M. Butterfly David Henry Hwang, 1993-10-01 David Henry Hwang's beautiful, heartrending play featuring an afterword by the author – winner of a 1988 Tony Award for Best Play and nominated for the 1989 Pulitzer Prize Based on a true story that stunned the world, *M. Butterfly* opens in the cramped prison cell where diplomat Rene Gallimard is being held captive by the French government—and by his own illusions. In the darkness of his cell he recalls a time when desire seemed to give him wings. A time when Song Liling, the beautiful Chinese diva, touched him with a love as vivid, as seductive—and as elusive—as a butterfly. How could he have known, then, that his ideal woman was, in fact, a spy for the Chinese government—and a man disguised as a woman? In a series of flashbacks, the diplomat relives the twenty-year affair from the temptation to the seduction, from its consummation to the scandal that ultimately consumed them both. But in the end, there remains only one truth: Whether or not Gallimard's passion was a flight of fancy, it sparked the most vigorous emotions of his life. Only in real life could love become so unreal. And only in such a dramatic tour de force do we learn how a fantasy can become a man's mistress—as well as his jailer. *M. Butterfly* is one of the most compelling, explosive, and slyly humorous dramas ever to light the Broadway stage, a work of unrivaled brilliance, illuminating the conflict between men and women, the differences between East and West, racial stereotypes—and the shadows we cast around our most cherished illusions. *M. Butterfly* remains one of the most influential romantic plays of contemporary literature, and in 1993 was made into a film by David Cronenberg starring Jeremy Irons and John Lone.

In the Time of the Butterflies Julia Alvarez, 2010-01-12 Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters,

revolutionary heroes who had opposed and fought against Trujillo. (Concepción de León, New York Times) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the Butterflies. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas.—Francisco Cantú, *The New York Times Book Review* This Julia Alvarez classic is a must-read for anyone of Latinx descent. —Popsugar.com A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion. —People Shimmering . . . Valuable and necessary. —Los Angeles Times A magnificent treasure for all cultures and all time." —St. Petersburg Times Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed.—Cosmopolitan.com

Sandtray Play in Education Barbara A. Turner, Kristin Unnsteinsdottir, 2016-12-31 This is a manual for training teachers in the Sandtray Play in Education method. It introduces a holistic approach to childhood education that returns the child's natural medium of creative play to the learning environment. Sadly, most approaches to contemporary childhood education are not successful in teaching children the riches of language and numbers and the capacities to think, inquire and create. We are failing our children by not designing educational curricula that is appropriate to the learning styles of children.

Teaching in Themes Geralyn Bywater McLaughlin, Jenerra Williams, Jeanne Rachko, Heidi Lyne, Ayla Gavins, Emily Gasoi, Tom Valens, Amy Valens, 2015-07-27 How do teachers and schools create meaningful learning experiences for students with diverse skills, abilities, and cultures? How can teachers authentically assess the learning of their students and build on their strengths and interests in ways that enrich the larger community? How can schools be turned into places where everyone is learning from each other? These are the big questions that guide the work of teachers at the well-known Mission Hill School in Boston and that are addressed in this book. *Teaching in Themes* will help schools incorporate a whole-school, theme-based curriculum that engages students across grade levels K-8. The authors provide detailed descriptions of four thematic units: *What's Baking in Kathy's Classroom?*, *The Impact of Nature and Play*, *The Struggle for Justice: U.S. History Through the Eyes of African-Americans*, and *Astronomical Inquiries*. Readers will see how teachers and students design "emergent inquiries" within the themes and create artwork, music, presentations, and a variety of hands-on learning experiences that support differentiated instruction across

the curriculum. Book Features: Examples of whole-school projects designed to create a deep sense of immersion in a curricular theme and to build a multi-age learning community. Details of how teachers developed rich curriculum tailored to their unique students. The insights of legendary educator Deborah Meier on how whole-school thematic units were used to encourage collaboration among teachers. An afterword by teachers (and film makers) about the thinking behind their work featured in the widely-viewed film series “A Year at Mission Hill.”
