Calm Michael Acton Smith, 2016-03-17 This e-book is a shorter version of the paperback, with the same beautifully designed content excluding the practical exercise pages - perfect to dip in and out, and choose which bits work best for you. Join the Calm revolution. Modern life is hectic and relentless: trains delayed, endless emails filling the inbox, kids squabbling before bedtime... There has never been a more important time to rediscover your pause button. Calm is the book that will show you how to take back a little bit of peace, space and all-important calm. This book contains the simple tools, tricks and habits that will change the rest of your life. It is a practical and pleasurable guide to twenty-first century mindfulness. Regular meditation is medically proven to be good for you - it increases focus and creativity, productivity and job satisfaction, mental and even physical health. But in reality most of us don't have time to sit on a cushion with our eyes closed for half an hour every day. And many people associate meditation with hard work and huge lifestyle shifts: you might be imagining Buddhist monks locked in a mountain retreat and living off gruel... This is where Calm comes in. Calm is about simple, achievable habits that work with the demands of your busy life instead of pretending those demands don't exist. Calm does not require specialist training: it uses abilities that every single one of us is born with, like creativity, spontaneity and simply noticing the world around you. Calm is not a set of rules that you need to

worry about following or breaking. It is inspirational, practical and non-prescriptive. Onerous, time-consuming meditation might seem out of reach but everyone can achieve calm - including you. Calm combines extracts from fascinating neurological research with wisdom from history's great thinkers and the real-life experiences of individuals across the globe. It demystifies mindfulness and shows you the many simple ways to be mindful while carrying on with your life. It is also a beautifully crafted object, filled with artwork and artistry, that will change your perspective by showing you the pleasures of the world anew. Take a walk with nowhere to go, savour a chocolate on the tip of your tongue, plant a seed, doodle aimlessly, turn off your mobile phone for five short minutes. Smile, breathe and go slowly. Michael Acton Smith has written a game-changing book, one that will finally balance everyone's need for calm with the realities of modern life. Join the Calm revolution. Calm your mind; change your world. Calm.com @calm

Find Your Calm Gabi Garcia, 2020-04-21 When children feel anxious, their bodies respond physically to a perceived threat. They need to feel a sense of safety before being able to figure out what to do next. *Find Your Calm* is a wonderfully accessible book that teaches children how to tap into their sense of safety when anxiety sends a false alarm, so they can find their calm.

The Calm Book Alex Allan, 2021-06-22 The Calm Book is the ideal tool for children struggling with anxiety or anger issues, that helps them take ownership of their feelings. Written in consultation with child

psychotherapist Sarah Davis, *The Calm Book* is full of playful, interactive coping strategies that will help children to examine their anxieties in a fresh, objective way, and move towards overcoming them. *The Calm Book* is a friendly and engaging picture book to help young children understand their feelings using simple science. Quick Calm Jennifer R. Wolkin, 2021-04-01 Calm the chaos and rewire your brain in just five minutes a day! Do you ever feel like your stress levels are off the charts? You aren't alone. Every day it feels like there's something new to juggle or a fresh crisis to avert. And just keeping everything in the air requires an exhausting amount of attention and a dizzying amount of responsibilities. The more chaotic life becomes, the more we tend to forget what we truly value—from family and friends to mental and physical health. Fortunately, there are things you can do to stay grounded that won't eat away at your increasingly precious time. Quick Calm is a practical and fun guidebook designed to fit perfectly into a fast-paced lifestyle. You'll discover the what, why, and how of developing your own mindfulness practice. You'll learn all about the essential, life-affirming benefits of this ancient practice, including mindfulness meditation's positive effects on both mind and body. And, most importantly, you'll find

daily practices you can do in just five minutes a day! So, if you're ready to discover the gift of mindfulness, but you don't have the time to attend a meditation retreat, set aside five minutes a day with this handy little guide. You'll be hard pressed to find a better return on your time investment!

