Inside the Minds of Car Dealers Ray Lopez,2009 Before buying another car, let Ray Lopez, a former swift talking, blood-sucking salesperson and author of *Inside the Minds of Car Dealers* give you a look under the hood of dealerships to show you every trick that will be used against you! Learn every single psychological ploy and manipulative scheme typical auto dealers employ to squeeze every last dime out of your pocket--all while you're being sold a car you may not even want! Discover in detail the 12 crucial dos and don'ts to car buying from a seasoned insider. This comprehensive, tell-all car buying guide holds nothing back! reviews Hanford Sentinel Commentary: You and the Law: Shopping for a new car? Now a retired car salesman, Lopez has written *Inside the Minds of Car Dealers*, a book which You and the Law absolutely recommends that anyone in the market for a new car reads before stepping onto a dealer's lot. We were impressed by his honesty, desire to educate and protect the public, along with a terrific sense of humor, making this not only a practical, money-saving book, but also an entertaining read. "Just how practical is the book? Beyond interesting, will it save me money?" you might be thinking. One of his tips was responsible for a You and the Law staff member saving close to \$4,000 on a new car, while another answered the question, "Do I trade-in or sell privately?"... June 14, 2014 6:30 am By Dennis Beaver Hanford Sentinel Commentary: You and the Law: Shopping for a new car? May 2014: Ray Lopez was recently interviewed by ABC's 20/20 -you can watch it the May 9 segment here. Congrats to Five Star Publications author Ray Lopez - who gave guidance to car shoppers on ABC World News with Diane Sawyer in the broadcast that aired on 11/16/2011. Video: Used Car Tactics: Former Salesman Speaks Out How do you get a car that's safe, yet something for a great deal? USA Today quotes Ray Lopez, Five Star Publications" author of *Inside the Minds of Car Dealers* as saying buyers of the priciest luxury cars want to have all that's available. But for more mainstream cars, expensive safety features are a very hard sell. Read the article & Ray's book to shop smarter for your next car. USA Today Next time I step onto a dealer's lot, I'm going armed with insider information. *Inside the Minds of Car Dealers* is a new book written by Ray Lopez, a former car salesman with thirty years of experience in numerous dealerships. *Inside the Minds of Car Dealers* is, as the title suggests, a 118-page insight into the mind of a car salesman, and contains engagingly-written explanations of what goes on behind the curtain at a car dealer, so to speak. *Inside the Minds of Car Dealers* offers tips on how to find a good dealer before you even leave the house, explains the head games salesmen play and how they can spot a so-called auto expert a mile away-and take him or her for even more money than they will the average consumer. Reading *Inside the Minds of Car Dealers*, I saw exactly what was going on when I bought my Miata...and my Saab...and my Escort. This book explained what the dealer was doing in each case-and how I was getting taken for every last cent each time! Lopez' writing style is a bit heavy-handed at times, but the information contained in this volume is vital, valuable stuff that'll make your next car buying experience a great deal less stressful. It's \$15.95 well spent. Christopher Jackson Elepent Automotive Reviews What makes someone sell you a clunker? *Inside the minds of Car Dealers: How to Buy Your Next Car without Fear* is a guide for readers who seek a psychological edge in dealing with the shifty con artists who go by the more politically correct title of car dealers. Written by a man who has played the devil, he offers much in the way of trying to decipher the thoughts on both sides of the deal and does well in arming his readers in how to get the best deal they can and avoid the toxic ones. *Inside the Minds of Car Dealers* is a must for anyone considering purchasing a new vehicle in the near future. Midwest Book Review Library Bookwatch December 2009 5 out of 5 stars A PROFESSIONAL, INFORMATIVE AND USEFUL GUIDE! In 2003, I walked into a Chevrolet showroom to

