**The Dividend Investor and Imperative EBOOK BUNDLE** Daniel Peris,2013-09-20  
TWO E-BOOKS IN ONE The Strategic Dividend Investor Responsible for \$4.5 billion in dividend-anchored portfolios, Daniel Peris demonstrates that, for most investors, buying a stock in the hope of making a quick buck by selling it in a few weeks or months is far from the best way to create wealth. Instead, you should use the stock market as a means of receiving a share of excess profits—dividends—from corporations in which you own stock. Over time, those payments—and the growth of those payments—represent the vast majority of stock market returns. The Dividend Imperative The The Dividend Imperative , a bold new vision for anyone interested in having a stronger, broader, and healthier stock market for everyone. If you're invested in the future of the stock market, this is your wake-up call. Dividends are not the problem. They're part of the solution.
