

Brittany Birt Hotel Job

John Willard

What May Have Been Susan Tepper, Gary Percesepe, 2010-12-01 *What May Have Been* is a novel in letters exchanged between the artist Jackson Pollock and his fictional lover, a young woman called Dori G. Susan Tepper and Gary Percesepe have created a sexy and luminous love story that takes place sometime during the late 1940's, in that sandy wonderland at the eastern tip of Long Island known as The Hamptons. Advance Praise for *What May Have Been* In this extraordinary novel, Pollock tells his lover that things like paint and wives are very small in the scheme of things. Gary Percesepe and Susan Tepper show how the great scheme of things is, in fact, in literary art, captured in paint and wives and a Montauk surf and a silky scarf and narrow hips and a cold water flat and a used Ford. Brilliantly conceived, brilliantly executed, this is a stunning book about art and about life. -Robert Olen Butler, Pulitzer Prize-winning author of *A Good Scent from a Strange Mountain* The fictional letters between Pollock and an imaginary Dori G come out in a hailstorm of paint flecks, locket, long looks, kisses, blowing sand. Dori sees Jackson in his distance and his nearing, and his return to her like the visit of one of the Greek gods to his mortal lover, as piercing and as fatal. -Mary Grimm, author of *Left to Themselves* and *Stealing Time* How to convey the irresistible pleasures of this novel in letters? The language mimics the slashing, dramatic immediate heroic gestures of abstract expressionism, is an extraordinary act of poetic invention, and tells a sexy and doomed love story. -James Robison, author of *The Illustrator* and *Rumors* These two fervent voices exude the splendor and gloom of adulterous love. -Mark Wisniewski, author of *Confessions of a Polish Used Car Salesman*

Give Them Lala Lala Kent, 2022-04-12 *The Vanderpump Rules* provocateur opens up about her rocky road to fame and sobriety in this collection of humorous and brutally honest essays--

The Illustrated London News, 1884

Women in Early British and Irish Astronomy Mary Brück, 2009-07-25 Careers in astronomy for women (as in other sciences) were a rarity in Britain and Ireland until well into the twentieth century. The book investigates the place of women in astronomy before that era, recounted in the form of biographies of about 25 women born between 1650 and 1900 who in varying capacities contributed to its progress during the eighteenth, nineteenth and early twentieth centuries. There are some famous names among them whose biographies have been written before now, there are others who have received less than their due recognition while many more occupied inconspicuous and sometimes thankless places as assistants to male family members. All deserve to be remembered as interesting individuals in an earlier opportunity-poor age. Placed in roughly chronological order, their lives constitute a sample thread in the story of female entry into the male world of science. The book is aimed at astronomers, amateur astronomers, historians of science, and promoters of women in science, but being written in non-technical language it is intended to be of interest also to educated readers generally.

Old Falmouth Susan Elizabeth Gay, 1903

Biography Shakira Katherine Krohn, 2007-10-01 Examines the life of the popular Colombian singer, songwriter, musician, and philanthropist.

Williams' Cincinnati Directory, City Guide and Business Mirror ,1892

Power Without Responsibility James Curran, Jean Seaton, 2003-12-16 Widely regarded as the standard book on the British Media, this authoritative introduction to the history, sociology, theory and politics of media and communications studies has been substantially revised and updated to bring it up to date with developments in the media industry. Its three new chapters describe the battle for the soul of the internet, the impact of the internet on society and the rise of new media in Britain. In addition it examines the recuperation of the BBC, how international and European regulation is changing the British media and why Britain has the least trusted press in Europe.

CatherineHennessey.com Catherine Hennessey, 2009-04-13 In these pages you will find reproduced the entire contents of the CatherineHennessey.com, written over three years from 2000 to 2003. While the archive of the weblog continues to live online, this is not an easy medium for contemplative reading and, as Catherine would tell you if you asked, it's liable to just up and disappear one day, electrons and computers being what they are. So, if nothing else, in committing Catherine's words to paper I hope to provide them with a longer-lasting home. The notion of a weblog was very new in 2000: Catherine was one of the first bloggers, on PEI or anywhere. So what you read here, on top of everything else, is part of the shaping of a new medium. These words provide so much insight into Catherine and the Charlotte Town she loves so dearly.

Australian Women's Weekly Children's Birthday Cake Book Australian Women's Weekly, Pamela Clark, 2011 Australia's most famous children's cake book - reprinted in a collector's edition. The Australian Women's Weekly's Children's Birthday Cake Book was first published in 1980 and has sold more than half a million copies. In response to all the requests we have had, often from mothers who remember fondly all the cakes from their own childhood, we have taken this book from our archives and reprinted it 30 years after it first appeared. We have had to make a minor change - four of your little friends are missing, but they've been replaced by other cakes you'll love just as much. Apart from that we've left it just as it was - a true collectors' cookbook especially for you. Now you can recreate your favourite cakes - the swimming pool, rocket and that train from the cover for your own child.

The Oxford History of World Cinema Geoffrey Nowell-Smith, 1996 Featuring nearly three thousand film stills, production shots, and other illustrations, an authoritative history of the cinema traces the development of the medium, its filmmakers and stars, and the evolution of national cinemas around the world

Fake? Mark Jones, Paul T. Craddock, Nicolas Barker, 1990-01-01 Describes the methods used to make artistic, literary, documentary, and political forgeries and the recent scientific advances in their detection. Includes over 600 objects from the British Museum and many other major collections, from ancient Babylonia to the present day.

Hermaphrodites and the Medical Invention of Sex Alice Domurat Dreger, 2009-07-01 Punctuated with remarkable case

studies, this book explores extraordinary encounters between hermaphrodites--people born with ambiguous sexual anatomy--and the medical and scientific professionals who grappled with them. Alice Dreger focuses on events in France and Britain in the late nineteenth century, a moment of great tension for questions of sex roles. While feminists, homosexuals, and anthropological explorers openly questioned the natures and purposes of the two sexes, anatomical hermaphrodites suggested a deeper question: just how many human sexes are there? Ultimately hermaphrodites led doctors and scientists to another surprisingly difficult question: what is sex, really? *Hermaphrodites and the Medical Invention of Sex* takes us inside the doctors' chambers to see how and why medical and scientific men constructed sex, gender, and sexuality as they did, and especially how the material conformation of hermaphroditic bodies--when combined with social exigencies--forced peculiar constructions. Throughout the book Dreger indicates how this history can help us to understand present-day conceptualizations of sex, gender, and sexuality. This leads to an epilogue, where the author discusses and questions the protocols employed today in the treatment of intersexuals (people born hermaphroditic). Given the history she has recounted, should these protocols be reconsidered and revised? A meticulously researched account of a fascinating problem in the history of medicine, this book will compel the attention of historians, physicians, medical ethicists, intersexuals themselves, and anyone interested in the meanings and foundations of sexual identity.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

My Life, as I See It Dionne Warwick, David Freeman Wooley, 2011-11-22 For the first time, music legend and humanitarian activist Dionne Warwick reflects on 50 years in showbusiness and the lessons she has learned from being an artist, a mother and a global icon. From her rise to superstardom to raising millions of dollars for AIDS research, she gives readers a glimpse into her dazzling, inspiring life. 'If you think you can do it, you can do

it' was the advice she got from her grandfather as a young girl - words she has never forgotten. Like her music and humanitarian work, her story is guaranteed to give hope and inspiration to people across the world.
