## **IMF Publications Catalog, Fall/Winter 2018**

International Monetary Fund. External Relations Dept.,2018-09-06 This paper focuses on several IMF publications published in the winter of year 2018. Realizing Indonesia's Economic Potential book uncovers some of the forces that are likely to shape Indonesia's economy. It analyses the constraints to growth, propose options to boost economic growth, and explore key issues policymakers will need to handle in the future. The ASEAN

Way: Sustaining Growth and Stability book provides a comprehensive account of how Association of Southeast Asian Nations, its individual members and as a group, rose above its worst regional financial crisis 20 years ago, to become one of the most resilient in the face of the worst global financial crisis just a decade later. The challenges faced and the policy responses taken, chronicled and analyzed in this study, can hopefully provide further lessons as we face a new global policy paradigm. It is a must-read for academics, the financial community, and policymakers alike.

Legal Aspects of Crowdfunding Caroline Kleiner,2021-11-05 This book offers a comparative

perspective on 18 countries' legal regulation of crowdfunding. In the wake of the financial crises of 2008, use of this alternative financing method has increased substantially, in various forms. Whereas some states have adopted tailor-made regimes in order to regulate but also encourage this way of financing projects, allowing loans to be made by non-banking institutions, others still haven't specifically addressed the subject. An analysis of these diverse legislative stances offers readers a range of legal solutions for managing crowdfunding activities with regard to e.g. protecting investors, imposing limits on project owners, and finally the role and duties of intermediaries, i.e., companies operating crowdfunding platforms. In addition, the content presented here provides a legal basis for states and supranational organizations interested in regulating this phenomenon to achieve more legal certainty.
