A SPECK OF ATLANTIS - BIMINI: THE TOP OF GOD'S MOUNTAIN Norbert H.

Kox,2013-11-10 This art book is a visual and written documentation of a modern-day visionary and his journey into the heart of Bimini. It links the Island of Bimini to the lost continent of Atlantis, and contains 149 color images painted on Bimini by internationally acclaimed visionary artist Norbert H. Kox. His writings suggest the probable connection between the last remaining speck of Atlantis and this tiny island in the Atlantic, located directly within the Bermuda Triangle. The writings postulate interdimensional portals and possible time travel (in agreement with quantum physics) explaining subtle energies that interact with and affect our physical world. The research is well documented and the paintings are stunning. The artworks in this book represent eleven years of painting and research on the Island of Bimini, and although they do not all correlate with Atlantis and the energy of the Universe, they are a documentation of Kox's art exhibitions on the Island. (Soft cover, 8 1/2 X 11; 118 pages).

Rise of Atlantis Robert Estape,2021-09-27 Zach is a brilliant teen and much more than meets the eye. He's actually a demigod and the newest member of a secret sect of technologically enhanced young men and women called Olympians. They follow in the footsteps of the extraterrestrial mythological gods of ancient Greece who terraformed and colonized planet Earth. Zach and his fellow divine descendants must continue the work of the ancients to save the planet from ecological disasters and intervene in human affairs, preserving all life at home and in the galaxy. However, Zach is a teenager, and he still struggles with teenage problems like infatuation and dealing with an overprotective mother. In the face of environmental and other calamities, these gods, transhumans, cyborgs, and artificial intelligence work behind the scenes in anonymity to save humanity. However, will there come a time when a madman or woman, a fed up god, or an unfeeling AI, or an alien decides humanity isn't worth saving? Zach and his cohorts must keep that from happening.

The Rise and Fall of Atlantis J S Gordon,2012-01-01 Could the lost civilization of Atlantis provide the answer to the origins of human existence? In his controversial new study, John Gordon examines the evidence and makes some startling discoveries. Though many have dismissed Plato's account of the vanished continent and its people as fantasy, Gordon argues that not only is the story true, but it's a brilliant and complex metaphor for cosmic creation. Gordon's research leads him to oppose modern scientific orthodoxy on a range of accepted ideas from the Big Bang theory to Darwinian evolution. He questions the concept that humans emerged relatively recently; the notion that dinosaurs became extinct due to an asteroid impact; and the belief that present-day global warming has a human cause. It's an eye-opening look at our world.

Atlantis Ignatius Donnelly, 2020-01-31 This book is an attempt to demonstrate several distinct and novel propositions. These are: 1. That there once existed in the Atlantic Ocean, opposite the mouth of the Mediterranean Sea, a large island, which was the remnant of an Atlantic continent, and known to the ancient world as Atlantis. 2. That the description of this island given by Plato is not, as has been long supposed, fable, but veritable history. 3. That Atlantis was the region where man first rose from a state of barbarism to civilization. 4. That it became, in the course of ages, a populous and mighty nation, from whose overflowings the shores of the Gulf of Mexico, the Mississippi River, the Amazon, the Pacific coast of South America, the Mediterranean, the west coast of Europe and Africa, the Baltic, the Black Sea, and the Caspian were populated by civilized nations. 5. That it was the true Antediluvian world; the Garden of Eden; the Gardens of the Hesperides; the Elysian Fields; the Gardens of Alcinous; the Mesomphalos; the Olympos; the Asgard of the traditions of the ancient nations; representing a universal memory of a great land, where early mankind dwelt for ages in peace and happiness. 6. That the gods and goddesses of the ancient Greeks, the Phoenicians, the Hindoos, and the Scandinavians were simply the kings, queens, and heroes of Atlantis; and the acts attributed to them in mythology are a confused recollection of real historical events. 7. That the mythology of Egypt and Peru represented the original religion of Atlantis, which was sun-worship. 8. That the oldest colony formed by the Atlanteans was probably in Egypt, whose civilization was a reproduction of that of the Atlantic island. 9. That the implements of the Bronze Age of Europe were derived from Atlantis. The Atlanteans were also the first manufacturers of iron. 10. That the Phoenician alphabet, parent of all the European alphabets, was derived from an Atlantis alphabet, which was also conveyed from Atlantis to the Mayas of Central America. 11. That Atlantis was the original seat of the Aryan or Indo-European family of nations, as well as of the Semitic peoples, and possibly also of the Turanian races. 12. That Atlantis perished in a terrible convulsion of nature, in which the whole island sunk into the ocean, with nearly all its inhabitants. 13. That a few persons escaped in ships and on rafts, and, carried to the nations east and west the tidings of the appalling catastrophe, which has survived to our own time in the Flood and Deluge legends of the different nations of the old and new worlds. If these propositions can be proved, they will solve many problems which now perplex mankind; they will confirm in many respects the statements in the opening chapters of Genesis; they will widen the area of human history; they will explain the remarkable resemblances which exist between the ancient civilizations found upon the opposite shores of the Atlantic Ocean, in the old and new worlds; and they will aid us to rehabilitate the fathers of our civilization, our blood, and our fundamental ideas-the men who lived, loved, and labored ages before the Aryans descended upon India, or the Phoenician had settled in Syria, or the Goth had reached the shores of the Baltic. The fact that the story of Atlantis was for thousands of years regarded as a fable proves nothing. There is an unbelief which grows out of ignorance, as well as a scepticism which is born of intelligence. The people nearest to the past are not always those who are best informed concerning the past. For a

thousand years it was believed that the legends of the buried cities of Pompeii and Herculaneum were myths: they were spoken of as the fabulous cities. Further investigations and discoveries will, I trust, confirm the correctness of the conclusions at which I have arrived.

Atlantis David Speight, 2014-05-30 The story that begins in *Atlantis: Bearer of Fruit* and *Atlantis: Fall of the Gods* concludes impressively in this book. Aedon finds himself being the one who should locate the magic scroll. The place to get the scroll itself is a big mystery as it is in uncharted territory. Aedon has to get there before the Uprooter and many others to save the land. This adventurous science fiction story is very exciting with a lot of twists and turns and there is a sense of mysticism and richness that will keep readers enthralled. The historical and biblical references, along with the whimsical creatures, make the story very entertaining. There are many references to the way things may have been 10,000 years ago and possible explanations for why they are the way they are today. The basic human traits of love, dedication, greed, and deceit are demonstrated in this description of the age-old struggle between the powers of good and evil and the difficulty every individual faces when confronted with significant choices. Can one person make a difference when it seems that all hope is lost?

Heart of Atlantis Alyssa Day, 2012 As a war wages between the immortals of Atlantis and those of the vampire realm, a Poseidon warrior fights to save his world--and the woman he loves. And no risk is too great. The desires of a high priest. Alaric, Poseidon's High Priest, has made a vow to Quinn, the woman he loves and the leader of the Resistance: to save her friend Jack before his last bit of humanity has been drained. Should Alaric succeed, there's one intimate danger: he may lose Quinn to the love of the man whose life he saved. But damn Atlantis to the nine hells, he's willing to put Quinn's wishes first, regardless of the consequences. The warning of a threat reborn. The final jewel of Poseidon's trident has turned up in the hands of mysterious Ptolemy Reborn, who claims to be descended from Atlantean royalty. He's about to reveal to the world that Atlantis is real, positioning himself as king. But this magical terrorist is bent on chaos. The only warrior who can stop him is following his own path, driven by the even more powerful force of love. Atlantean powers over the sea could prove just as cataclysmic--for Quinn's love, Alaric might drown the entire world.
