**The A to Z of the Eisenhower Era** Burton I. Kaufman,Diane Kaufman,2009-10-26 U.S. Army General Dwight D. Eisenhower first entered into the public eye during World War II as the Supreme Commander of the Allied Forces in Europe. In 1952, he was elected as the 34th President of the United States and served two terms. During those terms he oversaw the cease-fire of the Korean War, kept up the pressure on the Soviet Union during the Cold War, made nuclear weapons a higher defense priority, launched the Space Race, enlarged the Social Security program, and began the Interstate Highway System. The A to Z of the Eisenhower Era examines significant individuals, organizations, and events in American political, economic, social, and cultural history during this era in American history. In addition to the hundreds of cross-referenced dictionary entries on politics, economics, diplomacy, literature, science, sports, and popular culture, a chronology, introductory essay, and several appendixes are also included in this valuable reference.

RFID for the Optimization of Business Processes Wolf-Ruediger Hansen, Frank Gillert, 2008-04-15 RFID, complemented by other Auto-ID technologies such as Barcode, NFC and sensor technology, can unlock huge benefits for enterprises and users, creating successful businesses with the combination of technology and processes. It is important to have an understanding of all aspects and properties of the technology, in order to see its potential. This solution-orientated book contains a comprehensive overview of RFID, explaining which elements can be applied with respect to specific project environments, and how RFID systems can be integrated into existing IT systems. It includes chapters and project guidelines written by top experts in the industry, covering global privacy issues and the history of EPCglobal, as well as: a discussion on current trends and developments in the RFID market, and the process-based and technological drivers behind it; a chapter on RFID legislation with a global perspective; descriptions of practical applications and twelve application scenarios, demonstrating the possibilities that have already been discovered with RFID. RFID for the Optimization of Business Processes is a descriptive introduction to the technology for business and technical managers, IT consulting experts and business process designers, as well as marketers of RFID technologies. The text will also be of great use to technical experts interested in business processes and also students studying the subject.
