Righteous Blood, Ruthless Blades Brendan Davis,Jeremy Bai,2020-12-10 Righteous Blood, Ruthless Blades is a roleplaying game of dark adventure and heroic thrills inspired primarily by the wuxia stories of Gu Long. Players assume the roles of eccentric heroes who solve mysteries, avenge misdeeds, uphold justice, and demonstrate profound mastery of the martial arts. Character creation is designed to produce fleshed-out, potent individuals who can follow several paths, including those of the physician, beggar, assassin, thief, soldier, bandit, and more. These characters inhabit a unique martial world, or Jianghu, set in a romanticized ancient China. The towns, temples, and inns the characters can visit, and the sects and factions with whom they interact, will bring their own character to the game and provide a host of opportunities – and threats. The game is based on a simple ten-sided dice pool mechanic, loosely modeled on the one found in Wandering Heroes of Ogre Gate, and play is designed to be gritty, suspenseful, and fast, so the focus remains on solving mysteries and roleplaying your character. When combat does arise, it is consequential and swift, and often resolved in a single roll of the dice. This rulebook includes a sample martial world and a starting adventure, as well as guidelines for games masters looking to run wuxia games and create their own unique Jianghu, rife with martial experts, sects, and mysterious locations.

Butterfly Politics Catharine A. MacKinnon,2019-04-02 “Sometimes ideas change the world. This astonishing, miraculous, shattering, inspiring book captures the origins and the arc of the movement for sex equality. It’s a book whose time has come—always, but perhaps now more than ever.” —Cass Sunstein, coauthor of *Nudge* Under certain conditions, small simple actions can produce large and complex “butterfly effects.” *Butterfly Politics* shows how Catharine A. MacKinnon turned discrimination law into an effective tool against sexual abuse—grounding and predicting the worldwide #MeToo movement—and proposes concrete steps that could have further butterfly effects on women’s rights. Thirty years after she won the U.S. Supreme Court case establishing sexual harassment as illegal, this timely collection of her previously unpublished interventions on consent, rape, and the politics of gender equality captures in action the creative and transformative activism of an icon. “MacKinnon adapts a concept from chaos theory in which the tiny motion of a butterfly’s wings can trigger a tornado half a world away. Under the right conditions, she posits, small actions can produce major social transformations.” —New York Times “MacKinnon [is] radical, passionate, incorruptible and a beautiful literary stylist... *Butterfly Politics* is a devastating salvo fired in the gender wars... This book has a single overriding aim: to effect global change in the pursuit of equality.” —The Australian “Sexual Harassment of Working Women was a revelation. It showed how this anti-discrimination law—Title VII—could be used as a tool... It was the beginning of a field that didn’t exist until then.” —U.S. Supreme Court Justice Ruth Bader Ginsburg