purchase a new car for my daughter. As I look back now, I remember being there from opening to closing. After signing the contract and going through with the deal, I realized that I wasn't prepared, and I could have saved a lot of money. Since that sale, I've read many books and did some research on how to buy a new car, or used car, and what we should know about trading in your car. In comparison to THE CAR BUYER'S BIBLE, HOW TO BUY A CAR, and BUYING A CAR FOR DUMMIES, I found INSIDE THE MINDS OF CAR DEALERS to be the most informative guide on this subject. If you want expert advice on buying a car, then it would be logical to obtain information from someone who spent thirty years as a car salesman, who served an estimated 2,800 customers per year. Ray Lopez worked for many top-notch leading dealerships such as Chrysler, Cadillac, and Nissan. Through the experience of his thirty year career, knowledge, and expertise, the author can educate the public on how to be a wise car buyer. I highly recommend this book to anyone who is contemplating on buying a car, or trading in your used car. The author provides excellent information that is extremely helpful in purchasing a car, or trading one in. This book is easy to read and understand, many tips are provided on how to obtain the best deal, and many crucial factors are included as to what to do, and what not to do. Did you ever go to a showroom, and buy a car that you didn't want? Were you ever told by a salesman that you can afford to buy their car? Were you ever disrespected, or mistreated by a car salesman? Were you ever lured into a factory discount? Ever gone for a test drive, but told you can't drive it off the lot due to insurance liability? Ray Lopez can answer these questions and many more, while showing you every trick of the trade that can be used against you, through manipulative schemes. The author reveals the biggest secrets in the car buying industry in this unique, professionally written, informative guide. INSIDE THE MINDS OF CAR DEALERS is something you may want to read again-and-again, before walking into that showroom as a potential buyer. You will indeed be prepared, and informed on how to become a composed car buyer. Ray Lopez encourages you to do research, includes resources of what to be aware of, and how to detect signs of being taken advantage of. By Geraldine Ahearn Author Geri Ahearn October 5, 2009 (Phoenix, AZ) 5.0 out of 5 stars Very Impressive Amazon Verified Purchase. I bought the book because I wanted to find out the right way to buy a car. I'm going to be ready for a new one in a few months. So I might as well start now on learning all I can about car salesmen. I can't trust them. My goal was to buy one, read it, then buy another, and so on, as long as they had high recommendations and were reasonably priced. I figured I'd spend about \$75 on 5 books. By then I could probably learn everything about how they always end up screwing you. And if it cost me \$75 but saved me \$1000 or more, it would be a worthwhile investment. I saw this book and I liked the title so I thought, why not? I'll take a chance. I'm really glad I did. Inside The Minds Of Car Dealers has everything you'll ever need to know on how to get a really good deal. There was stuff in it that I never even dreamed of that goes at the dealership. And it's not just with the salesman. It's with the sales manager, the way the showroom is laid out and even the dealership's ads for salesmen! Who would've ever thought to start researching there first? But it does make sense. This book explains why you never want to go on the lot with an attitude like you know how to deal. I just found out why my friend ended up paying more for his Focus than I did a couple years ago. We bought ours a few days apart. He told them he knew the exact price they paid for the car and he wouldn't pay anything over that. He ended up paying \$1378 more than me. And the reason is in this book. Too bad for him the book wasn't available back then. There's so much great information in it and it's so easy to read too. None of the sales lingo. Just plain English. And it uncovers even more than you'd ever expect. I'm going to read it a few more times before I get my new car. And I recommend to everyone to buy Inside The Minds Of Car Dealers. It will save you money and a lot of time. And like the title says, you can Buy Your Next Car Without Fear. By Radio Guy November 14, 2009 (Los Angeles)

Chevrolet Michael W. R. Davis, 2012-08-06 The Chevrolet car and truck business traces its roots back to Michigan's lumber industry in the middle of the 19th century. Lumber mills gave way to carriage and wagon manufacturing and the claim, before motorcars burst on the scene, that Flint was the "vehicle capital of the world." This is the story of how those wagon makers quickly converted to producing automobiles, overtaking automotive pioneer and archrival Ford in sales, and building the Chevrolet brand into the global powerhouse entity it is today. This volume traces the first half (1911–1960) of Chevrolet's 100-year history in photographic detail and provides an unparalleled spotter guide for long-forgotten (or never-known) Chevrolet cars and trucks.