Paint Yourself Calm Jean Haines, 2016-05-06 Discover the happiness benefits of putting brush to paper with a guide that puts judgment aside and "encourages simple enjoyment of painting" (Library Journal). Meditative, peaceful, and calming, watercolour painting offers a sense of control and self-worth to everyone, with no judgment or goal beyond the joy of painting itself. This book shows you how to calm and enhance your outlook through the movement of brush on paper. Master artist Jean Haines leads you through the journey, putting the emphasis on the joy of play rather than on pressure to perform or produce—and showing you how to wipe away your worries with the soothing, gentle strokes of watercolour paint. "Starting from the premise that everyone can paint, Haines frees readers of the goals and expectations of end results, and encourages simple enjoyment of painting. Open-ended, detailed exercises guide readers through experimenting with paint to gain a sense of control; to relieve stress; to escape; or to be in a better mood. The emotional and psychological properties of color are discussed as are obstacles to creativity and happiness. . . . [a] unique blend of self-care and expression." —Library Journal

The Storm Before the Calm George Friedman, 2020-02-25 *One of Bloomberg's Best Books of the Year* The master geopolitical forecaster and New York Times bestselling author of *The Next 100 Years* focuses on the United States, predicting how the 2020s will bring dramatic upheaval and reshaping of American government, foreign policy, economics, and culture. In his riveting new book, noted forecaster and bestselling author George Friedman turns to the future of the United States. Examining the clear cycles through which the United States has developed, upheaved, matured, and solidified, Friedman breaks down the coming years and decades in thrilling detail. American history must be viewed in cycles—particularly, an eighty-year institutional cycle that has defined us (there are three such examples—the Revolutionary War/founding, the Civil War, and World War II), and a fifty-year socio-economic cycle that has seen the formation of the industrial classes, baby boomers, and the middle classes. These two major cycles are both converging on the late 2020s—a time in which many of these foundations will change. The United States will have to endure upheaval and possible conflict, but also, ultimately, increased strength, stability, and power in the world. Friedman's analysis is detailed and fascinating, and covers issues such as the size and scope of the federal government, the future of marriage and the social contract, shifts in corporate structures, and new cultural trends that will react to longer life expectancies. This new book is both provocative and entertaining.

Calm Fearne Cotton, 2017-12-28 From the bestselling author of *HAPPY* and the *HAPPY PLACE* PODCAST THE FOLLOW UP TO THE SUNDAY TIMES BESTSELLER, *HAPPY: FINDING JOY IN EVERY DAY AND LETTING GO OF PERFECT* 'Calm for me is less about thought and much more about feeling. It is a stillness that allows my lungs to expand like hot air balloons. It is an acceptance of the noise around me. It is a magic alchemy that might last a second or a whole day, where I feel relaxed yet aware; still yet dynamic; open yet protected . . . ' *** In today's always-on world, for many of us it seems impossible to relax, take time out or mute the encircling 'noise'. It is easy to feel trapped in this frenzied state of mind: we are surrounded by negative stories in the press, weighed down by pressures from work, family life or school and subject to constant scrutiny under the all-seeing eye of social media. As a result, mental health illnesses are on the rise in every age group, and more of us than ever before yearn for silence, peace and calm. *CALM* is Fearne's mission to find the simple things that can inch us away from stress and over to the good stuff. Including expert advice, conversations with wise friends from all walks of life, easy ideas to try, activities to complete - and the little things that have made a difference to her own, sometimes-bumpy life - this book is a friendly reminder that Calm is a place that exists in us all, we just have to find our way back to it.

Calm Sally Denning, 2021-10-12 In recent times, many of us have spent more time at home than ever before. Creating a home that instills a sense of calm

will cocoon and protect us from the outside world, create a sense of wellbeing and make us feel truly nurtured. Calm will help you create a restful, restorative interior that draws you in and makes your shoulders drop the moment you walk through the door. Sally Denning first explores the essential foundations of a tranquil, comforting home: calming and harmonious colours, textiles, pattern, lighting and decorative elements. She goes on to explore a mix of accessible real-life homes, ranging from city homes to country houses, new builds, flats/apartments, beach houses and more. The spaces may be different, but they all share one thing: a timeless, soothing and restful atmosphere that is a pleasure to come home to.
