Blood Memory Dayton Duncan,Ken Burns,2023-10-10 The epic story of the buffalo in America, from prehistoric times to today-a moving and beautifully illustrated work of natural history The American buffalo-our nation's official mammal-is an improbable, shaggy beast that has found itself at the center of many of our most mythic and sometimes heartbreaking tales. The largest land animals in the Western Hemisphere, they are survivors of a mass extinction that erased ancient species that were even larger. For nearly 10,000 years, they evolved alongside Native people who weaved them into every aspect of daily life; relied on them for food, clothing, and shelter; and revered them as equals. Newcomers to the continent found the buffalo fascinating at first, but in time they came to consider them a hindrance to a young nation's expansion. And in the space of only a decade, they were slaughtered by the millions for their hides, with their carcasses left to rot on the prairies. Then, teetering on the brink of disappearing from the face of the earth, they would be rescued by a motley collection of Americans, each of them driven by different-and sometimes competing-impulses. This is the rich and complicated story of a young republic's heedless rush to conquer a continent, but also of the dawn of the conservation era-a story of America at its very best and worst.

The Definitive Journals of Lewis and Clark Meriwether Lewis, William Clark, Gary E. Moulton, 2004-01-01 In twelve remarkable volumes, Gary E. Moulton has edited the journals of the Lewis and Clark expedition of 1804?6, thus making clear and accessible to all readers the plethora of maps and words with which Meriwether Lewis and William Clark documented one of the greatest ventures of discovery in American history. With the Comprehensive Index, the thirteenth volume, Moulton completes his work?and offers everyone who consults the Journals a complete and detailed means of locating specific passages, references, and particular people or places within the larger work. Throughout the edition, his guiding principles have been clarity and ease of use. Consequently, the notes are indexed more thoroughly here than in most works and include modern place-names, modern denominations for Indian nations, and current popular and scientific names for various cited species. This volume also contains a list of corrections for earlier volumes.

Arkansas Wildlife Keith B. Sutton, 1998-09-01 Lavishly illustrated with black and white photos, this book tells the story of the state's wildlife in a historical and national context. It describes the resident species, their environments, early conservation efforts to save them, and the attitudes of those who sought to make use of Arkansas's natural resources.

American Bison: Almost Frontier Relics Dr. Richard A. NeSmith,2021-05-15 American bison are the largest land mammals in North America. Though up to 2000 pounds (907 kg) they are fast and rather agile creatures. Their living story is so centrally tied to the Westward Movement, Intercontinental Railroads, and a sense of insane greed that they are unlike nearly any other North American animal. Nearly extinct, they have made a massive comeback, and yet, the wild bison is still few and far between. Learn the characteristics of the mammoth creature, its habitat, diet, behavior, reproduction, and its significance in American history.

Bison Joel Berger, Carol Cunningham, 1994 The highly publicized obscenity trial of Radclyffe Hall's The Well of Loneliness (1928) is generally recognized as the crystallizing moment in the construction of a visible modern English lesbian culture, marking a great divide between innocence and deviance, private and public, New Woman and Modern Lesbian. Yet despite unreserved agreement on the importance of this cultural moment, previous studies often reductively distort our reading of the formation of early twentieth-century lesbian identity, either by neglecting to examine in detail the developments leading up to the ban or by framing events in too broad a context against other cultural phenomena. Fashioning Sapphism locates the novelist Radclyffe Hall and other prominent lesbians -- including the pioneer in women's policing, Mary Allen, the artist Gluck, and the writer Bryher -- within English modernity through the multiple sites of law, sexology, fashion, and literary and visual representation, thus tracing the emergence of a modern English lesbian subculture in the first two decades of the twentieth century. Drawing on extensive new archival research, the book interrogates anew a range of myths long accepted without question (and still in circulation) concerning, to cite only a few, the extent of homophobia in the 1920s, the strategic deployment of sexology against sexual minorities, and the rigidity of certain cultural codes to denote lesbianism in public culture. Bring Back the Buffale! Ernest Callenbach,2000-10-10 With a new epilogue Though the Plains have been in economic and population decline since the twenties, they are actually within closer reach of vibrant ecological sustainability than any other region of the country. This visionary book offers a constructive alternative to the decline of cattle ranching, depletion of underground water, and dependency on outside energy sources. It shows how bringing back the hardy, majestic bison and using the region's winds to generate power are keys to renewed econ

Heading West Pat McCarthy,2009-08 Tracing the vivid saga of Native American and pioneer men, women, and children, this guide covers the colonial beginnings of the westward expansion to the last of the homesteaders in the late 20th century. Dozens of firsthand accounts from journals and autobiographies of the era form a rich and detailed story that shows how life in the backwoods and on the prairie mirrors modern life in many ways--children attended school and had daily chores, parents worked hard to provide for their families, and communities gathered for church and social events. More than 20 activities are included in this engaging guide to life in the west, including learning to churn butter, making dip candles, tracking animals, playing Blind Man's Bluff, and creating a homestead diorama.
