservation, and a key player in creating the National Portrait Gallery in Washington, D.C., Finley used his matchless contacts and legendary powers of persuasion to establish institutions that today preserve and display masterpieces of western European and American art, a rich heritage of architectural properties across the United States, and an exceptional visual record of notable figures in American history. In addition, Finley's distinguished leadership of the Roberts Commission, which protected the art and architectural monuments during World War II, stands as a landmark in America's cultural maturity. Providing compelling insights into the events and personalities that shaped our nation during the transformative years between the 1920s and 1960s, this book will appeal to scholars and students of history and art.

Outside Music, Inside Voices Garrison Fewell,2015-05-31 Outside Music, Inside Voices, supported by a Faculty Fellowship grant from the Berklee College of Music, was edited by the jazz writer Ed Hazell and by Evelyn Rosenthal, former director of Harvard University Museum Publications. The 330-page book includes a foreword written by Ed Hazell; extensive notations in the footnotes of the author's introduction; individual biographies of each artist and the author; 30 brilliant black-and-white photographs of each artist, taken by Luciano Rossetti. As Herbie Hancock noted in his endorsement, “Garrison Fewell has written a brilliant reflection on creativity and spirituality, delving into the deep relationship between these two subjects that spark the explorations of many pioneers in avant-garde jazz music. The level of detail here is so compelling that it encourages much more than just a single reading of this book.”
