The authors combine their experience in library public services and mobile technology to provide easy-to-follow, step-by-step instructions to help you get up to speed.

Electronic Books and ePublishing Harold Henke, 2012-12-06 Over the past few years the e-book has received much attention - the new generation of books can be downloaded from the Internet. Indeed, many publishing applications nowadays enable the production of electronic books. This book shows readers how to design electronic books using the book metaphor. The information presented is a culmination of the author's experience as an author and researcher. It contains valuable information gathered through user surveys, user focus groups, usability testing, and participation in industry groups and standards organisations. A definite must-have for anyone interested in the new generation of books.

Triggered Donald Trump Jr., 2019-11-05 This is the book that the leftist elites don't want you to read -- Donald Trump, Jr., exposes all the tricks that the left uses to smear conservatives and push them out of the public square, from online shadow banning to rampant political correctness. In *Triggered*, Donald Trump, Jr. will expose all the tricks that the left uses to smear conservatives and push them out of the public square, from

online shadow banning to fake accusations of hate speech. No topic is spared from political correctness. This is the book that the leftist elites don't want you to read! Trump, Jr. will write about the importance of fighting back and standing up for what you believe in. From his childhood summers in Communist Czechoslovakia that began his political thought process, to working on construction sites with his father, to the major achievements of President Trump's administration, Donald Trump, Jr. spares no details and delivers a book that focuses on success and perseverance, and proves offense is the best defense.

The Vacationers Emma Straub, 2015-06-02 Delicious . . . richly riveting . . . The Vacationers offers all the delights of a fluffy, read-it-with-sunglasses-on-the-beach read, made substantial by the exceptional wit, insight, intelligence and talents of its author."—People (four stars) An irresistible, deftly observed novel from the New York Times—bestselling author of All Adults Here

and This Time Tomorrow— about the secrets, joys, and jealousies that rise to the surface over the course of an American family's two-week stay in Mallorca. For the Posts, a two-week trip to the Balearic island of Mallorca with their extended family and friends is a celebration: Franny and Jim are observing their thirty-fifth wedding anniversary, and their daughter, Sylvia, has graduated from high school. The sunlit island, its mountains and beaches, its tapas and tennis courts, also promise an escape from the tensions simmering at home in Manhattan. But all does not go according to plan: over the course of the vacation, secrets come to light, old and new humiliations are experienced, childhood rivalries resurface, and ancient wounds are exacerbated. This is a story of the sides of ourselves that we choose to show and those we try to conceal, of the ways we tear each other down and build each other up again, and the bonds that ultimately hold us together. With wry humor and tremendous heart, Emma Straub delivers a richly satisfying story of a family in the midst of a maelstrom of change, emerging irrevocably altered yet whole.