VW Phaeton - Did Zeus' anger hit sales of Volkswagen's luxury car Sven Röhm, 2004-05-03 Essay from the year 2003 in the subject Business economics - Marketing, Corporate Communication, CRM, Market Research, Social Media, grade: 74% (A) entspricht 1,0, University of Teesside (Tesside Business School), course: Managing Markets, language: English, abstract: After the introduction of the first Volkswagen luxury car in May 2002, sales are still far behind the Volkswagen's expectation (Handelsblatt, 2003). It seems that the VW Phaeton faces the same destiny as its antique namesake Phaeton. In the Greek mythology, Phaeton was the son of Helios, the sun god. Helios has driven the family chariot across the sky, wearing the rays of the sun as a crown, lighting the day. One day Phaeton convinced his father to lend him the beautiful chariot. But Phaeton, in contrast to his father, was not able to drive the chariot appropriately, and drove the chariot so close to the earth that he boiled the oceans and scorched the land. So Zeus had to stop him by killing him with a lightning bolt (Vaughn, 2003). Volkswagen certainly had not considered this explanation when naming the Phaeton, but referred more likely to the second meaning of Phaeton; an elegant carriage of the 17th century which the owners drove on their own. Nevertheless, there are signs that the Volkswagen engagement in the high-class (luxury) car market is tougher than expected. It seems people are less persuadable to buy a high-quality car of the experienced and renowned German car manufacturer. This shows the divergence of the formerly targeted 12.000 to 15.000 units (Weernink, 2001) annually in global sales 2003 which is opposed by the actual numbers of only 2.600 units in Germany – the main market of the Phaeton – from January to October (Kraftfahrtbundesamt KBA) and estimated sales of 3500 units worldwide (Handelsblatt, 2003). The targeted sales of 20.000 units in 2004 (Weernink, 2003) seem to be completely unrealistic. But the Volkswagen top-management remained silent. Although Volkswagen always claims that the Phaeton's technology, specifications and passenger protection is absolutely comparable with the competing Mercedes S-Class, BMW 7 and Audi A8, customers seem to spot a big disadvantage of the VW Phaeton – the lack of perception and the missing customer benefit of expressing the driver's status.

Reliable Used Luxury Cars Under \$10,000 Doris Chan, 2022-10-12 Buy a world-class luxury car for under \$10,000. For about five thousand dollars, you can drive a top-of-the-line flagship luxury car that is classier, faster, and more comfortable than most brand new cars. The only downside may be that your friends think you have too much money to spend, because no one will be able to guess you only paid five thousand for a car that cost seventy thousand new. Don't settle. Used luxury cars aren't scary, if you know which ones to buy and which ones to avoid, and how to choose them, buy them, and maintain them. The only thing better than cruising around in the comfort of a seventy thousand dollar car is knowing that you paid under ten thousand dollars for it. This book is an in-depth guide to: Why used luxury cars are underpriced (the Uncle Howard effect) Why you shouldn't buy a used luxury car from the corner car lot Why you shouldn't spank yourself for wanting a luxury car Which used luxury cars are the best deals and which ones you must avoid just as assiduously as you'd avoid making eye contact with a clown What years, configurations,

and options to choose on each car What specific pitfalls to avoid with each recommended car How to get parts and labor for a reasonable price, without compromising your sexual morals How to love life because you're driving an amazing luxury car and you paid only \$5,000 for it Doris bought her first used luxury car when she was still in high school, and has been obsessing over buying and selling used luxury cars since then. She loves cars, she loves bargains, and she loves helping people save money on car ownership. This book combines all three of her interests.

Lost Muscle Car Dealerships Duncan Brown, 2019-09-15 An entire volume dedicated to detailing and preserving the iconic muscle car dealerships of the 1960s and early 1970s, many whose doors are now closed. Text is supported with more than 350 historic photos and illustrations. Muscle car historian Duncan Brown revisits this glorious automotive era when Nickey 427 Camaros and supercharged Dodge Demons by Grand Spaulding Dodge terrorized the streets. Drag sponsored cars from Reynolds Buick, Yeakel Chrysler-Plymouth, and Mel Burns Ford informed buyers that if you came to their dealership, you too could have a screaming fast muscle car just like the ones you saw at the dragstrip. It was these dealerships that created the lasting muscle car legacy through their innovative advertising and over-the-top performance. The majority of these dealerships floundered, unable to re-attract the customers they had prior to the muscle car. Thankfully, a volume has been dedicated to preserving the history of those less fortunate and revisiting the past success of these Lost Muscle Car Dealerships.
