Broken Mirrors and Burning Bushes Jeremy Rubinstein,2019-08-28 Just call it the memoir love story of a drug addict white rapper with unresolved mommy and daddy issues. Ha. Yeah, that's a laugh. The love story part of course being my wife Alice. Except she forgets that my rap career in Southern California essentially ended with the shootout in the parking lot of Barnes and Noble, sending us pinballing across the country like a couple of wanna-be Bonnie and Clydes. Only Bonnie and Clyde weren't high on drugs, and they stuck to banks. Alice was a waitress when we met, so restaurants just made sense. And I'm pretty sure Bonnie and Clyde never had children. Our son Caleb was born in a crack motel while the cops were out in full force looking for us. But all that comes later - like way later - after Alice first goes into labor with our daughter Hannah on Halloween night - the night Corey and I got robbed at gunpoint by the Three Stooges. Of course, that wouldn't have happened had I not let Alice convince me that selling crystal meth would make me more money than just pot and ecstasy. But then Corey always said events like that tend to serve a higher purpose. What can I say - Halloween has always had a weird significance to me. There's something symbolic about running around at night with a mask on trying to be Master of your own Universe surrounded by ghosts and ghouls and goblins with your toy weapon in one hand and your goodie bag in the other trying to score as much candy as you can before the real darkness takes over - (Where did that child go? That kid with the He-Man mask? / Sometimes our biggest fears are the answers to questions we ask) Any other questions? Just read the damn book.

Amarant-Book One R Díaz,2014-06-06 From new Australian author R Díaz, the first book in the Amarant series: Steve wished the chinkasqa would die, wished he could help Juana, and Tanya. Golden trails moved along the surface of his body, swarming along the enemy blade. The chinkasqa released the weapon in alarm, and there was an explosion as the blade disintegrated into a powdery ash. Steve focused again, lifted one hand off his own blade and reached out. Golden trails of dark energy streamed down his arm and started to cross the intervening space between him and the chinkasqa. Steve had not seen any of this coming. He had been hiking high in the Andes with Juana, some Germans, Brits and Kiwis, but that seemed like a lifetime ago. A group of four yachaq warriors had risked their lives reaching out across the void between stars. Steve and Juana had been pulled through a vortex and plunged headlong into a titanic struggle between Light and Shadow.

After Extinction Richard Grusin,2018-03-20 A multidisciplinary exploration of extinction and what comes next What comes after extinction? Including both prominent and unusual voices in current debates around the Anthropocene, this collection asks authors from diverse backgrounds to address this question. *After Extinction* looks at the future of humans and nonhumans, exploring how the scale of risk posed by extinction has changed in light of the accelerated networks of the twenty-first century. The collection considers extinction as a cultural, artistic, and media event as well as a biological one. The authors treat extinction in relation to a variety of topics, including disability, human exceptionalism, science-fiction understandings of time and posthistory, photography, the contemporary ecological crisis, the California Condor, systemic racism, Native American traditions, and capitalism. From discussions of the anticipated sixth extinction to the status of writing, theory, and philosophy after extinction, the contributions of this volume are insightful and innovative, timely and thought provoking. The Sun Collective Charles Baxter,2021-10-05 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • A timely and unsettling novel about the people drawn to—and unmoored by—a local activist group more dangerous than it appears. From the winner of the PEN/Malamud Award and “one of our most gifted writers” (Chicago Tribune). Once a promising actor, Tim Brettigan has gone missing. His father thinks he may have seen him among some homeless people. And though she knows he left on purpose, his mother has been searching for him all over their home city of Minneapolis. She checks the usual places—churches, storefronts, benches—and stumbles upon a local community group with lofty goals and an enigmatic leader. Christina, a young woman rapidly becoming addicted to a boutique drug that gives her a feeling of blessedness, is inexplicably drawn to the same collective by a man who's convinced he may start a revolution. A vision of modern American society and the specters of the consumerism, fanaticism, and fear that haunt it, The Sun Collective captures both the mystery and the violence that punctuate our daily lives.
