Declining Grammar and Other Essays on the English Vocabulary Dennis E. Baron, 1989 This book contains 25 essays about English words, and how they are defined, valued, and discussed. The book is divided into four sections. The first section, Language Lore, examines some of the myths and misconceptions that affect attitudes toward language--and towards English in particular. The second section, Language Usage, examines some specific questions of meaning and usage. Section 3, Language Trends, examines some controversial trends in English vocabulary, and some developments too new to have received comment before. The fourth section, Language Politics, treats several aspects of linguistic politics, from special attempts to deal with the ethnic, religious, or sex-specific elements of vocabulary to the broader issues of language both as a reflection of the public consciousness and the U.S. Constitution and as a refuge for the most private forms of expression. How to Design and Evaluate Research in Education Jack R. Fraenkel, Norman E. Wallen, 2005-04 How to Design and Evaluate Research in Education provides a comprehensive introduction to educational research. Step-by-step analysis of real research studies provides students with practical examples of how to prepare their work and read that of others. End-of-chapter problem sheets, comprehensive coverage of data analysis, and

information on how to prepare research proposals and reports make it appropriate both for courses that focus on doing research and for those that stress how to read and understand research.

Dead Astronauts Jeff VanderMeer, 2019-12-03 A 2020 LOCUS AWARD FINALIST Jeff VanderMeer's *Dead Astronauts* presents a City with no name of its own where, in the shadow of the all-powerful Company, lives human and otherwise converge in terrifying and miraculous ways. At stake: the fate of the future, the fate of Earth—all the Earths. A messianic blue fox who slips through warrens of time and space on a mysterious mission. A homeless woman haunted by a demon who finds the key to all things in a strange journal. A giant leviathan of a fish, centuries old, who hides a secret, remembering a past that may not be its own. Three ragtag rebels waging an endless war for the fate of the world against an all-powerful corporation. A raving madman who wanders the desert lost in the past, haunted by his own creation: an invisible monster whose name he has forgotten and whose purpose remains hidden.

Revitalizing Endangered Languages Justyna Olko, Julia Sallabank, 2021-01-31 Of the approximately 7,000 languages in the world, at least half may no longer be spoken by the end of the twenty-first century. Languages are endangered by a number of factors, including globalization, education policies, and the political, economic and cultural marginalization of minority groups. This guidebook provides ideas and strategies, as well as some background, to help with the effective revitalization of endangered languages. It covers a broad scope of themes including effective planning, benefits, wellbeing, economic aspects, attitudes and ideologies. The chapter authors have hands-on experience of language revitalization in many countries around the world, and each chapter includes a wealth of examples, such as case studies from specific languages and

language areas. Clearly and accessibly written, it is suitable for non-specialists as well as academic researchers and students interested in language revitalization. This book is also available as Open Access on Cambridge Core.

Evaluating the Traveler's Perspective to Improve the Airport Customer Experience, 2021 Today's airports have become much more than transportation hubs. They are increasingly becoming places where people dine, shop, relax, work, and interact. This expanded role comes with challenges as airports try to understand and address the needs of their diverse customer base. The TRB Airport Cooperative Research Program's ACRP Research Report 231: Evaluating the Traveler's Perspective to Improve the Airport Customer Experience presents information and tools to better understand the traveler's perspective of the airport journey and how airports might respond to the evolving needs of their travelers. Supplemental materials to the report include an executive summary, a multimedia tool that provides visuals to support the findings, and Appendices C through F (which include a social media and media analysis toolkit, a review of creative benchmarking, a sample data summary table for creative benchmarking, and a listing of social media and media analysis resources and guides).

Teaching the Indian Child Jon Allan Reyhner, 1986

A Playful Path Bernard De Koven, 2013-12-18 A Playful Path, the new book by games guru and fun theorist Bernard De Koven, serves as a collection of ideas and tools to help us bring our playfulness back into the open. When we find ourselves forgetting the life of the game or the game of life, the joy of form or the content, the play of brain or mind, body or spirit, this book can help us return to that which our soul is heir.

Social Writing/social Media Douglas M. Walls, Stephanie Vie, 2017 Examines the impact of social media on three writing-related themes: publics and audiences, presentation of self and groups, and pedagogy at various levels of higher education.

Sometimes I Act Crazy Jerold J. Kreisman, M.D., Hal Straus, 2006-04-14 A source of hope, expert advice, and guidance for people with borderline personality disorder and those who love them Do you experience frightening, often violent mood swings that make you fear for your sanity? Are you often depressed? Do you engage in self-destructive behaviors such as drug or alcohol abuse, anorexia, compulsive eating, self-cutting, and hair pulling? Do you feel empty inside, or as if you don't know who you are? Do you dread being alone and fear abandonment? Do you have trouble finishing projects, keeping a job, or forming lasting relationships? If you or someone you love answered yes to the majority of these questions, there's a good chance that you or that person suffers from borderline personality disorder, a commonly misunderstood and misdiagnosed psychological problem afflicting tens of millions of people. Princess Diana was one of the most well-known BPD sufferers. As a source of hope and practical advice for BPD sufferers and those who love them, this new book by Dr. Jerold J. Kreisman and Hal Straus, bestselling authors of *I Hate You, Don't Leave Me*, offers proven techniques that help you: * Manage mood swings * Develop lasting relationships * Improve your self-esteem * Keep negative thoughts at bay * Control destructive impulses * Understand your treatment options * Find professional help

