**Aston Martin** Richard Loveys, 2015-04-10 Aston Martin is now more than a century old - and what a century it has been. Since its birth in London on the eve of the First World War, the company has experienced the highs of racing triumph - most famously in

the 1959 Le Mans 24-hour race – and the lows of bankruptcy, yet throughout it all has been in the first rank of British marques. Published in association with the Aston Martin Heritage Trust and written by enthusiast Richard Loveys, *Aston Martin* is a fully illustrated history of the company that has created some of the world's best loved and most widely respected cars, including James Bond's iconic DB5. It covers the cars themselves, the personalities and talents who have shaped Aston Martin from owners to engineers, the drivers who have shared with the company in racing glory, and the centenary celebrations of 2013.

Aston Martin Ben Collins, 2020-10-13 From bestselling author, racer and stunt driver Ben Collins - the man who was The Stig - comes a story of spies, speed and hard-driving genius: a driver's love letter to one of the world's best-loved machines. Aston Martin's first, wickedly fast models were forged at a time when Ferrari's premises at Maranello was nothing but a ploughed field. This book celebrates a century of innovators who kept the fire burning brightly for over a century, from the visionary pioneers Martin and Bamford to modern-day design guru Adrian Newey; from a glamorous web of pre- and post-war spies and racing drivers, to David Brown and the achingly beautiful DB models beloved of Bonds past and present. Ben Collins explores the car with the double-o prefix from a unique perspective behind the wheel, carving through country lanes in his father's V8 Vantage, driving Aston Martins in four James Bond movies and competing against them in the legendary Le Mans 24-hour race. Ultimately, this is a very British success story: of a triumph of engineering that has burned brightly from the Roaring 20s to the 2020s, and an iconic car that never says die.

**Bond Cars and Vehicles** Alastair Dougall, 2010-08-16 Features James Bond cars such as the world-famous Aston Martin DB5, many of the other boats and aircraft he has piloted, as well as some of his most hair-raising chases and escapades. --from publisher description.

### **James Bond's Aston Martin DB5** Simon Hugo, Will

Lawrence, 2021-09-28 Daniel Craig contributed the foreword to this deluxe book that – in words and stunning photos – tells the history of 007's Aston Martin DB5. James Bond first took the wheel of the DB5 in Goldfinger (1963), redefining the action movie forever, and setting a standard for everything that followed. Over the ensuing decades, the Bond-Aston Martin association has only grown stronger. They're the perfect match: understated, stylish, powerful, and not to be underestimated. This book spans that... bond, starting in 1963, when the DB5 was brand-new, to the upcoming 25th Bond film, No Time to Die, with the DB5 again taking center stage. EON and Aston Martin provided author Simon Hugo unprecedented access to their official archives, enabling Hugo to present the DB5's inside story and complement it with original production artwork, film storyboards, and exclusive photography. This deluxe coffee-table book measures 11"x12 ½" and is packed with full-page, high-quality photographs, including multiple shots illustrating the DB5's appearance in No Time to Die, making it the ideal gift for James Bond fans.

**Bond Cars** Jason Barlow, 2020-10-29 Live and let drive. This bespoke, collector's edition is presented in a slip case, and features an envelope of exclusive posters and documents from the EON Bond archives. Bond Cars: The Definitive History is a lavish celebration of the cars that also became the stars alongside the world's most famous fictional spy. Featuring exclusive and priceless assets such as the original call sheets, technical drawings and story-boards, accompanied by previously unpublished photography and exclusive interviews, we put you behind the wheel of every car driven by 007 on film. With insights from the producers and keepers of the Bond flame, Michael G. Wilson and Barbara Broccoli as well as Daniel Craig and special effects and action vehicles supervisor and veteran of 15 Bond films, Chris Corbould, this is the story of cinema's greatest icon, told through the prism of the legendary cars he has driven.
