Bubbleball Ben Golliver,2021-05-04 A captivating account of the NBA's strangest season ever, from shutdown to championship, from a prominent national basketball writer living inside the bubble When NBA player Rudy Gobert tested positive for COVID-19 in March 2020, the league shut down immediately, bringing a shocking, sudden pause to the season. As the pandemic raged, it looked as if it might be the first year in league history with no champion. But four months later, after meticulous planning, twenty-two teams resumed play in a bubble at Disney World-a restricted, single-site locale cut off from the outside world. Due to health concerns, the league invited only a handful of reporters, who were required to sacrifice medical privacy, live in a hotel room for more than three months, and submit to daily coronavirus testing in hopes of keeping the bubble from bursting. In exchange for the constant monitoring and restricted movement, they were allowed into a basketball fan's dream, with a courtside seat at dozens of games in nearly empty arenas. Ben Golliver, the national NBA writer for the The Washington Post, was one of those allowed access. Bubbleball is his account of the season and life inside, telling the story of how basketball bounced back from its shutdown, how players staged headline-grabbing social justice protests, and how Lakers star LeBron James chased his fourth ring in unconventional and unforgettable circumstances. Based on months of reporting in the exclusive, confined environment, this is an entertaining record of an extraordinary season.

My Last Fight Darren McCarty,Kevin Allen,2014-10-01 Looking back on a memorable career, Darren McCarty recounts his time as one of the most visible and beloved members of the Detroit Red Wings as well as his personal struggles with addiction, finances, and women and his daily battles to overcome them. As a member of four Red Wings' Stanley Cup-winning teams, McCarty played the role of enforcer from 1993 to 2004 and returning again in 2008 and 2009. His Grind Line with teammates Kris Draper and Kirk Maltby physically overmatched some of the best offensive lines in the NHL, but he was more than just a brawler: his 127 career goals included several of the highlight variety, including an inside-out move against Philadelphia in the clinching game of the 1997 Stanley Cup Finals. As colorful a character as any NHL player, he has arms adorned with tattoos, and he was the lead singer in the hard rock band Grinder during the offseason. Yet this autobiography details what may have endeared him most to his fans: the honest, open way he has dealt with his struggles in life off the ice. Whether dealing with substance abuse, bankruptcy, divorce, or the death of his father, Darren McCarty has always seemed to persevere.

The Bubble Rule Clement Binnings,2015-11-05 Book 1 of The Grover Series, Angel Through the Storms, first introduces Dr. Luc Fontainebleau, his girlfriend Lola and her son Grover, a spiritual avatar.) Duryodhana Talwar, Indian Mafia mob boss now business tycoon, experiences a vision of a young boy, Grover, Keeper of the Flame. In it, he confronts another stranger, his own conscience calling him out. This, he cannot allow, thus he vows to find this child intruder and eradicate him. Dr. Luc Fontainebleau is recovering from the psychological trauma caused by Lola's disappearance during Hurricane Katrina following her psychotic break. He, Lola and Grover are in Mumbai visiting friends while New Orleans remains under martial Law in the wake of Katrina and Rita. Lola takes action against a brothel exploiting child sex slaves. This leads to the rescue and their custody of an eleven-year-old girl from Nepal named Binita. Luc deems Lola's crusade to be irrational, that it arose from her own traumatic experience of childhood sexual abuse, and worries that it could trigger an exacerbation of her dissociative disorder. But a part of him really believes that she, like her son Grover, is an angel. Thus his belief in her is continuously challenged by his scientific mind. When Lola's mission expands to encompass Grover's karmic entanglement in the life of Duryodhana Talwar, Luc has difficulty making the leap of faith required of him and disobeys those who possess a higher knowledge. This choice, not without warning, creates his own personal Katrina through which he must fight to save his mind from a hostile takeover. Ironically, Duryodhana Talwar is simultaneously fighting the same battle within himself as he faces the consequences of his past actions - where else, but in the field of Kurukshetra*. *Kurukshetra allegorically refers to the inner battlefield within each of us whereupon the divine qualities (the Pandavas) of the soul battle with the baser qualities (the Kauravas) of the ego. Author's note: The Kurukshetra War is a mythological war described in the Indian epic Mahabharata as a conflict that arose from a dynastic succession struggle between two groups of cousins of an Indo-Aryan kingdom called Kuru, the Kauravas and Pandavas, for the throne of Hastinapura.
