Japan International Monetary Fund, 2012-08-10 This Working Paper is a detailed assessment of Japan's compliance with the Insurance Core Principles of the International Association of Insurance Supervisors. The paper identifies a reduction in interest rates and equity prices as two factors that influence the structure and functioning of the insurance market and emphasizes the important role played by the Financial Services Agency in supervising and regulating it. As Japan is prone to frequent natural disasters, the insurance sector is of prime importance to its economic and social well-being.

The Veiled Web Catherine Asaro, 2022-09-27 "A near-future layering of East and West, of religion and technology . . . and of love and its loss—all woven into an intriguing tapestry." —Diana Gabaldon, bestselling author of the Outlander series Winner of the Homer Award for Best Science Fiction Novel A renowned prima ballerina, Lucia del Mar is far more comfortable expressing herself through dance than with words. Shy and introverted, she spends most of her spare time on her laptop. Still, Lucia's job forces her out of her comfort zone, which is how she winds up at a White House reception where she meets Rashid al-Jazari, the wealthy CEO of a multinational corporation. Although attracted to him, Lucia can't help but feel awkward and shrugs off their encounter as a one-time event. Not realizing he feels a similar attraction, she never imagines Rashid will seek out her performances; he is the last person she expects to see when her dance company travels to Italy. Their reunion takes an even more unexpected turn when they're both drugged and kidnapped. Although they overcome their abductors, it leaves them stranded in North

Africa. For her own safety, Lucia agrees to marry Rashid, at least for the time being. As she recovers at his family compound in Morocco, reeling from their brush with danger, she struggles to fit into a culture she knows nothing about—and to deal with her growing feelings for Rashid. At the same time, at his secret office there, Rashid is developing a dramatic leap forward in artificial intelligence combined with virtual reality. He finds himself plunged into a fight for control of his work against powerful international forces, and caught in the middle, Lucia is swept into that battle . . . “A terrific novel, ripping a path from today’s headlines to tomorrow’s realities.” —Robert J. Sawyer, Nebula Award-winning author

Mauritania’s economy has performed well in 2011, despite significant challenges. Economic activity is likely to pick up and inflation to remain low. However, Mauritania faces important short- and medium-term policy challenges, notably in the social area, where progress in reducing poverty has been slow and unemployment is still high. The performance under the ECF-supported program has remained strong.

Lao People's Democratic Republic International Monetary Fund. Asia and Pacific Dept, 2012-10-18 Against the backdrop of generally sound policies and abundant natural resources, Lao P.D.R. has made impressive progress in developing its economy and reducing poverty. The key challenge going forward is to ensure that economic policy frameworks stay ahead of the curve to achieve sustainable and broad-based growth.

Gabon International Monetary Fund, 2006-06-20 Efficiency and equity reasons suggest placing a high priority on ensuring that fiscal policy is on a sustainable path. This chapter has sought to estimate the sustainable long-term non-oil primary deficit and the optimal adjustment path

toward that level. The banks' inability to monitor effectively the quality of their loan portfolios, paired with the high interest-rate floor on deposits, are key factors behind the very low degree of financial intermediation. The reform of fuel price subsidies in Gabon is necessary to facilitate pro-poor economic growth.

Burundi International Monetary Fund, 2012-08-06 The Poverty Reduction Strategy Paper II (PRSP-II) examines the major development challenges faced by Burundi. The paper identifies achievements in areas such as security and governance, but draws attention to the below-par performance in overall economic growth and development. The primary reasons for the lack of development have been cited in the report. The four major strategic pillars of the PRSP-II provide a road-map for achieving the goals and objectives enunciated to put Burundi on the path toward sustainable development.

Denmark International Monetary Fund. European Dept., 2013-01-24 The global financial crisis hit Denmark hard, and the recovery has been slow and unsteady. Denmark's slow growth predates the recent economic crisis, and the economy has underperformed its regional peers. The current account remains in surplus, largely reflecting weak domestic demand since the crisis and strong net income. Monetary policy is based on maintaining a tight peg to the euro. Denmark's financial system has rebuilt capital but still has substantial vulnerabilities. Potential growth is expected to recover gradually.
