**This Is Not a Fighting Song** Meredith Holladay,2022-10-21  
It is through their music that the Indigo Girls build upon the theological idea of community-building and solidarity-forming, in order to tell the stories, to relate the authentic experience of human struggle and reconciliation, of human love and pain. Further, they work outward, convicted that their music and songwriting is an avenue to speak truth to power. All of this serves as theological reflection worked out in public and vocal forms of prophetic denunciation and proclamation. Their songs take on this prophetic tone of denunciation—speaking against oppression, inequality, and injustice. Moreover, their music does not remain complacent in the critique; through their songwriting they participate in prophetic proclamation—envisioning alternative ways of being, contributing to the collective imagination of contexts of equality, peace, and human freedom.

**Demon Bugs** Stephan Szantai, For years, VW Bugs were simply cheap transportation: fuel efficient, easy to work on, a boon to young families and college students. Then something about the quirky little car caught the imagination of a generation, and the low-cost, utilitarian Bug was suddenly sporting a custom paint job and fancy wheels--and tricked-out engines. This book provides a fantastic overview of customized Bugs. It shows the scene from which the demon bug emerged, and focuses on specific styles, from the mild to the wild. Cruisers and dragsters, sleepers and monsters--all are captured by Stephan Szantai's unmatched photography. Accompanying these remarkable pictures is the how and why of each cars build. Painted, re-equipped, modified to taste, these are the Bugs of a generations dreams, a most humble vehicle suddenly and magnificently transformed.
