*The Solotype Catalog of 4,147 Display Typefaces* Dan X. Solo,2014-05-05 The author of many books on typography, Dan X. Solo was also the proprietor of his own typography shop in Oakland, California – an establishment dedicated to unusual typography and special effects. This comprehensive catalog offers graphic designers a dazzling selection of over 4,000 typefaces and optical effects available from Solotype Typographers. Here, in Solo's words, is a great cast of characters – the alphabet – abetted by a cornucopia of typographical ideas and an endless resource of letters, words, phrases, slogans, logos, humorous comments, headlines, and graphic symbols. Individual sections of the book display a rich variety of typefaces in categories such as Condensed, Victorian, Art Nouveau, Art Deco, Rustic, Thick-and-tin, Calligraphic, Uncials, Latins, and Blackletter. Samples are imaginatively presented. Stagecoach, for example, is printed in Fargo typeface, evoking dusty trails, rawhide, and ten-gallon hats, while Sizzling summer savings appears appropriately in the flamboyant Firebug typeface. All typefaces are indexed for quick and easy reference. As entertaining as it is practical and useful, this impressive treasury of versatile typefaces and optical effects will be indispensable to busy commercial artists as an inexhaustible source of typographic ideas and a swipe file of words, phrases, and letters for use in graphic art projects.

**Elegant Display Alphabets** Dan X. Solo,1992-01-01 Type fonts selected to add formal elegance, precision and grace to graphic projects that require a more reserved and thoughtful approach. Most of the fonts include both upper- and lowercase alphabets, numbers, punctuation marks and typographical ornaments.

Art Deco Display Alphabets Dan X. Solo,1982-01-01 Comprehensive, practical treasury of Art Deco typography selected by noted typographer Dan Solo. Includes Broadway Engraved, Lampoon, Modernique, Plaza Suite, Neon, over 90 more. Alphabets are immediately useable and copyright-free; printed in jet black ink on repro quality paper. Many fonts display both upper and lower case letters.

**Studio Handbook: Lettering & Design** Samuel Welo,2017-01-18 This beautifully designed little book reflects the elegance of the Art Deco period and will prove a useful and entertaining resource for modern typographers and graphic artists. In addition to demonstrating the appeal and effectiveness of great lettering, it abounds in material that designers can adapt – borders, ribbons, dingbats, rules, and more. Like the 1931 first edition, it is printed in two colors and graced with a decorative hardcover binding.

**Carol Twombly** Nancy Stock-Allen,2016 This study is a fascinating inside look at digital type design, the rather mysterious career of one of its most important practitioners, and the history and culture of Adobe Type, with additional insight into other type designers of the digital era. It is difficult to imagine a graphic designer in the last quarter century who is not familiar with at least some of Carol Twombly's typefaces. Yet many of those who use her fonts today would be hard pressed to name their designer. Twombly studied at the Rhode Island School of Design under professor Charles Bigelow, and she also studied at the Bigelow & Holmes studio. She joined Adobe Systems in 1988, when the company was hiring young designers for the newly launched type department. During her ten years at Adobe, she designed some of the most recognizable and popular typefaces on the market today, including Trajan (1989), Charlemagne (1989), Lithos (1989), Adobe Caslon (1990), Myriad (1991, with Robert Slimbach), Viva (1993), Nueva (1994), and Chaparral (1997). In 1994, Twombly won the Prix Charles Peignot, given by the Association Typographique Internationale (ATypI) the first woman, and second American, to receive the award. Having achieved international recognition, Twombly was uncomfortable being in the public eye at conferences and in Adobe marketing materials. She also grew dissatisfied with changes at Adobe and with her evolving role at the company. In 1999 she left both Adobe and her career to pursue other artistic interests. Nancy Stock-Allen is a graphic designer and a blogger on subjects related to design, type, and women in design history. She was formerly Professor of Graphic Design and department chair at the Moore College of Art and Design. She interviewed and corresponded extensively with Carol Twombly and many of her associates and colleagues in writing this profile of a woman who rose to the top of a field historically dominated by men, at a time of barrier-breaking and technological revolution.

**Adrian Frutiger – Typefaces** Heidrun Osterer,Philipp Stamm,2014-05-08 The international creation of typefaces after 1950 was decisively influenced by the Swiss type designer Adrian Frutiger. His Univers typeface and the machine-readable font OCR-B, which was adopted as an ISO standard, are milestones, as is his type for the Paris airports, which set new standards for signage types and evolved into the Frutiger typeface. With his corporate types, he helped to define the public profiles of companies such as the Japanese Shiseido line of cosmetics. In all he created some fifty types, including Ondine, Méridien, Avenir, and Vectora. Based on conversations with Frutiger himself and on extensive research in France, England, Germany, and Switzerland, this publication provides a highly detailed and accurate account of the type designer's artistic development. All of his types – from the design phase to the marketing stage – are illustrated and analyzed with reference to the technology and related types. Hitherto unpublished types that were never realized and more than one hundred logos complete the picture. This second, revised and expanded study edition, which now has an index, makes Frutiger's achievement even more accessible.

**Signs and Symbols** Adrian Frutiger,1998 Discusses the elements of a sign, and looks at pictograms, alphabets, calligraphy, monograms, text type, numerical signs, symbols, and trademarks.

**Churchward International Typefaces** David Bennewith,Joseph Churchward,2009 A new publication presenting an overview of the work of Samoan-born New Zealand-based alphabet and advertising designer Joseph Churchward [1932]. The publication compiles archive material, correspondence, realised and un-realised designwork, alphabet designs and in-dispersed with essays surrounding aspects of Churchward's practice by New Zealand and overseas writers and designers. It attempts to tell a story in process of New Zealand's most prolific designer of letters to date.

**Modern Display Alphabets** Franklin Photelettering,1974

Alphabets & Other Signs Julian Rothenstein,Mel Gooding,1993 A source of idiosyncratic clip art for graphic artists and designers and a celebration of the printed word in all its diversity. Over 130 unusual and rare alphabets, monograms, numerals, ampersands, ornaments, arrows, and more accompany a fascinating essay on the philosophy of alphabet design.

**Cold War Modern** David Crowley,Jane Pavitt,2008 Modern life after 1945 seemed to promise both utopia and catastrophe. Both could, it seemed, be achieved at the 'push of a button'. Published to accompany a major V & A exhibition, 'Cold War Modern: Design 1945-1970', this book explores how the politics of the Cold War shaped architecture and design. Reassessing 'classic' designs and introducing many little-known objects.

100 Wood Type Alphabets Rob Roy Kelly,1977-01-01 Beautiful selection of 100 19th-century American wood type fonts, many reproduced at actual size. Each font features a complete alphabet of capitals; many include lowercase letters, numerals, and punctuation marks.
