35 Video Podcasting Careers & Businesses to Start Anne Hart,2005-12-05 Launch your career or business in video podcasting. Are you looking for a job in video podcasting? Anyone with a digital video camcorder, microphone, computer and some technical savvy can launch an Internet video podcast show to inform, direct or enlighten. You can offer foresight, insight, or hindsight. Open a business or find a job creating and delivering digital video recordings-usually free-as podcasts. If you want to make money with video podcasting, offer to sell a sponsor's publicity and advertising on your video, or an author's creative works, interviews, or sermons. You can even show people how to fill out tax forms using a video podcast for instruction on most any subject people can learn independently.

People who subscribe to video podcasts usually want to view for free. You can charge for a course to train or teach a class by video lecture and/or demonstration, but what if you want an actual paid job in video podcasting? And can you make more money in video than in the older, audio MP3 file 'radio' podcasting? Careers in video podcasting are beginning to bloom as seen by a variety of podcasting associations, news publications, and career information. Even job listings unrelated to podcasting are 'broadcast' by RSS feeds. Create your own job in podcasting by showing others how to find new trends and applications in their careers. Make informational, how-to, and motivational video podcasts. What if you want to use video podcasting to actually get hired? Are there jobs right now in video podcasting? Or is the field still primarily for trade publication publishers, syndicators, and video entrepreneurs on the Web?

Social Smarts Strategies That Earn Free Book Publicity Anne Hart, 2006-03-27 Empathy and social smarts help you earn free book publicity by connecting you with key people, media, schools, and the publications of nonprofit agencies. As a writer, you can promote your own book and earn free book publicity by connecting key people, media, and nonprofits' newsletters with schools. Social intelligence used in book promotion is like a three-ring circus. Use empathy, that is people smarts, as a catalyst to bring together schools, nonprofit agencies, and authors. Observe, simplify, and offer commitment as charisma. Query editors of nonprofit publications. These nonprofit agencies often publish high-circulation newsletters and sometimes also publish sizable, glossy magazines. Some produce videos or documentaries. To connect with the nonprofit agencies' editors, use your social intelligence skills to make connections in the nonprofit agencies' public relations and communications departments. Join public relations societies, national associations, and help out the nonprofit agencies or organizations of your choice focusing on what gets published in their magazines or newsletters. If you want to earn free publicity for your book, supply these editors with facts, findings, and trends. Bring the nonprofits in contact with schools. When you talk to school assemblies or classrooms, relate your book topic to any specific work or project done by a nonprofit association for whom you could write an article for that association's newsletter or glossy magazine. Use social intelligence to connect to people. What you need to earn free publicity is self-awareness and an understanding of how the main topic of your book influences your own behavior and how others perceive your behavior.
