Monkey Business Heather A. Wandell Ma CLL, Heather A. Wandell, Ma, 2012-06 Author Heather A. Wandell, after observing thousands of hours of human workplace behavior and hundreds of hours of monkey behavior, discovered there is a connection! In *Monkey Business*, she compares the monkeys' behavior to the human behavior and offers unique business and personal life practices to help to move your life forward. A compilation of previously published columns, these lessons revolve around the themes of creating an environment where possibility thrives, acknowledging our shared humanity, getting along, communicating with awareness, evolving our business paradigm, and opening to optimism. *Monkey Business* can help you to - put a new practice into your life that may bring relief to your own mental suffering; - shift energy in your workplace or personal life; - break down barriers; - realize you are the agent for change in your life; - consider a new possibility; - gain a new understanding of relationships; - increase your flow of creativity; - notice teachers are everywhere; - give a second chance at life. The lessons taught in *Monkey Business* guide you to take responsibility for being the creator of your stories, your life, and your experience--an ongoing process that takes steadfast, mindful practice.

37 Aly Sterling, 2020-03-13 *37* is Aly Sterling's breakout debut, and chronicles her journey through the not-so-normal obstacles women face when entering the entrepreneurial world. This part memoir, part self-help book teaches women how to break through the limitations set upon them and create the business they've been dreaming of - all the things they won't teach you in business school: Move past those self-sabotaging limiting beliefs Avoid emotional roadblocks (a.k.a the orange barrels of life) Navigate changing relationships (and get rid of the toxic ones) Take the leap, say YES to your vision (because there's no such thing as perfect timing)

The Dropout Multi-Millionaire Brian Will, 2021-04-28 Author Brian Will, became a multi-millionaire at the age of forty, with no formal education, no money, and no clue what he was doing when he started. In *The Dropout Multi-Millionaire*, Brian shares his personal stories of success and failure spanning the last thirty-five years as he teaches you the 37 Business Lessons he learned along the way. ?Every month 500,000 new businesses start in America. ?150,000 of those will not survive the first twelve months. ?After five years, only 175,000 will still be in business-that's a 65% failure rate. Businesses fail for a lot of reasons. The biggest one, however, is the owner's lack of understanding of their personal decision-making skills, who they are, or who they should be inside their organization. Running a business is both an art and a science. If you are only good at one of them, or in the worst case, neither, you will most likely become one of the 65% of people who fail. This book is about 37 Business Lessons you need to learn to put yourself on the path to business success. Ultimately, your success or failure is dependent on your ability to accept your weaknesses, put aside your ego, and learn to become who you need to be to succeed. This book was written for people who want to: ?Start a business.?Operate a business with less time while earning more profit.?Learn how to grow and scale an existing business.?Maybe even one day sell their business and walk away with a windfall exit.
