Complex, Intelligent, and Software Intensive Systems Leonard Barolli,Olivier Terzo,2017-07-04 This book gathers the proceedings of the 11th International Conference on Complex, Intelligent, and Software Intensive Systems (CISIS-2017), held on June 28-June 30, 2017 in Torino, Italy. Software Intensive Systems are characterized by their intensive interaction with other systems, sensors, actuators, devices, and users. Further, they are now being used in more and more domains, e.g. the automotive sector, telecommunication systems, embedded systems in general, industrial automation systems and business applications. Moreover, the outcome of web services delivers a new platform for enabling software intensive systems. Complex Systems research is focused on the understanding of a system as a whole rather than its components. Complex Systems are very much shaped by the changing environments in which they operate, and by their multiple internal and external interactions. They evolve and adapt through internal and external dynamic interactions. The development of Intelligent Systems and agents, which invariably involves the use of ontologies and their logical foundations, offers a fruitful impulse for both Software Intensive Systems and Complex Systems. Recent research in the fields of intelligent systems, robotics, neuroscience, artificial intelligence, and cognitive sciences is essential to the future development of and innovations in software intensive and complex systems. The aim of the volume "Complex, Intelligent and Software Intensive Systems" is to provide a platform of scientific interaction between the three interwoven and challenging areas of research and development of future Information and Communications Technology (ICT)-enabled applications: Software Intensive Systems, Complex systems and Intelligent Systems.

E-Business Essentials Nick Bontis,2004-09-01 This special issue of QJEC marks the final instalment of the journal. The QJEC has had a long-standing history of international scholarship focused on the emerging field of electronic commerce with a broad, interdisciplinary approach. It has established the field's intellectual foundation with state-of-the-art research from business, computer science, engineering, law, psychology, and sociology. This particular issue focuses on an eclectic group of papers that are international in scope with authors from Canada, Australia, France, Germany, South Africa and Italy. The papers range in topics from valuing dot com companies, to mobile health and portals, to supply chain management.

Mozart in Vienna Simon P. Keefe,2017-09-21 Mozart's greatest works were written in Vienna in the decade before his death (1781-1791). This biography focuses on Mozart's dual roles as a performer and composer and reveals how his compositional processes are affected by performance-related concerns. It traces consistencies and changes in Mozart's professional persona and his modus operandi and sheds light on other prominent musicians, audience expectations, publishing, and concert and dramatic practices and traditions. Giving particular prominence to primary sources, Simon P. Keefe offers new biographical and critical perspectives on the man and his music, highlighting his extraordinary ability to engage with the competing demands of singers and instrumentalists, publishing and public performance, and concerts and dramatic productions in the course of a hectic, diverse and financially uncertain freelance career. This comprehensive and accessible volume is essential for Mozart lovers and scholars alike, exploring his Viennese masterpieces and the people and environments that shaped them.

A Season Beyond a Kiss Kathleen E. Woodiwiss,2000-02-29 Her marriage to dashing American shipping magnate Jeff Birmingham signals the beginning of a wonderful new life for Raelynn Barrett. In the loving shelter of her husband's embrace, the pain of loss is diminished, as is her anger over her family's tragic and undeserved disgrace. But try as she might, Raelynn cannot close her ears to the cruel accusations and whispered rumors about her new spouse that buzz around her head like bees. And she cannot deny what her own eyes see, though the images before her seem to brand her darling Jeff as the worst sort of criminal, forcing her to flee his desire and his love. Yet Jeff knows he

is innocent--though he is unaware of the conspiracy that has shrouded his marriage in secrets and now imperils it with lies. And he will oppose the treachery with every fiber of his being in order to preserve his threatened happiness--to win back the trust of the woman he cherishes...and secure his place forever in his beloved Raelynn's heart. Falling for Hamlet Michelle Ray, 2011-07-05 Passion, romance, drama, humor, and tragedy intertwine in this compulsively readable Hamlet retelling, from the perspective of a strong-willed, modern-day Ophelia. Meet Ophelia, high school senior, daughter of the Danish king's most trusted adviser, and longtime girlfriend of Prince Hamlet of Denmark. She lives a glamorous life and has a royal social circle, and her beautiful face is splashed across magazines and television screens. But it comes with a price--her life is ruled not only by Hamlet's fame and his overbearing royal family but also by the paparazzi who hound them wherever they go. After the sudden and suspicious death of his father, the king, the devastatingly handsome Hamlet spirals dangerously toward madness, and Ophelia finds herself torn, with no one to turn to. All Ophelia wants is to live a normal life. But when you date a prince, you have to play your part. Ophelia rides out this crazy roller coaster life, and lives to tell her story in live television interviews.

The Other Woman Amanda Brookfield, 2020-10-13 'An engaging, emotionally-charged and intriguing story' Michelle Gorman No one gets to the heart of human relationships quite so perceptively as Brookfield.' The Mirror On a normal day, in a normal house, on a normal street, wife and mother Fran has had enough. She packs a case, leaves a note for her bullying husband Pete, and one for her beloved twenty-year-old son Harry, and heads to the airport - and freedom. In another house, on another street, Helena is desperately baiting her husband Jack into a fight. These days it feels like the only way to get Jack to take notice of her. Passionate, volatile, increasingly fragile, Helena is fast running out of hope. What Helena and Fran don't know, is that soon their lives are going to collide in ways neither expect nor understand. And if Fran and Helena are going to change their own futures, then first they will have to change each other's. Amanda Brookfield is back with a triumphant, crackling story about love, marriage, lies and fate, and how our destinies can be changed by the smallest decisions. Perfect for fans of Sheila O'Flanagan, Jane Fallon and Jane Green. Praise for Amanda Brookfield 'Unputdownable. Perceptive. Poignant. I loved it.' bestselling author Patricia Scanlan on Before I Knew You 'If Joanna Trollope is the queen of the Aga Saga, then Amanda Brookfield must be a strong contender for princess.' Oxford Times

Persians and Other Plays Aeschylus, 2009-01-08 Classical Greek dramatic poetry and drama.

