Negotiation for Procurement and Supply Chain Professionals Jonathan O'Brien,2020-08-13 Highly effective negotiation skills are an essential element of a purchasing and supply chain professional's toolkit. Negotiation for Procurement and Supply Chain Professionals provides a step-by-step approach to delivering winning negotiations and getting game-changing results. It provides purchasers and supply chain managers with the necessary tools and tactics for a detailed, planned approach to negotiation. Negotiation for Procurement and Supply Chain Professionals allows the purchasing professional or the buying team to evaluate the supplier in advance, assess the sales team, and tailor their negotiation strategy depending on concession strategies, cultural influences and game theory. Negotiation for Procurement and Supply Chain Professionals provides a strong framework for discussion in advance of the meeting, allowing the negotiator to plan their agenda, objectives and tactics. Based upon the Red Sheet® Methodology, this book is a proven and collaborative technique used by many companies globally. The new edition includes supply chain planning, updates on multi-party negotiation for supply chain negotiations, Brexit as a retrospective example of negotiation and how the negotiation capability will need to change in the future.

**Sustainable Procurement** Jonathan O'Brien,2023-04-03 The business case for sustainability is clear and organizations are responding to the imperative to act. But with 50-70% of the change needed involving the supply base, procurement and supply chain functions are critical to success. Sustainable Procurement explains how procurement and supply chain professionals can develop existing best practice approaches to make supply side sustainability a reality. Based around the OMEIA® Sustainable Procurement process, this book provides a step-by-step and highly practical methodology that embeds sustainable procurement into existing proven procurement approaches. It also provides crucial new tools that equip and enable those in this field to drive highly effective supply-side sustainability. By exploring the current landscape and the business case for sustainability, Sustainable Procurement makes sense of how we can translate good ambition into prioritised grass roots level change. Guidance is offered on how procurement can help redefine what an organisation does based upon what needs to change in its supply base. There are extensive resources to help determine hot spot risk areas, assess suppliers, and determine and prioritise where to direct our precious resources. It also provides new models for 'sustainable value engineering' to help organisations transform what and how they buy. Written by leading procurement expert and best-selling author, Jonathan O'Brien, this practical guide outlines how to establish sustainable procurement as a key strategic enabler to reduce supply-side risk and drive action to respond to detrimental impacts in the supply base.
