MILES OKAZAKI

Fundamentals of Guitar MILES OKAZAKI, 2015-02-25 This book is designed to be useful for guitarists at any skill level. Beginners can use it as an introduction to the foundational concepts of the instrument, intermediate players can use it for training and theoretical work, and advanced players can explore the sections on advanced theory, extended technique and the exhaustive tables of melodic and rhythmic possibilities. It is divided into two parts: pitch and rhythm. Part 1 (pitch) begins with the properties of string, harmonics, and tuning systems. It then moves methodically through pitch information, beginning with locating all versions of a single pitch, building pentatonic, heptatonic, and all possible symmetrical scales. This is followed by a study of intervals, with all possible locations of every two pitches, and a long study that moves through every possible fingering of three pitches, with a series of exercises to master triadic syntax. Part 1 closes with a study of four-pitch structures and complete tables that show all possible pitch sets in circular visual notation. Part 2 (rhythm) begins with a complete course in Symmetrical Picking, a method based on drum rudiments that builds control in the picking hand through an exhaustive variety of movements. The focus of

this section is building a strong rhythmic foundation, with a focus on efficiency, accuracy, speed, dynamics, and groove. It is followed by a study of legato playing, working with ornaments and slides. The study of playing with fingers on multiple strings takes up the remainder of the book. This begins with the study of pulse against pulse, playing twosimultaneous tempos. The book concludes with a study of polyrhythm, playingone rhythm against another. Plain English is used as much as possible to describe theoretical concepts, and hundreds of illustrations were made for the book as an aid to those who either don't speak English or prefer to think visually. This approach is designed to beinclusive and to promote creative practice. The main idea of the book is described in this passage (page 154): Even in this small area there is a lot of material, potentially a lifetime of study. The amount of information can feel overwhelming to students at any level. For this reason, the book is designed for self-directed practice, with an emphasis on what the player could do, rather than what the player should do. The principle is to develop your own learning process, rather than following someone else?s. The ability to make choices is essential in finding a personal approach to the instrument. Pick and choose the studies that seem interesting - there should be enough variety

to accommodate a wide range of personalities. If any particular concept or exercise has been useful as the starting point for a new creative direction, then the book has done its job. Its purpose is not to push any dogma, method, or style, but to open the door to options for guitarists of any background that are looking for new perspectives.

Guitar Notes Mary Amato, 2012-07-01 On odd days, Tripp uses
a school practice room to let loose on a borrowed guitar. Eyes

closed, strumming that beat-up instrument, Tripp escapes to a world where only the music matters. On even days, Lyla Marks uses the same practice room. To Tripp, she's trying to become even more perfect—she's already a straight-A student and an award-winning cellist. But when Lyla begins leaving notes for him in between the strings of the guitar, his life intersects with hers in a way he never expected. What starts as a series of snippy notes quickly blossoms into the sharing of interests and secrets and dreams, and the forging of a very unlikely friendship. Challenging each other to write songs, they begin to connect, even though circumstances threaten to tear them apart. From beloved author Mary Amato comes a YA novel of wit and wisdom, both heartfelt and heartbreaking, about the power of music and the unexpected chords that draw us together.

Your Song Changed My Life Bob Boilen, 2016-04-12 From the
beloved host and creator of NPR's All Songs Considered and Tiny
Desk Concerts comes an essential oral history of modern music,
told in the voices of iconic and up-and-coming musicians, including
Dave Grohl, Jimmy Page, Michael Stipe, Carrie Brownstein,
Smokey Robinson, and Jeff Tweedy, among others—published in
association with NPR Music. Is there a unforgettable song that
changed your life? NPR's renowned music authority Bob Boilen
posed this question to some of today's best-loved musical legends
and rising stars. In *Your Song Changed My Life*, Jimmy Page (Led
Zeppelin), St. Vincent, Jónsi (Sigur Rós), Justin Vernon (Bon Iver),
Cat Power, David Byrne (Talking Heads), Dave Grohl (Nirvana,

Foo Fighters), Jeff Tweedy (Wilco), Jenny Lewis, Carrie Brownstein (Portlandia, Sleater-Kinney), Yusuf Islam (Cat Stevens), Colin Meloy (The Decemberists), Trey Anastasio (Phish), Jackson Browne, Valerie June, Philip Glass, James Blake, and other artists reflect on pivotal moments that inspired their work. For Wilco's Jeff Tweedy, it was discovering his sister's 45 of The Byrds' "Turn, Turn, Turn." A young St. Vincent's life changed the day a box of CDs literally fell off a delivery truck in front of her house. Cat Stevens was transformed when he heard John Lennon cover "Twist and Shout." These are the momentous yet unmarked events that have shaped these and many other musical talents, and ultimately the sound of modern music. A diverse collection of personal experiences, both ordinary and extraordinary, *Your Song Changed My Life* illustrates the ways in which music is revived, restored, and revolutionized. It is also a testament to the power of music in our lives, and an inspiration for future artists and music lovers. Amazing contributors include: Jimmy Page (Led Zeppelin), Carrie Brownstein (Sleater-Kinney, Portlandia, Wild Flag), Smokey Robinson, David Byrne (Talking Heads), St. Vincent, Jeff Tweedy (Wilco), James Blake, Colin Meloy (The Decemberists), Trey Anastasio (Phish), Jenny Lewis (Rilo Kiley), Dave Grohl (Nirvana,

Foo Fighters), Yusuf Islam (Cat Stevens), Sturgill Simpson, Justin Vernon (Bon Iver), Cat Power, Jackson Browne, Michael Stipe (R.E.M.), Philip Glass, Jónsi (Sigur Rós), Hozier, Regina Carter, Conor Oberst (Bright Eyes, and others), Courtney Barnett, Chris Thile (Nickel Creek, Punch Brothers), Leon Bridges, Sharon Van Etten, and many more.
