The New Broadway Song Companion David P. DeVenney,2009-07-29 This is a completely revised and expanded second edition of *The Broadway Song Companion*, the first complete guide and access point to the vast literature of the Broadway musical for the solo performer. Designed with the working actor in mind, the volume lists every song from over 300 Broadway shows, including at least 90 more than the first edition. Organized by show, each song is annotated with the name of the character(s) who sing(s) the song, the vocal range, and a style category, such as uptempo, narrative ballad, swing ballad, moderate character piece, etc. Several indexes are supplied, organizing the songs by voice type (soprano, baritone, etc.) and song style, vocal arrangement (duets, trios, chorus, etc.), and composer and lyricist, allowing increased access to the repertoire. For instance, a soprano looking for a ballad to sing will find every song in that category in the index. All solos, duets, and trios are indexed in this manner, with quartets and larger ensembles listed by voice type. Furthermore, the instant breakdowns (how many lead characters, who sings what song, and the range requirements of each character) will be a valuable resource to directors and producers.

*New York Magazine* ,1988-11-14 *New York magazine* was born in 1968 after a run as an insert of the *New York Herald*

Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

**Mothering by the Book** Jennifer Pepito,2022-08-02 Wit and wisdom for every mother, everywhere.--ERIN LOECHNER, author of *Chasing Slow* Becoming a better, happier mom starts with the stories you tell your kids As a mom, you want to nurture a strong family, but fear steals your joy. Sometimes you wonder if you're failing your children or whether you're cut out for this. Beloved writer and mom of seven Jennifer Pepito understands. She was intent on loving her children well, but fear and worry pushed her around. Ultimately, she found her joy in a most surprising place: the pages of classic literature she was reading aloud to her children every day. These stories helped her reclaim the wonder of childhood for herself and her children. In *Mothering by the Book*, Jennifer takes you on a fascinating, whimsical journey that will bring freedom and fun to your parenting--one great book at a time.

Coastal Encounters Richmond F. Brown,2007-12-01 Coastal Encounters opens a window onto the fascinating world of the eighteenth-century Gulf South. Stretching from Florida to Texas, the region witnessed the complex collision of European, African, and Native American peoples. The Gulf South offered an extraordinary stage for European rivalries to play out, allowed a Native-based frontier exchange system to develop alongside an emerging slave-based plantation economy, and enabled the construction of an urban network of unusual opportunity for free people of color. After being long-neglected in favor of the English colonies of the Atlantic coast, the colonial Gulf South has now become the focus of new and exciting scholarship. Coastal Encounters brings together leading experts and emerging scholars to provide a portrait of the Gulf South in the eighteenth century. The contributors depict the remarkable transformations that took place--demographic, cultural, social, political, and economic--and examine the changes from multiple perspectives, including those of Native Americans, Europeans, and Africans; colonizers and colonized; men and women. The outstanding essays in this book argue for the central place of this dynamic region in colonial history.

**Emperor** Geoffrey Parker,2019-06-25 Drawing on vital new evidence, a top historian dramatically reinterprets the life and reign of Holy Roman Emperor Charles V, ruler of the world's first transatlantic empire Masterly.--William Anthony Hay, Wall Street Journal Seldom does one find a work of such profound scholarship delivered in such elegant and engaging prose. Drawing deftly on an astonishing volume of documentary evidence, Parker has produced a masterpiece: an epic, detailed and vivid life of this complex man and his impossibly large empire.--Susannah

Lipscomb, Financial Times Selected as a book of the year (2020) by Simon Sebag Montefiore in Aspects of History magazine The life of Emperor Charles V (1500-1558), ruler of Spain, Germany, the Netherlands, and much of Italy and Central and South America, has long intrigued biographers. But the elusive nature of the man (despite an abundance of documentation), his relentless travel and the control of his own image, together with the complexity of governing the world's first transatlantic empire, complicate the task. Geoffrey Parker, one of the world's leading historians of early modern Europe, has examined the surviving written sources in Dutch, French, German, Italian, Latin, and Spanish, as well as visual and material evidence. He explores the crucial decisions that created and preserved this vast empire, analyzes Charles's achievements within the context of both personal and structural factors, and scrutinizes the intimate details of the ruler's life for clues to his character and inclinations. The result is a unique biography that interrogates every dimension of Charles's reign and views the world through the emperor's own eyes.
