BUCKLEY, BATMAN & MYNDIE: Echoes of the Victorian culture-clash frontier ,2021-01-01

Sounding 1: BEFORE 1840 The notes, journals and characters of Aboriginal Protectors William Thomas and his Chief George Robinson form the backbone of this compilation. With this ethnographic material we learn something of the Kulin worldview into this mostly white-fella history. Sounding 1: Before 1840 describes the initial British and European experiences, events, observations, intentions, self-serving judgements, ignorance, naivete, treachery and so on when they found Oz and proclaimed the continent theirs by the now obvious fiction of terra nullius – Latin legalese for ‘land belonging to no people’. The reader may enjoy separating the grains of truth from the chaff propaganda of Empire capitalism or racist / sectarian Christian bible dogma that was the self-serving mindset of the white land-takers. Batman and Fawknor’s land-hunting deals with local koori’s along with the re-emergence of the remarkable wild white castaway Buckley made their mark on the first settlement at Melbourne. The focus widens in 1836 with Surveyor-General Major Mitchell’s and his Wuradjuri guides ‘conquering the interior’ from the Murray near Mildura to the Western District at Portland and then back north-east across the state to the Murray upstream at Albury. His wheel tracks opened up Victoria from the north. First contact race interactions at Port Phillip and the notion of cultural-coexistence during the first five years leads to the role of ‘successful battler’ and publican Fawknor in the colonial invasion process from Kulin country to sheep-run to city. Sounding 1 then winds up with Melbourne’s first executions and descriptions of Port Phillip as the money melting pot forming the Melbourne hub of world capitalism. Twentieth century academic studies now identify native religion, language zones, tribal locations and clan heads at the time of dispossession by pirate capitalism. In describing the Australian land-rush the chapter echoes oscillate between history, sociology, race theory, trade and class wars, whaling and sealing, imperialism and the monopoly East India Company army mates all pitted against the ‘vanishing race’ of hunter-gathering ‘savages’. The dispossession was virtually

complete in Victoria before the 1850's gold rushes transformed the sheep-runs into banker's dividend wealth for the 'winners'. Sounding 2: DISPOSSESSION AT MELBOURNE: Sounding 2 unfolds gently with a wistful early Melbourne memoir involving Batman's lost lawyer Gellibrand in 1836 but then we confront the frontier 'kill or be killed' point of necessity. The violent life, times and fate of mass murderer Fred Taylor who was first employed as overseer for banker Swanston's Bellarine peninsula land-grab sets the local dispossession tone. Taylor's repeated atrocities today exposes a credibility gap in Oz – between civilized progress and slaughter, that now looms over all else in Victoria's birth as an independent state in 1851. The winter of 1837 saw the first violent death of a white squatter and his servant by 'savage natives' north-west of Williamstown at Mt Cotterell. Town leaders such as Fawkner and 'police chief' Henry Batman formed a posse that also included clan heads from both the Melbourne and Geelong tribal areas. Buckley refused to take part in the vigilante party and its punitive actions belied the humanitarian standards expressed in Batman's treaty deed. This revenge slaughter and destruction of 'villages' by the white invaders forced the Sydney government to investigate and so began administering 'law and order' at Port Phillip. By 1838 Sydney trumped Batman's land-grab and the penal government of NSW on the one hand executing eight 'whites' for killing what the newspapers called 'savages', while on the other hand providing sufficient speedy cavalry to tackle black resistance in Victoria at places such as west of Colac and near Benalla after the Faithfull massacre. The arrival in 1839 of first governor La Trobe and the Aboriginal Protectorate plan then unfolds the development of town civic structures while tribal life disintegrates. Government and private measures to 'tame the naked Melbourne natives' culminated with the dawn Merri Creek round-up in October 1840 of hundreds of Kulins by Major Lettsom's redcoats and townsmen. This appears as the death blow to tribal life, and with the first shiploads of migrating British colonists

arriving in 1841, near genocide for the Kulin, Mara, Kurnai and Murray River first-peoples.

Neon Knight Forever Tomasz Zaglewski,2023-11-16 Neon Knight Forever is a detailed study of one of the most misunderstood superhero series that dares to ask the most heretical question for all Bat-fans: what if Batman & Robin is actually a valuable achievement in big-budget superhero cinema? The Batman franchise has remained one of the most lucrative and varied lines of superhero-based titles outside its original comic book, with adaptations from filmmakers such as Christopher Nolan, Tim Burton, and Zack Snyder. However, among the many facets of Batman, there is one which remains on the margins of Bat-history, being treated as the most obscure or misconceived: the Batman duology directed by Joel Schumacher between 1995 and 1997, a creation which is seen by many fans as the wrong approach to the Batman mythos. Neon Knight Forever accounts for the initial rejection of Schumacher's version and explores modern attempts to rehabilitate Schumacher's vision of the infamous Neon Knight. Through discussing the formal foundations underlying both Batman Forever and Batman & Robin and featuring claims from the Schumacher online fandom, Zaglewski embraces the adaptation as a valuable addition to the Batman universe.

Supersex Anna Peppard,2020-12-08 2021 Comic Studies Society Prize for Edited Collection From Superman and Batman to the X-Men and Young Avengers, *Supersex* interrogates the relationship between heroism and sexuality, shedding new light on our fantasies of both. From Superman, created in 1938, to the transmedia DC and Marvel universes of today, superheroes have always been sexy. And their sexiness has always been controversial, inspiring censorship and moral panic. Yet though it has inspired jokes and innuendos, accusations of moral depravity, and sporadic academic discourse, the topic of superhero sexuality is like superhero sexuality itself—seemingly obvious yet conspicuously absent. *Supersex: Sexuality, Fantasy, and the Superhero* is the first scholarly book specifically devoted to unpacking the superhero genre's complicated relationship with sexuality. Exploring sexual themes and imagery within mainstream comic books, television shows, and films as well as independent and explicitly pornographic productions catering to various orientations and kinks, *Supersex* offers a fresh—and lascivious—perspective on the superhero genre's historical and contemporary popularity. Across fourteen essays touching on Superman, Batman, the X-Men, and many others, Anna F. Peppard and her contributors present superhero sexuality as both dangerously exciting and excitingly dangerous, encapsulating the superhero genre's worst impulses and its most

productively rebellious ones. Supersex argues that sex is at the heart of our fascination with superheroes, even—and sometimes especially—when the capes and tights stay on.

Batman: The Killing Joke Alan Moore,Brian Bolland,2008-03-19 A NEW YORK TIMES Bestseller!

Presented for the first time with stark, stunning new coloring by Brian Bolland, BATMAN: THE KILLING JOKE is Alan Moore's unforgettable meditation on the razor-thin line between sanity and insanity, heroism and villainy, comedy and tragedy. According to the grinning engine of madness and mayhem known as the Joker, that's all that separates the sane from the psychotic. Freed once again from the confines of Arkham Asylum, he's out to prove his deranged point. And he's going to use Gotham City's top cop, Commissioner Jim Gordon, and the Commissioner's brilliant and beautiful daughter Barbara to do it.