Multimedia Tay Vaughan, 1996 Thoroughly updated for new breakthroughs in multimedia The internationally bestselling *Multimedia: Making it Work* has been fully revised and expanded to cover the latest technological advances in multimedia. You will learn to plan and manage multimedia projects, from dynamic CD-ROMs and DVDs to professional websites. Each chapter includes step-by-step instructions, full-color illustrations and screenshots, self-quizzes, and hands-on projects.

Systems Analysis and Design Gary B. Shelly, Harry J. Rosenblatt, 2011 Systems Analysis and Design, Video Enganced

International Edition offers a practical, visually appealing approach to information systems development.

Technology and Social Inclusion Mark

Warschauer, 2004-09-17 Much of the discussion about new technologies and social equality has focused on the oversimplified notion of a digital divide. *Technology and Social Inclusion* moves beyond the limited view of haves and have-nots to analyze the different forms of access to information and communication technologies. Drawing on theory from political science, economics, sociology, psychology, communications, education, and linguistics, the book examines the ways in which differing access to technology contributes to social and economic stratification or inclusion. The book takes a global perspective, presenting case studies from developed and developing countries, including Brazil, China, Egypt, India, and the United States. A central premise is that, in today's society, the ability to access, adapt, and create knowledge using information and communication technologies is critical to social inclusion. This focus on social inclusion shifts the discussion of the digital divide from gaps to be overcome by providing equipment to social development challenges to be addressed through the effective integration of technology into communities, institutions, and societies. What is most important is not so much the physical availability of computers and the Internet but rather people's ability to make use of those technologies to engage in meaningful social practices.

Design Activism Alastair Fuad-Luke, 2013-06-17 Design academics and practitioners are facing a multiplicity of challenges in a dynamic, complex, world moving faster than the current design paradigm which is largely tied to the values and imperatives of commercial enterprise. Current education and practice need to evolve to ensure that the discipline of design meets sustainability drivers and equips students, teachers and professionals for the near-future. New approaches, methods and

tools are urgently required as sustainability expands the context for design and what it means to be a 'designer'. Design activists, who comprise a diverse range of designers, teachers and other actors, are setting new ambitions for design. They seek to fundamentally challenge how, where and when design can catalyse positive impacts to address sustainability. They are also challenging who can utilise the power of the design process. To date, examination of contemporary and emergent design activism is poorly represented in the literature. This book will provide a rigorous exploration of design activism that will re-vitalise the design debate and provide a solid platform for students, teachers, design professionals and other disciplines interested in transformative (design) activism. Design Activism provides a comprehensive study of contemporary and emergent design activism. This activism has a dual aim - to make positive impacts towards more sustainable ways of living and working; and to challenge and reinvigorate design praxis,. It will collate, synthesise and analyse design activist approaches, processes, methods, tools and inspirational examples/outcomes from disparate sources and, in doing so, will create a specific canon of work to illuminate contemporary design discourse. Design Activism reveals the power of design for positive social and environmental change, design with a central activist role in the sustainability challenge. Inspired by past design activists and set against the context of global-local tensions, expressions of design activism are mapped. The nature of contemporary design activism is explored, from individual/collective action to the infrastructure that supports it generating powerful participatory design approaches, a diverse toolbox and inspirational outcomes. This is design as a political and social act, design to enable adaptive societal capacity for co-futuring.

Educational Design Research Jan Van den Akker, Koen Gravemeijer, Susan McKenney, Nienke Nieveen, 2006-11-22 The field of design research has been gaining momentum over the last

five years, particularly in educational studies. As papers and articles have grown in number, definition of the domain is now beginning to standardise. This book fulfils a growing need by providing a synthesised assessment of the use of development research in education. It looks at four main elements: background information including origins, definitions of development research, description of applications and benefits and risks associated with studies of this kind how the approach can serve the design of learning environments and educational technology quality assurance - how to safeguard academic rigor while conducting design and development studies a synthesis and overview of the topic along with relevant reflections.

Funding Bodies Sarah Wilbur, 2021-10-20 A cultural and structural analysis of the NEA's dance funding from its inception through the early 2000s. Wilbur studies how people in power engineer and translate institutional norms of arts recognition within dance, performance, and arts policy disclosure--

Business Marketing Management Michael D. Hutt, Thomas W. Spohrer, 2014 Reflecting the latest trends and issues, the new Europe, Middle East & Africa Edition of Business Marketing Management: B2B delivers comprehensive, cutting-edge coverage that equips students with a solid understanding of today's dynamic B2B market.
