*Cornford & Cross* David Cross, John Roberts, Matthew

Cornford, Rachel Withers, 2009 A profile of the practice of Cornford and Cross, the collaboration of two UK artists Matthew Cornford and David Cross, who have carried out a number of significant context-specific projects across the UK and internationally. The work of Cornford and Cross has often emerged from living and working in cities. Their interest in urban patterns of social, political and economic organization has broadened to include engagement with power structures further afield. This book brings together for the first time the full range of encounters, actions and debates that make up their practice. Their work has been exhibited internationally in galleries in New York, Philadelphia, Rome, London and San Francisco.

**Overcoming Animal and Insect Phobias** Martin Antony, Randi E.

McCabe, 2005-06-01 As the makers of blockbuster movies like *The Birds*, *Jaws* and *Arachnophobia* well know, animal fears are the most commonly reported phobias. Some 6 percent of Americans suffer from diagnosable animal phobia at any given time, and 11 percent will experience an episode at some time in their lives. Nearly three quarters of animal phobia sufferers are women, and

most symptoms of animal phobia come on in childhood. Since most people with animal phobias experience panic attacks when they encounter certain animals, these fears can cause victims to lose significant quality of life. Fortunately, specific phobias are among the most responsive of anxiety disorders to behavior therapy, the research-proven treatment adapted for self-help readers in this book. Readers first learn about their phobia, where it comes from, what factors influence it, and how best to prepare for treatment. Then they learn to confront and overcome their animal and insect phobia. These techniques are effective and fast. The book includes information about avoiding relapse and helping someone else who suffers from an animal phobia.

**The Body of Christopher Creed** Carol Plum-Ucci, 2008 The often-tortured class weirdo has disappeared, leaving an enigmatic note on the school library computer. Is he a runaway, a suicide, or a murder victim?

*Twice Shy* Sarah Hogle, 2021-04-06 Can you find real love when you've always got your head in the clouds? Maybell Parish has always been a dreamer and a hopeless romantic. But living in her own world has long been preferable to dealing with the disappointments of real life. So when Maybell inherits a charming house in the Smokies from her Great-Aunt Violet, she seizes the opportunity to make a fresh start. Yet when she arrives, it seems her troubles have only just begun. Not only is the house falling apart around her, but she isn't the only inheritor: she has to share everything with Wesley Koehler, the groundskeeper who's as grouchy as he is gorgeous--and it turns out he has a very different vision for the property's future. Convincing the taciturn Wesley to stop avoiding her and compromise is a task more formidable than the other dying wishes Great-Aunt Violet left behind. But when Maybell uncovers something unexpectedly sweet beneath Wesley's

scowls, and as the two slowly begin to let their guard down, they might learn that sometimes the smallest steps outside one's comfort zone can lead to the greatest rewards.

**Deception Point** Dan Brown, 2019-07-30 From the #1 New York Times bestselling author of *The Da Vinci Code*, *Angels & Demons*, and *Inferno* and the “master of smart thrills” (People) comes a “rocket-fast thriller” (Vince Flynn) about an astonishing NASA discovery that unravels a deadly conspiracy that leads all the way to the White House. When a NASA satellite spots evidence of an astoundingly rare object buried deep in the Arctic ice, the floundering space agency proclaims a much-needed victory—one that could have profound implications for US space policy and the impending presidential election. With his re-election hanging in the balance, the President sends White House Intelligence analyst Rachel Sexton to the Milne Ice Shelf to verify the authenticity of the find. Accompanied by a team of experts, including the charismatic academic Michael Tolland, Rachel uncovers the unthinkable: evidence of scientific trickery. Before she can contact the President, she and Michael are attacked by a deadly team of assassins controlled by a mysterious power broker who will stop at nothing to hide the truth. Fleeing for their lives in

an environment as desolate as it is lethal, their only hope for survival is to find out who is behind this masterful ploy. The truth, they will learn, is the most shocking deception of all in this “taut, fast-paced, barn-burner of a book” (St. Petersburg Times).

