Growing Independent Learners Debbie Diller, 2023-10-10 Debbie Diller has revolutionized literacy instruction in countless classrooms over the years, demonstrating how to effectively use literacy workstations to engage students in critical literacy learning. In *Growing Independent Learners: From Literacy Standards to Stations, K-3*, she provides a comprehensive guide to help you plan instruction focused on literacy standards, organize your classroom for maximum benefit, and lead your students to independence through whole-group lessons, small-group focus, and partner learning at literacy stations. The first four chapters lay the foundation with planning, organizing, and instruction that are essential for success with literacy workstations. From creating a model classroom and developing planning tools to using anchor charts, Diller gives you creative ideas for making the most of your classroom environment to support student independence. Later chapters focus on standards-based instruction built around key reading, writing, and foundational skills as well as speaking, listening, and language standards. Each of these chapters provides the following: Detailed explanations of each standard's importance and real-world application examples Planning tools including academic vocabulary, modifiable lesson plans for whole group instruction, and suggestions for literacy workstations Mentor texts to use during whole group, small group, or stations Over 400 full-color photos demonstrating workstations in action Ways to connect lessons into other areas of daily instruction, including independent reading time, small-group instruction, and workstations ' *Growing Independent Learners* will help you create a vibrant classroom filled with independent learners. This book will quickly become an essential resource for any teacher who believes that all children can learn to work independently in a classroom that's well organized and mindfully planned. '

Countdown to Atomgeddon James Howell, 2015-11-05 The German submarine U-234 left Norway on April 14, 1945, on its last mission to Japan with a cargo of uranium and other strategic military supplies. The cargo included a complete jet aircraft and several tons of documents and plans to build jet aircraft and other German aircraft in a plant to be built in Japan. Japan and Germany had cooperated in their efforts to build the first atomic bomb by sharing precious raw materials and technology. The Allies had effectively blocked thousands of tons of seagoing strategic military supplies, and later in the war, Germany had invaded the previously neutral country of Russia, cutting off the other route for supplies traffic via the Trans-Siberian Railway. At the time, there were no aircraft capable of large shipments of cargo over such distances, and the only option was shipping by the only route left: underwater by submarine. The U-234 was the last resort to ship large quantities of cargo over long distances. Aboard the submarine were forty-five crewmen, a German general, three German officers, and two high-ranking Japanese naval officers. On 8 May, 1945, the submarine was ordered to surrender to the Allies as it plied the cold waters of the North Atlantic. The war had ended in Germany, and the submarine surrendered to the USS Sutton. The surrender of the submarine and its cargo was accomplished with the aid of the Alsos Missions as part of the Manhattan Project. The Alsos Missions continued work in the Pacific to assist the Allies develop and eventually deploy the first atomic bomb.

Popcorn Ben Elton, 2014-01-28 Bruce Delamitri makes movies about killers. Great movies, stylish movies. Bruce's movies are hip. Post-modern cinematic milestones, dripping with ironic juxtaposition. His killers are style icons. They walk cool; they talk cool. Getting shot by one of them would be a fashion statement. Enter Wayne and Scout. Real killers. Appalling, demented maniacs who kill people they do not know. *Popcorn* by Ben Elton is an international success, prevailing at number one for five weeks on London's Sunday Times bestseller list. This taut and darkly funny novel also poses a serious question: In a society addicted to murder, is there anything such as a responsible person?

Internet 2004. Manuale per l'uso della rete Marco Calvo, 2003 Dalla rassegna stampa: «Internet, si sa, è un universo sterminato; non è dunque poi così raro che succeda di pensare di conoscerla a fondo e di sapersi muovere al suo interno con agilità, per poi scoprire che in realtà ci si limita a un suo utilizzo superficiale e ripetitivo. Questo manuale - giunto ormai alla sua sesta edizione e divenuto uno strumento diffusissimo e apprezzatissimo - aiuta così a trasformarsi da semplici navigatori a utilizzatori consapevoli e produttivi della Rete, unendo una trattazione più prettamente tecnica (i software, le risorse della Rete, i meccanismi del suo funzionamento) a un discorso culturale più generico che faciliti la comprensione di Internet come veicolo per la creazione, la distribuzione e la condivisione di conoscenze».

Young Buddies Margaret Collins, 2005-07-14 `For any teacher or school wanting to set up a buddy scheme, or to explore the possibility of doing so, this book contains some useful suggestions, ideas and guidelines. Even if a school did not wish to adopt the buddy system itself, the book contains useful material relating to citizenship and specific problems, like bullying which makes it a potentially useful resource for teachers and schools in general' - Early Education Peer buddy systems have been demonstrated as very successful with older students. Positive effects are recognized for the individuals befriended and also for the whole community. Margaret has used her vast experience with younger children to develop a programme which achieves these outcomes at the stage when they are learning the skills of friendship and co-operation. Using her popular style of differentiating activities and teaching for two age groups, 6-8 and 9-11, Margaret has provided an exciting, innovative and challenging programme which enhances the citizenship curriculum and the atmosphere of the school.
