**Ms. 45** Alexandra Heller-Nicholas,2017-02-28 Despite its association with the broadly disparaged rape-revenge category, Abel Ferrara's Ms. 45 is today considered one of the most significant feminist cult films of the 1980s. Straddling mainstream, arthouse, and exploitation film contexts, Ms. 45 is a potent case study for cult film analysis. At its heart lies two figures: Ferrara himself, and the movie's star, the iconic Zoe Lund, who would further collaborate with Ferrara on later projects such as *Bad Lieutenant*. This book explores the entwining histories and contexts that led to Ms. 45's creation and helped establish its

enduring legacy, particularly in terms of feminist cult film fandom, and the film's status as one of the most important, influential, and powerful rape-revenge films ever made.

**Indicting the 45th President** Gregg Barak, 2024-04-01 Indicting the 45th President is a sequel to Criminology on Trump in real time, continuing the criminological investigation into the former US president. Developing and expanding on the themes of family dynamics, deviance, deception, dishonesty, and the weaponization of the law, this book offers the next chapter on the world's most successful outlaw. In this new book, Gregg Barak considers the campaigns and policies, the corruption, the state- organized abuses of power and obstructions of justice, the pardons, the failed insurrection, the prosecutions, the indictment of Trump and the politics of punishment as these revolve around the Trumpian character and social structures that encourage such crimes of the powerful. Barak also thoroughly addresses the threat to American Democracy, critiques the current state of the U.S. constitutional system, and proposes reforms to enhance justice for all in the United States. Another accessible and compelling read, this is essential reading for all those engaged with state and white- collar crime in the context of power and privilege, and those seeking a criminological understanding of Trump's evasion of law and justice.

*It's Okay to Manage Your Boss* Bruce Tulgan, 2010-08-13 Get what you need from your boss In this follow-up to the bestselling *It's Okay to Be the Boss*, Bruce Tulgan argues that as managers demand more and more from their employees, they are also providing them with less guidance than ever before. Since the number one factor in employee success is the relationship between employees and their immediate managers, employees need to

take greater responsibility for getting the most out of that relationship. Drawing on years of experience training managers and employees, Tulgan reveals the four essential things employees should get from their bosses to guarantee success at work. Shows employees how to ask for what they need to succeed in their high-pressure jobs Shatters previously held beliefs about how employees should manage up Outlines what employees must get from their managers: clear expectations; the skills needed to perform their jobs; honest feedback, recognition or rewards A novel approach to managing up, It's Okay to Manage Your Boss is an invaluable resource for employees who want to work more effectively with their managers.