The Hound of the Baskervilles (with Illustrations by Sidney Paget) Arthur Conan Doyle, 2011-02 Terror stalks the Devonshire moors as a long-forgotten horror reawakens to haunt the last remaining heir of Baskerville Manor. Widely considered to be Conan Doyle's finest work, *The Hound of the Baskervilles* features the famous detective Sherlock Holmes and his faithful colleague Dr. Watson as they grapple with a mysterious power from the unseen world. This modern edition by Finisterra Books features original illustrations by Sidney Paget as first published in *The Strand Magazine*.

A First Book of Ragtime David Dutkanicz, 2012-10-16 These rollicking, easy-to-play ragtime favorites include Maple Leaf Rag, The Entertainer, Tiger Rag, and other melodies by such favorites as Scott Joplin, James Scott, Joseph Lamb, and Eubie Blake. All songs available as downloadable MP3s.

The MX Book of New Sherlock Holmes Stories - Part VII David Marcum, 2017-10-24 Part VII - Eliminate the Impossible: 1880-1891 features contributions by: Mark Mower, Jan Edwards, Daniel D. Victor, James Lovegrove, Gayle Lange Puhl, Thomas Fortenberry, Mike Hogan, Thomas A. Turley, Adrian Middleton, James Moffett, Hugh Ashton, Geri Schear, S. Subramanian, John Hall, Jayantika Ganguly, S.F. Bennett, Steven Philip Jones, Jim French, John Linwood Grant, Mike Chinn, Robert V. Stapleton, Charles Velej and Anna Elliott, and Shane Simmons, with a poem by Jacquelynn Bost Morris, and forewords by David Marcum, Lee Child, Rand Lee, Michael Cox, and Melissa Farnham.

In 2015, *The MX Book of New Sherlock Holmes Stories* burst upon the scene, featuring adventures set within the correct time period, and written by many of today's leading Sherlockian authors from around the world. Those first three volumes were overwhelmingly received, and there were soon calls for additional collections. Since then, their popularity has only continued to grow, with six volumes already released, and now two more, *Eliminate the Impossible*, featuring tales of Holmes's encounters with seemingly impossible events – ghosts and hauntings, curses and mythical beasts, and more. In *The Sussex Vampire*, Holmes tells Watson: This agency stands flat-footed upon the ground, and there it must remain. The world is big enough for us. No ghosts need apply. In each of the stories presented in this massive two-volume collection, Holmes approaches the varied problems with one of his favorite maxims firmly in place: ... when you have eliminated the impossible whatever remains, however improbable, must be the truth... But what, exactly, is the truth? 2017 is the 130th anniversary of the publication of *A Study in Scarlet*, the first recorded adventure of Sherlock Holmes and Dr. John H. Watson. What an amazing journey it's been! In addition to the pitifully few sixty tales originally presented in *The Canon*, published between 1887 and 1927, there have been literally thousands of additional Holmes adventures in the form of books, short stories, radio and television episodes, movies, manuscripts, comics, and fan fiction. And yet, for those who are true friends and admirers of the Master Detective of Baker Street, where it is always 1895 (or a few decades on either side of that!) these stories are not enough. Give us more! The forty-eight stories in these two companion volumes represent some of the finest new Holmesian storytelling to be found, and honor the man described by Watson as the best and wisest... whom I have ever known. All royalties from this collection are being donated by the writers for the benefit of the preservation of Undershaw, one of the former homes of Sir Arthur Conan Doyle.

Athletic Movement Skills Brewer, Clive, 2017-01-17 Before athletes can become strong and powerful, they need to master the movement skills required in sport. *Athletic Movement Skills* covers the underlying science and offers prescriptive advice on bridging the gap between scientist and practitioner so coaches and athletes can work together to achieve dominance.

Fashioning Change Andrea Denny-Brown, 2012 Medieval European culture was obsessed with clothing. In *Fashioning Change: The Trope of Clothing in High-and Late-Medieval England*, Andrea Denny-Brown explores the central impact of clothing in medieval ideas about impermanence and the ethical stakes of human transience. Studies of dress frequently contend with a prevailing cultural belief that bodily adornment speaks to interests that are frivolous, superficial, and cursory. Taking up the vexed topic of clothing's inherent changeability, Denny-Brown uncovers an important new genealogy of clothing as a representational device, one imbued with a surprising philosophical pedigree and a long history of analytical weightiness. Considering writers as diverse as Boethius, Alain de Lille, William Durand, Chaucer, and Lydgate, among others, Denny-Brown tracks the development of a literary and cultural trope that begins in the sixth century and finds its highest expression in the vernacular poetry of fifteenth-century England. Among the topics covered are Boethian discourses on the care of the self, the changing garments of Lady Fortune, novelty in ecclesiastical fashions, the sartorial legacy of Chaucer's *Griselda*, and the emergence of the English gallant. These literary treatments of vestimentary variation--which develop an aesthetics of change itself--enhance our understanding of clothing as a phenomenological and philosophical category in medieval Europe and illustrate the centrality of the Middle Ages to theories of aesthetics, of materiality, and of cultural change.

Inventing the Social Noortje Marres, Michael Guggenheim, Alex Wilkie, 2018-07-23 *Inventing the Social* showcases recent efforts to develop new ways of knowing society that combine social research with creative practice. With contributions from leading scholars, the book provides practical and conceptual pointers on how to connect the doing, researching and making of social life in potentially new ways.
