*Corporate-Level Strategy* Michael Goold, Andrew Campbell, Marcus Alexander, 1994-09-09 Advance praise for *Corporate-Level Strategy*. At last a book that cuts through all the corporate jargon and academic generalizations to answer the question 'Does the corporate parent create or destroy value for the organization?' The authors suggest a simple yet compelling framework for making this determination. Must reading for students and practitioners alike. -Robert Cizik Chairman and Chief Executive Officer Cooper Industries In an era when the role of corporate-level management is quite justifiably being questioned and challenged, it is refreshing to find a book that clearly shows how parent companies can add rather than destroy value in their businesses. As we would expect of these world class authorities, Goold, Campbell, and Alexander have leveraged their fascinating research findings into an eminently readable and highly practical book. -Chris Bartlett Professor Harvard Business School A vital and deeply researched contribution to thinking about corporate strategy. -Gary Hamel London Business School I am very impressed by the extensive work on which this book is based, and by the concept of parenting advantage that it puts forward. -Yasutaka Obayashi Senior General Manager, Corporate Strategy Canon Great companies grow, they don't just cut. With breakups and restructuring done, corporate parenting is coming back. Goold, Campbell, and Alexander have produced a comprehensive and intelligent book which should become a standard guide on the subject. -Tom Hout Vice President The Boston Consulting Group A perceptive and valuable insight into an often underestimated area of strategy. This book clearly demonstrates the importance of parenting to the longer term development and prosperity of multibusiness companies. -Alan R. Jackson Chief Executive, BTR I am glad someone has so well and so fully shed light on this important body of thinking. -Sigurd Reinton Director, McKinsey & Company, 1981-1988

*The 5 Love Languages of Children* Gary Chapman, Ross Campbell, 2012-02-01 Does your child speak a different language? Sometimes they waver for your attention, and other times they ignore you completely. Sometimes they are filled with gratitude and affection, and other times they seem totally indifferent. Attitude. Behavior. Development. Everything depends on the love relationship between you and your child. When children feel loved, they do their best. But how can you make sure your child feels loved? Since 1992, Dr. Gary Chapman's best-selling book *The 5 Love Languages* has helped millions of couples develop stronger, more fulfilling relationships by teaching them to speak each others' love language. Each child, too, expresses and receives love through one of five different communication styles. And your love language may be totally different from that of your child. While you are doing all you can to show your child love, he may be hearing it as something completely opposite. Discover your child's primary language and learn what you can do to effectively convey unconditional feelings of respect, affection, and commitment that will resonate in your child's emotions and behavior.

*The Loving Parent* Blaize Clement Stewart, 1988 For first-time or old-time parents, this volume offers warm and knowledgeable advice on the joys and jolts of parenthood, including obedience, manners, meals, stealing, and cheating. *Woman Evolve* Sarah Jakes Roberts, 2021-04-06 A New York Times bestseller! With life lessons she's learned and new insights from the story of Eve, Sarah Jakes Roberts shows you how past disappointments, struggles, and even mistakes can be used today to help you become the woman God intended. Who would imagine being friends with Eve—the woman who's been held responsible for the fall of humanity (and cramps) for thousands of years? Certainly not Sarah Jakes Roberts. That is, not until Sarah discovered she is more like Eve than she cares to admit. Everyone faces trials, and everyone will mess up. But failure should not be the focus. Your focus should not be on who you were but rather the pursuit of who you can become. In *Woman Evolve*, Sarah helps you understand that your purpose in life does not change; it evolves. Making her mistake in the Garden of Eden, Eve became the first woman to deal with rebuilding her life in the aftermath of her past. Eve knew better, but she didn't do better. With scriptural lessons, Eve as the framework, and Sarah as your guide you will discover and work through: Past issues and insecurities that haunt you Seeing yourself as God sees you and trusting Him with who you really are How to come out of darkness and pursue a real relationship with God Why it's important to truly care for yourself Setting in motion the beautiful seed that God planted in you Your fears and insecurities may have changed how you viewed God, others, and yourself, but in *Woman Evolve*, you can break through and use past mistakes to revolutionize your life. Like Eve, you don't have to live your future defined by your past.

*Life Ki-Do Parenting* Jonathan Hewitt, Lana Hewitt, 2012-07 Under the tremendous pressure and influence of peers and media today, children are being conditioned to follow the American Happiness Formula: look good + perform well + get approval = happiness. Yet rather than offering fulfillment and confidence, this outwardly based quest is causing alarming rates of childhood stress, anxiety, and depression. *Life Ki-do Parenting* provides the

antidote, giving you the techniques to help your child find true and lasting happiness from within. Integrating twenty years of experience teaching life skills and martial arts to thousands of children, twenty-five years of mindfulness and meditation study, and data and research from modern psychology and neuroscience, Jonathan Hewitt developed the Tools for Life system, made up of four powerful components: River Check-in for improving focus River Effort for building confidence and a strong sense of self A-B Formula for developing resilience when facing life's challenges My Shoes, Your Shoes, Our Shoes for cultivating social intelligence These four original tools empower children with the critical skills they need to thrive today and into adulthood. Going beyond concept and theory, they give you kid-friendly vocabulary and a simple process for helping your children look inward to monitor themselves rather than looking outward to others for their validation and self-worth. What greater peace can you have as a parent than knowing you have given your child the roots and wings to successfully navigate their way through life?
