Bookkeeping for Small Business Part 1 Australian Government Publishing Service, 1991-01-01

Workbook for the small business manager, explaining the basics of bookkeeping. Chapters covering topics such as using business records, creating a cashbook system and expanding the journal system, are accompanied by practical exercises and a glossary. Number three in the TTraining Management Package' produced with the National Executive of Small Business Agencies and the National Industry Extension Service. Revised edition of a book first published in 1983.

Profit First Mike Michalowicz, 2017-02-21 Author of cult classics *The Pumpkin Plan* and *The Toilet Paper Entrepreneur* offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: $\text{Sales} - \text{Expenses} = \text{Profit}$. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: $\text{Sales} - \text{Profit} = \text{Expenses}$. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that:

- Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances.
- A small, profitable business can be worth much more than a large business surviving on its top line.
- Businesses that attain early and sustained profitability have a better shot at achieving long-term growth.

With dozens of case studies, practical, step-by-step advice, and his signature

sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.
