**The Duke Who Didn't** Courtney Milan,2020-09-22 Miss Chloe Fong has plans for her life, lists for her days, and absolutely no time for nonsense. Three years ago, she told her childhood sweetheart that he could talk to her once he planned to be serious. He disappeared that very night. Except now he's back. Jeremy Wentworth, the Duke of Lansing, has returned to the tiny village he once visited with the hope of wooing Chloe. In his defense, it took him years of attempting to be serious to realize that the endeavor was incompatible with his personality. All he has to do is convince Chloe to make room for a mischievous trickster in her life, then disclose that in all the years they've known each other, he's failed to mention his real name, his title... and the minor fact that he owns her entire village. Only one thing can go wrong: Everything.

**Blindsight** Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*My Way* Paul Anka, David Dalton, 2013-04-09 A teen idol of the 1950s who virtually invented the singer/songwriter/heartthrob combination that still tops pop music today, Paul Anka rocketed to fame with a slew of hits—from Diana to Put Your Head on my Shoulder—that earned him a place touring with the major stars of his era, including Chuck Berry, Jerry Lee Lewis, and Buddy Holly. He wrote Holly's last hit, and just missed joining the rocker on his final, fatal plane flight. Anka also stepped in front of the camera in the teen beach-party movie era, scoring the movies and romancing their starlets, including Annette Funicello. When the British invasion made his fans swoon for a new style of music—and musician—Anka made sure he wasn't conquered. A rapier-canny businessman and image-builder who took his career into his own hands—just as he had from the very beginning, swiping his mother's car at fourteen to drive himself, underage, to his first gigs in Quebec—Anka toured the world until he could return home in triumph. A charter member of the Rat Pack, he wrote the theme music for *The Tonight Show* as well as his friend Frank Sinatra's anthem *My Way*. By the 1970s, a multi-decade string of pop chart-toppers, including *Puppy Love* and *(You're) Having My Baby*, cemented his status as an icon. *My Way* is bursting with rich, rollicking stories of the business and the people in Anka's life: Elizabeth Taylor, Dodi Fayed, Tom Jones,

Michael Jackson, Adnan Khashoggi, Little Richard, Brooke Shields, Johnny Roselli, Sammy Davis, Jr., Brigitte Bardot, Barnum & Bailey Circus acrobats, and many more. Anka is forthcoming, funny and smart as a whip about the business he's been in for almost six decades. My Way moves from New York to Vegas, from the casino stage to backstages all over the world. It's the most entertaining autobiography of the year.

**Three Lines in a Circle** Michael G. Long, 2021-08-31 One line straight down. One line to the right. One line to the left, then a circle. That was all—just three lines in a circle. This bold picture book tells the story of the peace symbol—designed in 1958 by a London activist protesting nuclear weapons—and how it inspired people all over the world. Depicting the symbol's travels from peace marches and liberation movements to the end of apartheid and the fall of the Berlin Wall, *Three Lines in a Circle* offers a message of inspiration to today's children and adults who are working to create social change. An author's note provides historical background and a time line of late twentieth-century peace movements.

**Becoming Ben Franklin** Russell Freedman, 2021-08-17 In 1723 Ben Franklin arrived in Philadelphia as a poor and friendless seventeen-year-old who had run away from his family and an apprenticeship in Boston. Sixty-two years later he stepped ashore in nearly the same spot but was greeted by cannons, bells, and a cheering crowd, now a distinguished statesman, renowned author, and world-famous scientist. Freedman's riveting story of how a rebellious apprentice became an American icon comes in an elegantly designed book filled with art and includes a timeline, source notes, bibliography, and index

**Black Diamond Queens** Maureen Mahon, 2020-10-09 African American women have played a pivotal part in rock and roll—from laying its foundations and singing chart-topping hits to influencing some of the genre's most iconic acts. Despite this, black women's importance to the music's history has been diminished by narratives of rock as a mostly white male enterprise. In *Black Diamond Queens*, Maureen Mahon draws on recordings, press coverage, archival materials, and interviews to document the history of African American women in rock and roll between the 1950s and the 1980s. Mahon details the musical contributions and cultural impact of Big Mama Thornton, LaVern Baker, Betty Davis, Tina Turner, Merry Clayton, Labelle, the Shirelles, and others, demonstrating how dominant views of gender, race, sexuality, and genre affected their careers. By uncovering this hidden history of black women in rock and roll, Mahon reveals a powerful sonic legacy that continues to reverberate into the twenty-first century.

**The Zones of Regulation** Leah M. Kuypers,2011 ... a curriculum geared toward helping students gain skills in consciously regulating their actions, which in turn leads to increased control and problem solving abilities. Using a cognitive behavior approach, the curriculum's learning activities are designed to help students recognize when they are in different states called zones, with each of four zones represented by a different color. In the activities, students also learn how to use strategies or tools to stay in a zone or move from one to another. Students explore calming techniques, cognitive strategies, and sensory supports so they will have a toolbox of methods to use to move between zones. To deepen students' understanding of how to self-regulate, the lessons set out to teach students these skills: how to read others' facial expressions and recognize a broader range of emotions, perspective about how others see and react to their behavior, insight into events that trigger their less regulated states, and when and how to use tools and problem solving skills. The curriculum's learning activities are presented in 18 lessons. To reinforce the concepts being taught, each lesson includes probing questions to discuss and instructions for one or more learning activities. Many lessons offer extension activities and ways to adapt the activity for individual student needs. The curriculum also includes worksheets, other

handouts, and visuals to display and share. These can be photocopied from this book or printed from the accompanying CD.--Publisher's website.
