Then We Came to the End Joshua Ferris,2007-03-01 The National Book Award finalist and debut novel by the bestselling author of The Dinner Party: A readymade classic of the office-novel genre. . . . A truly affecting novel about work, trust, love, and loneliness. --Seattle Times No one knows us quite the same way as the men and women who sit beside us in department meetings and crowd the office refrigerator with their labeled yogurts. Every office is a family of sorts, and the ad agency Joshua Ferris brilliantly depicts in his debut novel is family at its strangest and best, coping with a business downturn in the time-honored way: through gossip, pranks, and increasingly frequent coffee breaks. With a demon's eye for the details that make life worth noticing, Joshua Ferris tells a true and funny story about survival in life's strangest environment--the one we pretend is normal five days a week.

10 PRINT CHR\$(205.5+RND(1)); : GOTO 10 Nick Montfort,Patsy Baudoin,John Bell,Ian Bogost,Jeremy Douglass,2012-11-23 A single line of code offers a way to understand the cultural context of computing. This book takes a single line of code—the extremely concise BASIC program for the Commodore 64 inscribed in the title—and uses it as a lens through which to consider the phenomenon of creative computing and the way computer programs exist in culture. The authors of this collaboratively written book treat code not as merely functional but as a text—in the case of 10 PRINT, a text that appeared in many different printed sources—that yields a story about its making, its purpose, its assumptions, and more. They consider randomness and regularity in computing and art, the maze in culture, the popular BASIC programming language, and the highly influential Commodore 64 computer.

Designing Web Graphics.4 Lynda Weinman,2003 The most influential web design book ever written, completely updated to cover motion graphics, broadband interactive design, and more. Since it was first published in 1995, designing web graphics has been the seminal resource for web designers to learn the basics and then the nuances of solid design for the web. Lynda Weinman has been updating the book to reflect changes in the technologies affecting web design, but dwg.4 has been largely rewritten from the ground up. Included is coverage of motion graphics made possible by the Flash phenomenon, broadband-enabled graphics issues, usability, and more. Lynda is rewriting the book so that all coverage of specific tools is focused on the essential functionality of these programs (Photoshop, Dreamweaver, Flash, etc.) and not on version-specific attributes of the software, making the book relevant longer for more users.

Archaeology Anthropology and Interstellar Communication Douglas A. Douglas A. Vakoch,2015-03-24 Addressing a field that has been dominated by astronomers, physicists, engineers, and computer scientists, the contributors to this collection raise questions that may have been overlooked by physical scientists about the ease of establishing meaningful communication with an extraterrestrial intelligence. These scholars are grappling with some of the enormous challenges that will face humanity if an information-rich signal emanating from another world is detected. By drawing on issues at the core of contemporary archaeology and anthropology, we can be much better prepared for contact with an extraterrestrial civilization, should that day ever come.

Fraudulent Intentions\$ Scott Hilsen,2011-04-27 Based on the true story of a corporate deal gone bad and the internal investigation that exposed a shocking online fraud. For SouthPoint Bank, its purchase of Internet Connections, or ICon, was a risky way to boost its stock price, and the deal was rushed so that the Chairman of SouthPoint could stay in power. For ICon, being acquired by SouthPoint was its last chance to cash in on the Internet boom, but the President of ICon was looking for more than money he needed a way to escape a secret that ICon had been concealing through a conspiracy of fraud. After an insiders tip, SouthPoint launched a surprise internal investigation of ICon. When the investigators found a connection between ICon and the Russian Mafia, the investigation suddenly turned into a dangerous race against the clock to expose the fraud and to save SouthPoint from financial ruin. From Andorra in the Pyrenees Mountains to Antigua in the Caribbean Sea, Fraudulent Intention\$ twists and turns around the shadowy world of online adult entertainment.

Beta Test Eric Griffith,2011-12 PUBLISHERS WEEKLY: An unusually lighthearted apocalyptic tale. Sam Terra is having a bad week. He lost Molly, the woman he secretly loves, when she vanished before his eyes at the exact same time that ten percent of the inhabitants of Earth disappeared. Naturally upset, Sam follows clues about the global vanishing with questionable help from his friends including a misanthropic co-worker and a childhood pal. When Molly reappears in the body of a man during a night of monster-laden devastation, Sam finally learns the truth. Not just about her, but about the planet Earth and the entire cosmos surrounding it. What we consider mundane reality, others consider a game . . . and not a very good one. The whole thing is about to be shut down.

Mastering the Core Teachings of the Buddha Daniel Ingram,2020-01-20 The very idea that the teachings can be mastered will arouse controversy within Buddhist circles. Even so, Ingram insists that

enlightenment is an attainable goal, once our fanciful notions of it are stripped away, and we have learned to use meditation as a method for examining reality rather than an opportunity to wallow in self-absorbed mind-noise. Ingram sets out concisely the difference between concentration-based and insight (vipassana) meditation; he provides example practices; and most importantly he presents detailed maps of the states of mind we are likely to encounter, and the stages we must negotiate as we move through clearly-defined cycles of insight. Its easy to feel overawed, at first, by Ingram's assurance and ease in the higher levels of consciousness, but consistently he writes as a down-to-earth and compassionate guide, and to the practitioner willing to commit themselves this is a glittering gift of a book.In this new edition of the bestselling book, the author rearranges, revises and expands upon the original material, as well as adding new sections that bring further clarity to his ideas.
