**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Catwoman** DC Comics, Inc,2004 Catwoman: Nine Lives of A Feline Fatale is a thrilling celebration of one of the most popular female icons of all time. Since her inception in 1940, Catwoman has evolved from a simple cat burglar into a complex character who has played the role of both villain and heroine. An entertaining volume that spans the entire career of Batman's most alluring nemesis, this book reprints nine of Catwoman's most significant adventures, including her first felonious appearance as well as her most memorable battle with the Dark Knight.

Aliens in Wonderland Alpha,2010-02 An informative in-depth look at the lives of several extraterrestrials (E.T.'s), Extraterrestrial Biological Entities (E.B.E.'s ), and aliens, what their lives are like on their planets in their galaxies, what their spaceships are like, and how they are connected to us here on Earth. In addition, the book delves into how they are important to our religion and military strength. This novel also looks at some historical revelations, future predictions, and current happenings including an interesting collection of anecdotes regarding an ex-CIA agent who gets his wishes granted. It's the author's intention to, at the very least, bridge the gaps that exist between the religions of our generation. One gap is between our present long standing accepted knowledge of our concept of God, and our comprehensible real God. As well, a gap exists between how we are told we should interpret and demonstrate the meaning of God and how we show our faith and prove our belief in the living Creator. These are some things that the author thinks everyone needs to know about God, Satan, and UFOs. This book has been a long time in the making, twenty years, but somehow it still manages to remain ahead of its time, in most cases.

**After Mountains and Sea** Helen Frankenthaler,2003-07-02 Essays by Susan Cross and Julia Brown.

*Crusoe's Daughter* Jane Gardam,2012-04-24 From the award-winning author of *Old Filth*. "[A] wonderfully old-fashioned novel . . . This post-Victorian charmer is an engrossing delight" (People). In 1904, six-year-old Polly Flint is sent by her sea captain father to live with her aunts in a house by the sea on England's northeast coast. Orphaned shortly thereafter, Polly will spend the next eighty years stranded in this quiet corner of the world as the twentieth century rages in the background. Through it all, Polly returns again and again to the story of Robinson Crusoe, who, marooned like her, fends off the madness of isolation with imagination. In the Guardian's series on writers and readers' favorite comfort books, associate editor Claire Armitstead said of *Crusoe's Daughter*, "This is the most bookish of books . . . Every time I return to it, I am comforted by its refusal to conform, its wonderful, boisterous bolshiness, and the intelligence with which it demonstrates that we are what we read." "Witty, subversive, moving." -The Times (London) "[A] richly textured novel . . . much occurs on the emotional landscape. We know Polly intimately, and she haunts our imaginations as surely as Crusoe haunts hers . . . a thought-provoking book." -Library Journal "[The] most seductively entertaining of British novelists." -Kirkus

*To Lead the Free World* John Fousek, 2003-06-20 In this cultural history of the origins of the Cold War, John Fousek argues boldly that American nationalism provided the ideological glue for the broad public consensus that supported U.S. foreign policy in the Cold War era. From the late 1940s through the late 1980s, the United States waged cold war against the Soviet Union not primarily in the name of capitalism or Western civilization--neither of which would have united the American people behind the cause--but in the name of America. Through close readings of sources that range from presidential speeches and popular magazines to labor union debates and the African American press, Fousek shows how traditional nationalist ideas about national greatness, providential mission, and manifest destiny influenced postwar public culture and shaped U.S. foreign policy discourse during the crucial period from the end of World War II to the beginning of the Korean War. Ultimately, he says, in the atmosphere created by apparently unceasing international crises, Americans rallied around the flag, eventually coming to equate national loyalty with global anticommunism and an interventionist foreign policy.

*Rethinking the 1950s* Jennifer A. Delton, 2013-10-07 Historians generally portray the 1950s as a conservative era when anticommunism and the Cold War subverted domestic reform, crushed political dissent, and ended liberal dreams of social democracy. These years, historians tell us, represented a turn to the right, a negation of New Deal liberalism, an end to reform. Jennifer A. Delton argues that, far from subverting the New Deal state, anticommunism and the Cold War enabled, fulfilled, and even surpassed the New Deal's reform agenda. Anticommunism solidified liberal political power and the Cold War justified liberal goals such as jobs creation, corporate regulation, economic redevelopment, and civil rights. She shows how despite President Eisenhower's professed conservatism, he maintained the highest tax rates in U.S. history, expanded New Deal programs, and supported major civil rights reforms.

