Carnival Games: \$10,000,000,000 Hoodwink Racket Richard

Margittay, 2011-05-31 Chances are you have been ripped off at a friendly traveling carnival, set up at your local fair or festival, because you had been left unprotected by police. The intention of this book is not just to tell readers about the games which keep ripping them off, but most importantly to explain the clandestine behind the scenes workings of a not so friendly, well organized, criminal element. From the innocent looking and usually rigged, two to five dollars per play Duck Pond, to the \$10,000 contribution by the itinerant carnival owner to the state or national political action committee or candidate, the author, a retired police officer, specializing in carnival midway game enforcement, has been able to associate a portion of illegally obtained cash proceeds from anonymous transient weekend midway scammers to carnival owners, to public servants, and also to distinguished politicians. This 100-year-old entrenched system of confidence crime and public corruption still operates relatively unrestricted at weekend fairs and festivals in America. Police simply do not arrest carnival thugs or their politician pals. No one cares about duped children or teenagers since many civic leaders ultimately get a cut of the midway loot in some way, shape, or form. Because this traditional chicanery is actually endorsed by wink & nod carnival security (dubbed carny-cops) and public officials, trusting carnival patrons have a high likelihood of being either

swindled, pick-pocketed, or short-changed on American midways by anonymous serial criminals. Unfortunately for unprotected American children, all but a few police agents nation-wide are either untrained, don't care, or are on the take, and refuse to address fraud (theft by deception) and gambling violations on their anything-goes, hit & run, carnival turf. While crooked carnival owners operate these drifting mobile crime syndicates under the radar of federal law enforcement, few citizens know the full extent of the systemic immunity and corruption involved. Thus, victims of this multibillion-dollar racket continue to remain unprotected on 21st century carnival lots. The author's exclusive investigation describes, for the first time, evidence of facilitation of free-wheeling criminal acts combined with the curious contributions/payoffs which enable this annual crime spree. The author also uncovers crafty payments from culpable carnival owners and lists renowned U.S. politicians associated with the perpetuation of this ten to forty-billion-dollar per year, largely unregulated, rolling racketeer industry. Frank Pais Jose Alvarez, 2009 Even though Fidel Castro founded the 26 of

July movement, this book shows that the organizing throughout Cuba fell on the shoulders of an underground leader named Frank Pais, who was also responsible for the survival of the incipient guerrilla force led by Castro in the Sierra Maestra. Pais became not only the National Chief of Action-as portrayed in the official publications-but the top leader of the M-26-7's National Directorate. The antagonism between Castro and Pais may have been the reason for his mysterious death when he was only 22 years of age. This is the true story of his life and legacy. At this crucial time, when historians are trying to arrive at the revolution's final balance, a book like this is essential to read before reaching an impartial verdict.

A Life in Dark Places Paul J. Giannone, 2019-03-19 At its heart, *A Life in Dark Places* is an adventure story, its heroes the men and women who have risked their lives to minister to the vulnerable. Paul Giannone writes masterfully about what he has seen and experienced with a keen eye for detail and a leavening of humor. The author has found himself a participant in some of the most dramatic and horrific events of the past half century—America's defeat in Vietnam and the subsequent “boat people” crisis; the fall of the Shah of Iran; the unspeakable acts committed by violent groups in sub-Saharan Africa, the tension along the Pakistan-Afghan border following 9-11, the flood of refugees unleashed by the war in Syria. *A Life in Dark Places* is more than a memoir of one man's journey and evolution. It is a wakeup call to America and its citizens.