**With Love from London** Sarah Jio, 2022-02-08 When a woman inherits her estranged mother’s bookstore in London’s Primrose Hill, she finds herself thrust into the pages of a new story—hers—filled with long-held family secrets, the possibility of new love, and, perhaps, the single greatest challenge of her life. When Valentina Baker was only eleven years old, her mother, Eloise, unexpectedly fled to her native London, leaving Val and her father on their own in California. Now a librarian in her thirties, fresh out of a failed marriage and still at odds with her mother’s abandonment, Val feels disenchanting with her life. In a bittersweet twist of fate, she receives word that Eloise has died, leaving Val the deed to her mother’s Primrose Hill apartment and the Book Garden, the storied bookshop she opened almost two decades prior. Though the news is devastating, Val jumps at the chance for a new beginning and jets across the Atlantic, hoping to learn who her mother truly was while mourning the relationship they never had. As Val begins to piece together Eloise’s life in the U.K., she

finds herself falling in love with the pastel-colored third-floor flat and the cozy, treasure-filled bookshop, soon realizing that her mother's life was much more complicated than she ever imagined. When Val stumbles across a series of intriguing notes left in a beloved old novel, she sets out to locate the book's mysterious former owner, though her efforts are challenged from the start, as is the Book Garden's future. In order to save the store from financial ruin and preserve her mother's legacy, she must rally its eccentric staff and journey deep into her mother's secrets. *With Love from London* is a story about healing and loss, revealing the emotional, relatable truths about love, family, and forgiveness.

*When A Good God Allows Rape* Joy Tan Chi

Mendoza,2015-09-15 What Satan meant for harm, God meant for good. God's grace transformed pain, emotional distress, and suffering into a vibrant, purposeful, and rich life. Refusing to hide behind the dark memories that wanted to hold her captive, Joy Tan-Chi Mendoza shares her story, helping her readers towards strength, encouragement, and the healing of sexual trauma and abuse. (Harold J. Sala, author and friend)

**Gunfight** Ryan Busse,2023-04-25 A former firearms executive pulls back the curtain on America's multibillion-dollar gun industry, exposing how it fostered extremism and racism, radicalizing the nation and bringing cultural division to a boiling point. As an avid hunter, outdoorsman, and conservationist—all things that the firearms industry was built on—Ryan Busse chased a childhood dream and built a successful career selling millions of firearms for one of America's most popular gun companies. But blinded by the promise of massive profits, the gun industry abandoned its self-imposed decency in favor of hardline conservatism and

McCarthyesque internal policing, sowing irreparable division in our politics and society. That drove Busse to do something few other gun executives have done: he's ending his 30-year career in the industry to show us how and why we got here. *Gunfight* is an insider's call-out of a wild, secretive, and critically important industry. It shows us how America's gun industry shifted from prioritizing safety and ethics to one that is addicted to fear, conspiracy, intolerance, and secrecy. It recounts Busse's personal transformation and shows how authoritarianism spreads in the guise of freedom, how voicing one's conscience becomes an act of treason in a culture that demands sameness and loyalty. *Gunfight* offers a valuable perspective as the nation struggles to choose between armed violence or healing.

**Introduction to Paleobiology and the Fossil Record** Michael J. Benton,David A. T. Harper,2013-04-25 This book presents a comprehensive overview of the science of the history of life. Paleobiologists bring many analytical tools to bear in interpreting the fossil record and the book introduces the latest techniques, from multivariate investigations of biogeography and biostratigraphy to engineering analysis of dinosaur skulls, and from homeobox genes to cladistics. All the well-known fossil groups are included, including microfossils and invertebrates, but an important feature is the thorough coverage of plants, vertebrates and trace fossils together with discussion of the origins of both life and the metazoans. All key related subjects are introduced, such as systematics, ecology, evolution and development, stratigraphy and

their roles in understanding where life came from and how it evolved and diversified. Unique features of the book are the numerous case studies from current research that lead students to the primary literature, analytical and mathematical explanations and tools, together with associated problem sets and practical schedules for instructors and students. “..any serious student of geology who does not pick this book off the shelf will be putting themselves at a huge disadvantage. The material may be complex, but the text is extremely accessible and well organized, and the book ought to be essential reading for palaeontologists at undergraduate, postgraduate and more advanced levels—both in Britain as well as in North America.” Falcon-Lang, H., Proc.
