The Listeners Jordan Tannahill,2021-08-17 NATIONAL BESTSELLER SCOTIABANK GILLER PRIZE FINALIST A propulsive literary page-turner about a family torn apart by a mother's obsession with a sound that no one else can hear One night, while lying in bed next to her husband, Claire Devon suddenly hears a low hum. This innocuous sound, which no one else in the house can hear, has no obvious source or medical cause, but it begins to upset the balance of Claire's life. When she discovers that one of her students can also hear the hum, the two strike up an unlikely and intimate friendship. Finding themselves increasingly isolated from their families and colleagues, they fall in with a disparate group of people who also perceive the sound. What starts out as a kind of neighbourhood self-help group gradually transforms into something much more extreme, with far-reaching, devastating consequences. *The Listeners* is an electrifying novel that treads the thresholds of faith, conspiracy and mania. Compelling and exhilarating, it forces us to consider how strongly we hold on to what we perceive, and the way different views can tear a family apart.

How to Take Smart Notes Sönke Ahrens,2022-03-11 This is the second, revised and expanded edition. The first edition was published under the slightly longer title *How to Take Smart Notes. One Simple Technique to Boost Writing, Learning and Thinking - for Students, Academics and Nonfiction Book Writers*. The key to good and efficient writing lies in the intelligent organisation of ideas and notes. This book helps students, academics and other knowledge workers to get more done, write intelligent texts and learn for the long run. It teaches you how to take smart notes and ensure they bring you and your projects forward. The *Take Smart Notes* principle is based on established psychological insight and draws from a tried and tested note-taking technique: the Zettelkasten. This is the first comprehensive guide and description of this system in English, and not only does it explain how it works, but also why. It suits students and academics in the social sciences and humanities, nonfiction writers and others who are in the business of reading, thinking and writing. Instead of wasting your time searching for your notes, quotes or references, you can focus on what really counts: thinking, understanding and developing new ideas in writing. Dr. Sönke Ahrens is a writer and researcher in the field of education and social science. He is the author of the award-winning book "*Experiment and Exploration: Forms of World Disclosure*" (Springer). Since its first publication, *How to Take Smart Notes* has sold more than 100,000 copies and has been translated into seven languages.

The Predators' Ball Connie Bruck,2020-02-04 "Connie Bruck traces the rise of this empire with vivid metaphors and with a smooth command of high finance's terminology." –The New York Times "The Predators' Ball is dirty dancing downtown." –New York Newsday From bestselling author Connie Bruck, The Predators' Ball dramatically captures American business history in the making, uncovering the philosophy of greed that dominated Wall Street in the 1980s. During the 1980s, Michael Milken at Drexel Burnham Lambert was the Billionaire Junk Bond King. He invented such things as "the highly confident letter" ("I'm highly confident that I can raise the money you need to buy company X") and the "blind pool" ("Here's a billion dollars: let us help you buy a company"), and he financed the biggest corporate raiders—men like Carl Icahn and Ronald Perelman. And then, on September 7, 1988, things changed... The Securities and Exchange Commission charged Milken and Drexel Burnham Lambert with insider trading and stock fraud. Waiting in the wings was the US District Attorney, who wanted to file criminal and racketeering charges. What motivated Milken in his drive for power and money? Did Drexel Burnham Lambert condone the breaking of laws?

Harry Kent has saved and invested and now lives with a glamorous wife in a sun drenched luxury flat high above the Sussex coast, where the play is set. It is a hi tech paradise with only one snag: it's build on the site of an Ancient British sacrificial stone where black magic was practiced and now there are strange noises in the night. Paul Riggs has spent his fees on booze and birds, and he lives in dread of bookie's heavies. Harry wants to break the partnership that is Paul's lifeline, but Paul knows a sinister secret from Harry's past. They are therefore locked together in a dance from which murder seems the only escape and they have just plotted the perfect crime for the latest TV film.