Serious as Dog Dirt Bam Margera, 2009-11-17 He's bared himself on screens big and small, but now, Bam Margera exposes himself as never before. Famous for his fearless, cringe-inducing, funny as s\*\*\* daredevil stunts, he has thrilled and revolted audiences worldwide. Now, for the first time, Bam shares his private writings, never-before-seen personal photos, drawings, and more in this anarchic auto-collage/travelogue, a frenetic yet brutally honest document of the life he leads and a dynamic testament to his wild imagination. Known for his creative style since becoming a pro skater at thirteen, Bam pulls readers into his chaotic world--the music, the movies, the pranks, the skating, the glory, the pain, and the blood. This time, Bam Margera is serious . . . as dog dirt.

*Neoconservatism* Justin Vaïsse, 2010 Presents neo-conservatism in three ages covering the history, and illuminating core developments, including the split of liberalism, and the shifting relationship of party affiliation and foreign policy position.

**Fatherhood 4.0** Dalton Higgins, 2010 Some of Canada's most acclaimed multicultural personalities, public figures, intellectuals, entertainers, athletes, and activists share stories, memories, insights, and revelations about

fatherhood, from the comic to the tragic. Through critical essays, first-person musings, interviews, conversations, spoken word, and dub poetry, this collection examines the place where cross-cultural fatherhood intersects with the worlds of technology, hip hop, and hipster culture – a cool diverse dads movement! As an African-Canadian fatherhood advocate, Dalton Higgins also digs around to see how black fathers of this millennium are faring, as academics and pundits have debated for decades what is at the heart of the problem when it comes to the much-publicized shortcomings of black fathers. *Fatherhood 4.0* spots trends across a newer generation of media-savvy multi-culti dads influenced by everything from George Lopez and Bill Cosby to the Osbournes and Obama, with keen insights and essays from fatherhood activists. It includes essays on the baby daddy phenomenon and Bob Marley, pops in popular culture, technology and parenting, and crucial research on aboriginal fatherhood by Dr. Jessica Ball. The book contains candid interviews with: Michael Pinball Clemons, Broken Social Scene's Charles Spearin, Toronto FC's Dwayne De Rosario, Bollywood Boulevard's Mohit Rajhans, George Elliott Clarke, Hal Niedzviecki, Lawrence Hill, Fucked Up's Damian Abraham, dramatist Richard Lee, the CBC's Matt Galloway, social entrepreneur Sol Guy, Plex, and more!

**The Rise of Neoconservatism** John Ehrman, 1995-01-01 Neoconservatism evolved in the USA from the anti-communist coalition that dominated liberalism from the late 1940s to the late 1960s. In this book, Ehrman discusses how big an influence the group has had on American politics, foreign policy in particular, through the decades since then.

**The Politics of Apolitical Culture** Giles Scott-Smith, 2003-08-27 This book analyses a key episode in the cultural Cold War – the formation of the Congress for Cultural Freedom. Whilst the Congress was established to defend cultural values and freedom of expression in the Cold War Struggle, its close association with the CIA later undermined its claims to intellectual independence or non-political autonomy. By examining the formation of the Congress and its early years of existence in relation to broader issues of US-European relations, Giles Scott-Smith reveals a more complex interpretation of the story. *The Politics of Apolitical Culture* provides an in-depth picture of the various links between the political, economic and cultural realms which led to the Congress.

*Sketches* A. J. Diamond, 2010 In watercolours and words, South African-born A.J. Diamond gives a rare glimpse into the sights that informed his life and career on three continents. From childhood and youth in South Africa to education in England and the United States and finally to life in Toronto, Diamond has kept a sketchbook, paints and a pen at hand. Wandering and wondering, this book gives visual and narrative illustrations of how he has viewed the world he has travelled.
