**First Kill** Michael Kronenwetter, 2014-09-02 Hank Berlin and Jack Drucker had been friends since grade school---and both in love with Elizabeth Kermanski. Early on, however, Hank saw that he was out of the running, and made the best of it. They still remained friends. The friendship was only torn when Jack enlisted in the army to serve in Vietnam, and Hank, who was against the war, traveled to Canada to escape the draft. After that, the two men never spoke again, and Elizabeth followed her husband's lead. When amnesty was granted to expatriates by President Carter, Hank returned to their small town and set up shop as a private investigator. Jack went to work on his father's local newspaper, winning praise for his initiative to find good and surprising stories. Until someone shot him dead in his car, which was parked on a lonely street well after midnight. Still somewhat under Elizabeth's spell, Hank agrees to take her on as a client. Hank's cases as a private detective have been somewhat limited; their town was not a place for spectacular crimes. But he begins looking for any possible lead, and is not surprised to find that many prominent people have secrets in their lives. Could star reporter Jack Drucker have been the target of someone's need for silence? First Kill is the first in what promises to be a riveting mystery series and a fantastic fiction debut for Michael Kronenwetter.

**Are We There Yet?** David Levithan, 2008-12-24 Take a trip to Italy in this "introspective, moving, and honest" (Publishers Weekly) novel by bestselling author David Levithan (Every Day; Will Grayson, Will Grayson with John Green) in which fledgling family bonds are threatened by new love. Sixteen-year-old Elijah is completely mellow and his 23-year-old brother Danny is completely not, so it's no wonder they can barely tolerate one another. So what better way to repair their broken relationship than to trick them into taking a trip to Italy together? Soon, though, their parents' perfect solution has become Danny and Elijah's nightmare as they're forced to spend countless hours together. But then Elijah meets Julia, and soon the brothers aren't together nearly as much. And when Julia suddenly decides that maybe it's Danny she's really interested in, Danny has a decision to make: does he honor his relationship with the brother he thinks hates him, or does he follow his heart, which sorely needs some repairing of its own? Elijah and Danny don't think they have anything in common except their parents. Danny thinks Elijah is a lazy, slacking, clueless dreamer who doesn't know how to make a living. Elijah thinks Danny is a workaholic, stuck-up, soulless drone who doesn't know how to make a life. Yes, they're brothers. Then their parents trick them into taking a trip to Italy together. Nine days of escape. Nine days of somewhere else. Elijah and Danny aren't sure it's going to work. Until they each meet a girl—the same girl. Julia. And nothing will ever be the same again. AN ALA BEST BOOK FOR YOUNG ADULTS

*Miracles and Other Realities* Lee Pulos, Gary Richman, 2021-02-23 Once in a generation, a person of extraordinary psychic powers comes along. Miracles and Other Realities tells the true story of Thomaz Green Morton, a gifted psychic from the Minas Gerais region of Brazil. Originally published in 1990 and now rereleased for a modern audience, Miracles and Other Realities recounts the fascinating story of Thomaz Green Morton and his powerful psychic abilities. This book will turn the heads of scientists, whose traditional acceptance of reality has been limited to that which can be measured objectively, and will introduce to a wider audience the power of mind over matter. Thomaz's story begins when he is struck by lightning on his twelfth birthday. This electrical insult to his body detonated a dazzling range of paranormal abilities. (Severe electric shock is, incidentally, common to the childhood experience of every major psychic.) Thomaz has since been called the most powerful psychic in the world. Driven by his mind to the farther reaches of reality to produce psychic phenomena such as metal-bending, spiritual healing, and transmutations of matter, Thomaz's feats are well-documented by the authors. The story is all the more captivating because Thomaz is graced with a childlike emotional temperament, making him intent on living life to its fullest. Coauthors Lee Pulos and Gary Richman explore through Thomaz the ways in which magic, or miracles, challenges the conventional view of reality, thereby shaking up rational belief systems that inhibit the experience of new realms of possibility. Readers will find Thomaz's story compelling, not only as a real-life example of human potential but as a metaphor for unleashing other realities and levels of consciousness to tap into the potential within themselves.

The Street Kid's Guide to Having It All John Assaraf, 2003 This is not another self-help book. It is a book about self, and how to unleash the physical and spiritual power within you to create the life of your dreams.

He now continues his prescription as he describes his journey from India to the West and from a formal practice as a board-certified endocrinologist to a wider view of the primacy of the mind and spirit.
